[Sixth publication.]

NOTIFICATIONS.

No. 81.—The 28th January 1924.—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soora^h at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhangha khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—~~Saltees.~~ **Saltees.**—The product of one quarter of the inside length of the vessel measured along the centre-line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed : Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. Orders and Notifications by the Government of India.

The following notifications issued by the Government of India in the Home Department, published in the *Gazette of India*, dated the 1st March 1924, are republished for general information.

Secretary to the Government of Bengal (offg.).

NOTIFICATIONS.

ESTABLISHMENTS.

Delhi, the 1st March 1924.

No. F.-868—22.—The following reprint of the rules relating to premature retirement on proportionate pension, which were made on the 15th January 1924 by the Secretary of State in Council, in virtue of the powers conferred on him by section 96-B (2) and (3) of the Government of India Act, in which certain verbal inaccuracies contained in the version of the rules published in the *Gazette of India*, dated the 19th January 1924, have been corrected, is published for general information.

2. The rules are in the main a reproduction in the form of Statutory rules of existing orders. Apart from amplifications and clarifications, the only changes of substance made in those orders are the following :—

- (i) It has been made clear that the rules apply to members of the services specified however and wherever they were appointed, but that previous service in a provincial or subordinate service cannot be counted for proportionate pension by officers promoted from such a service to an all-India service. (Second Schedule, paragraph 1).
- (ii) Passage-gratuity is made admissible to officers who retired as the result of an application submitted while they were on leave out of India, if their leave commenced before the date of the issue of these rules. After that date passage-gratuity will—as was originally intended—be admissible only to an officer whose application is submitted while he is on duty in India. (Rule 3 (2).)
- (iii) Provision has been made for the refund by instalments of passage-gratuity paid to officers who are subsequently permitted to return to duty. (Rule 11 (8).)
- (iv) Conditions have been prescribed under which acceptance of further employment under the Crown may involve suspension or reduction of proportionate pension. (Rule 9.)
- (v) The arrangements admissible in respect of family pensions of officers of the Indian Army in civil employ have been prescribed. (Rule 13.)

PREMATURE RETIREMENT ON PROPORTIONATE PENSION.**Rules under Section 95-B (2) and (3), Government of India Act.**

1.—(1) These rules may be called the **Premature Retirement Rules**.

(2) They shall be deemed to have come into force in respect of officers serving elsewhere than in Burma on the 8th November 1921, and in respect of officers serving in Burma on the 2nd January 1923.

2. Any officer whose active service as a member of one of the services specified in the First Schedule commenced before the 1st January 1920, and who is not permanently employed directly under the Governor-General in Council, may be permitted by the Secretary of State in Council to retire under these rules:

Provided that no officer of the Indian Army in civil employ who has not been placed on the supernumerary list, and no officer of the Indian Medical Service who has completed less than 17 years' total service, shall be eligible to retire under these rules unless the competent military authorities are unable or unwilling to absorb him in military employment.

3.—(1) Every application for such permission shall be addressed in the first instance to the Local Government under which the officer is employed, and shall be accompanied by the following declaration, which shall be signed by the applicant:—

"In view of the changes in the conditions of my service occasioned by the Government of India Act, 1919, I desire to retire on the terms set forth in the rules relating to premature retirement."

(2) An application under this rule may be submitted by an officer while he is on leave out of India, and in that case, unless the Local Government considers his return to duty necessary before his application can be considered, the rules shall apply to him in the same manner as if his application had been submitted while on duty:

Provided that an officer who has made an application under this rule while he is on leave out of India and whose application is sanctioned by the Secretary of State in Council before his leave expires shall not, unless his leave commenced before the 19th January 1924, be eligible for the gratuity described in Rule 11, except to the extent admissible under sub-rule (6) of that rule.

4. On receipt of an application the Local Government shall forward it with their recommendations to the Governor General in Council, who shall transmit it with his recommendations to the Secretary of State in Council for orders.

5. An officer who has been permitted by the Secretary of State in Council to retire under these rules, or whose application has been forwarded by the Local Government to the Governor General in Council with a recommendation that his retirement be sanctioned, shall, unless the Local Government sees reason to the contrary, be permitted to avail himself, in anticipation of his retirement, of the full amount of leave which is due to him and which may be granted to him at one time (otherwise than on medical certificate) under the regulation for the time being in force and applicable to him:

Provided that if the Local Government considers that leave in anticipation of retirement should not be granted, or that less than the full amount of leave available under regulations for the time being in force should be granted, the proposal to withhold or reduce the leave applied for shall be submitted with the reasons therefor for the orders of the Secretary of State in Council.

6.—(1) The Local Government shall have discretion to fix the date on which leave granted under Rule 5 shall commence:

Provided that an officer who has been granted by the Secretary of State in Council permission to retire under these rules shall not be detained in India beyond the date on which he desires to leave, unless his detention cannot be avoided without prejudice to the public interest.

(2) If the Local Government considers that suitable arrangements cannot be made for the relief of any officer at the date on which he desires to proceed on leave preparatory to retirement under these rules, it may, when forwarding his application to the Governor General in Council, recommend that the Secretary of State in Council should postpone the grant of permission, and in that case shall specify the period during which such postponement should extend.

7. An officer who has submitted an application for permission to retire under these rules, and has been granted leave under Rule 5, shall not be at liberty to cancel his application and to return to duty without the consent of the Local Government under which he was employed.

8.—(1) An officer who has submitted an application for permission to retire under these rules may be permitted to take up other employment during the currency of his leave preparatory to retirement.

(2) Such permission may be granted by the Governor General in Council if the proposed employment lies in India, and by the Secretary of State in Council if the proposed employment lies elsewhere than in India:

Provided that an officer who has been granted permission to take up employment under this rule shall be precluded, save with the specific consent of the Secretary of State in Council, from withdrawing his request for permission to retire and from returning to duty in India.

(3) The Secretary of State in Council and the Governor-General in Council, as the case may be, hereby reserve to themselves the right to withhold permission to take up employment under this rule in cases where the employment appears to them to be such as could not with propriety be held by a person who is still in the service of the Crown in India; or alternatively, to grant the desired permission in any such case subject to such conditions or restrictions as they may think necessary.

9.—(1) The right of any officer to receive or retain a pension under the provisions of these rules is subject to the right of the Secretary of State in Council—

- (a) to reduce or withhold any pension, if the past service of the applicant is not approved, or if the pensioner after retirement is convicted of serious crime or is guilty of grave misconduct; and
- (b) in cases where an officer obtains, prior to, or within two years from, the date of his retirement under these rules, other employment under the Crown, to suspend payment, wholly or in part, while the officer continues to be employed under the Crown, or the proportionate pension admissible under these rules.

(2) In cases where a proportionate pension is suspended wholly or in part under clause (b) of the preceding sub-rule, the services of the officer shall be transferred to the authority under which he is to be employed, on the understanding that on the termination of his employment under the Crown he shall have the option of receiving either (i) a pension in respect of his total service calculated under the rules made by the Treasury under section 7 (1), Superannuation Act, 1909, or (ii) a proportionate pension under these rules in respect of his Indian service together with such pension or pensionary award (if any) as he may earn under the rules of the authority re-employing him, in respect of his services under that authority :

Provided that if the department employing the officer does not consent to a pension calculated under the said Treasury Rules, or if the said Treasury Rules are inapplicable, the services of the officer shall be transferred on the understanding stated in the second alternative in the preceding paragraph.

(3) For the purposes of this rule, the expression "employment under the Crown" shall be deemed to include employment under the Governments of Crown Colonies, Protectorates, and territories mandated to the British Government, but does not include employment under the Government of a self-governing Dominion or a State in India, or under a Local Authority.

(4) A proportionate pension shall not be liable to suspension either wholly or in part under sub-rule (1) (b) of this rule unless the proportionate pension, when combined with the initial pay of the officer in his new appointment, would exceed the initial pay which he might have received under Rule 51 of the Fundamental Rules if his new employment had been on deputation from India.

10. Subject to the provisions of Rule 9, an officer who is granted by the Secretary of State in Council permission to retire under these rules shall be entitled, if he has completed less than five years' total service, to a gratuity equal to one month's pay (at the rate drawn by the applicant while last on duty before his retirement), multiplied by the number of completed months of total service at the officer's credit and divided by 12, and converted at the rate of 1s. 9d. per rupee; and, if he has completed five years' total service, to a pension of the amount shown in the Second Schedule.

11.—(1) In addition to the pension or gratuity referred to in Rule 10, any officer who has been permitted to retire under these rules (other than an officer who is entitled to the pension specified in the Second Schedule as the maximum pension admissible under these rules to the service to which he belongs, and when more than one method of calculating a pension is prescribed, for the method of calculating the pension actually adopted), and who proceeds on retirement or on leave preparatory to retirement to some part of the British Empire intending to settle there permanently, shall, subject to the provisions of Rule 3 (2), be entitled to receive a gratuity equal to the cost of first-class fares and passages from the last place of his employment in India to his destination for himself, and for his wife and children if they were in India at the time of his proceeding on leave preparatory to retirement.

(2) For purposes of payment of this gratuity to officers proceeding to or *via* the United Kingdom, first-class fares and passages, in the case of officers last employed in India, excluding Burma, shall be first-class steamer or railway fares to Bombay *plus* cost of first-class passage at B rates by the P. and O. Steam Navigation Company to London (all sea route); and in the case of officers last employed in Burma, first-class railway or steamer fares to Rangoon *plus* cost of first-class passage by the Bibby Line to London (all sea route); and in both cases, railway fares from London to destination. These rates are payable irrespective of the line or class by which an officer or his family travels.

(3) Payment of the gratuity (excluding that portion representing railway fares from London, which shall be paid by the High Commissioner) shall be made by the Local Government concerned before the officer leaves India.

(4) A Local Government may at its discretion sanction the payment of a gratuity calculated as in sub-rules (1) and (2) of this rule, but excluding the fares and passages of the officer himself, to the families of officers who are obliged by climatic or analogous reasons to leave later than the officer himself, or in advance of the officer but subsequent to the submission of his application to retire.

(5) An officer who applies in India for permission to retire and who is permitted to leave India in anticipation of the sanction of the Secretary of State in Council is eligible for the gratuity. In such cases, if the officer proceeds to the United Kingdom, the Local Government shall authorise the High Commissioner to make payment.

(6) Officers who apply to retire while on leave in England and whose families are in India at the time when their retirement was sanctioned by the Secretary of State in Council, shall receive a portion of the gratuity equal to the cost of first-class railway fares and passages for their families when the latter leave India.

(7) In no case shall a gratuity or any portion thereof be payable until the Secretary of State in Council has sanctioned the officer's retirement under these rules.

(8) The gratuity paid to an officer under this rule shall, in the event of his being permitted to return to duty in India, be refunded. Such refunds may be made by deductions of 36 equal monthly instalments from the officer's pay-bill, commencing with the first pay-bill drawn after return.

12.—(1) A member of the Indian Civil Service who retires under these rules may adopt at his option any one of the three following methods of retaining for his wife and children benefits admissible under the Indian Civil Service Family Pension Regulations, namely :—

(a) He may cease to make any contributions and payments under the regulations and shall then retain only the right to a proportion of the contingent benefits under the regulations for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the number of his completed years' total service divided by 25, and the calculation shall be based upon the pension admissible to the widow of an officer of the class to which he belonged at the time of his retirement.

(b) He may continue up to his 51st birthday to make contributions under the regulations at the rates payable by him at the date of retirement, and shall then retain the right to the full contingent benefits admissible under the regulations, according to his class on the date of his retirement, for his wife existing at the date of retirement, and for any children by her, whether born before or after retirement. Under this alternative subscriptions will be payable under the ordinary regulations for each child, whether born before or after retirement. In the event of the death of the wife, subscriptions at the bachelor rate appropriate to the subscriber's class on retirement will be payable until age 51.

(c) He may continue up to his 51st birthday to make contributions and payments under the regulations at the rates which would have been payable by him from time to time had he remained in the service. In that case he shall retain the full benefits admissible under the regulations as if he had remained in the service until death or retirement with an ordinary pension.

(2) The Secretary of State in Council shall make good to the Indian Civil Service Family Pension Fund under a suitable procedure any loss which may be estimated to be thrown upon it by the operation of this rule.

13.—(1) An officer of the Indian Army or of the Indian Medical Service who retires under these rules may select any one of the three following options with regard to his subscriptions under the Indian Military Service Family Pension Regulations or to the Indian Military Widows' and Orphans' Fund :—

(a) He may continue to subscribe at the half rate of subscription under article 28 of the Indian Military Service Family Pension Regulations or Rule 32 of the Indian Military Widows' and Orphans' Fund; or if a married subscriber under the Indian Military Service Family Pension Regulations, he may withdraw, receiving the refund authorised by article 28. If he continues to subscribe he will retain the same rights to contingent benefits from the funds as if he had retired under the ordinary rules.

- (b) He may cease to make any payments under the regulations except in so far as is provided by the last sentence of this clause, and shall then retain the right to contingent benefits at the rates admissible under the regulations to the widow and children of an officer of the class to which he belonged at the date of retirement, for his wife and children existing at that date, and for any children subsequently born to that wife. Under this alternative, any donation payable under the ordinary rules for any child born after retirement must, however, be paid by the officer if he desires to retain any right to continuance of benefits for any such child.
- (c) He may continue up to his 55th birthday to make payments under the Regulations at the full rates applicable to the class which he would have attained had he remained in the service until that date, and thereafter at half rates according to the class in which he is then subscribing. Any donation becoming due after age 55 will be payable in full as in the case of ordinary retirements. His wife and children will in this case be eligible for the full benefits appropriate to the class in which he is subscribing at the date of death.

(2) The Secretary of State in Council shall make good to the Indian Military Service Family Pension Scheme or the Indian Military Widows' and Orphans' Fund, as the case may be, any loss which may be estimated to be thrown upon them by the operation of this rule.

(3) The family of a military officer or of an officer of the Indian Medical Service who retires under these Rules shall retain their contingent rights to pensions under the Royal Warrant if the officer had on retirement completed 20 years' service. If such an officer is permitted to retire under these Rules after completing less than 20 years' service the Secretary of State in Council shall, on the death of the Officer, grant, subject to conditions identical with those laid down in the Royal Warrant (other than the condition requiring an officer to have completed 20 years' service in order to entitle his widow or children to pensions)—

to his widow, a yearly pension of 70% divided by 20 and multiplied by a figure corresponding to the number of years' total service completed by the officer at the date of his retirement; and

to each child, a pension of 16% divided by 20 and multiplied by a figure as aforesaid or, in the case of a motherless child, a pension of 25% divided by 20 and multiplied by a figure as aforesaid.

14. An officer awarded a proportionate pension may be permitted to commute a portion of his pension, not exceeding one-third of the whole, unless in the opinion of the sanctioning authority (the Local Government under which the officer was last employed for an officer who draws his pension directly or indirectly from Indian Treasuries, and the High Commissioner in all other cases) there are exceptional reasons for refusing sanction to the application in whole or in part. If the sanctioning authority considers that such reasons exist, the case shall be referred for the decision of the Secretary of State in Council.

15. An officer in Europe desirous of commuting shall make application in writing to the High Commissioner for India, stating his desire so to commute, and furnishing information as to his age and the reasons on which he bases his request. Permission to commute in sterling will not ordinarily be granted by the High Commissioner to an officer residing only temporarily out of India. Commutation in his case will ordinarily be dealt with by the authorities in India.

16. If the High Commissioner for India approves the commutation, the officer shall be so informed and his application shall be referred to the Medical Board at the India Office.

17. The Board shall require the officer to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and he shall be required to submit himself for personal examination by the Board at the India Office.

18. An officer residing in a Dominion or Colony (other than those whose accounts are adjusted direct with Indian Treasuries) and desirous of commuting will be required to follow a procedure similar to that in the case of an officer residing in Europe, except that he shall apply to the High Commissioner for India through the officer from whom he draws his pension. If the application is approved the officer shall be informed accordingly, and a special civil medical board will be assembled under the orders of the local Colonial Government.

The Medical Board shall report in the following form:—

"We have carefully examined _____ and are of opinion that he is (or is not) in good bodily health, and has (or has not) the prospect of an average duration of life. We therefore (or do not) recommend compliance with his application to be allowed to capitalise a portion of his pension".

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following shall be added:—"but

as he is suffering his age for purposes of commutation should be taken to be years".

19. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable :—

Age next Birthday.	Number of years' purchase.	Age next Birthday.	Number of years' purchase.	Age next Birthday.	Number of years' purchase.

NOTE 1.—These rates are subject to modification by the Secretary of State in Council from time to time.

NOTE 2.—In order to ensure payment at the rate shown for any specified age, it is essential that the application to commute should reach the High Commissioner's Office at least one month before the date on which the applicant will attain that age.

20. When commutation has been sanctioned by the High Commissioner the applicant shall be informed accordingly, and shall have the option of withdrawing his application within one week after receiving notice.

21. If the applicant does not withdraw his application within that period, the decision shall be considered final, the commutation of pension shall become absolute, and payment will be made forthwith, payment of the commuted portion of the pension thereupon ceasing.

22. The capitalised sum shall be payable in India if the commutation is affected there; in all other cases it shall be payable in England. When commutation of a sterling pension is effected in India by officers residing temporarily in that country the commutation shall be on the basis of the current rate of exchange, the rate adopted being the rate of exchange for telegraphic transfers from Calcutta on London on the 20th of the month preceding that in which the capitalised sum is paid.

23. The commutation of the proportionate pension of an officer, who draws his pension directly or indirectly from Indian Treasuries, shall be governed by the rules contained in the Third Schedule.

C

FIRST SCHEDULE. (See Rule 2.)

Services to Members of which these Rules apply.

- (i) The Indian Civil Service.
- (ii) The Indian Police Service.
- (iii) The Indian Forest Service.
- (iv) The Indian Educational Service.
- (v) The Indian Agricultural Service.
- (vi) The Indian Service of Engineers.
- (vii) The Indian Veterinary Service.
- (viii) Officers of the Indian Medical Service in civil employ.
- (ix) Officers of the Indian Army or other officers holding posts other than listed posts borne on the provincial cadres of any of the abovementioned services.

SECOND SCHEDULE. (See Rule 10.)

1. (a) The letter 'N' in the following paragraphs shall be deemed to represent the number of years of active service in one or more of the services specified in the first schedule, or in a service which has been merged in one of those services, or in military employment, at the credit of an officer at the time of his retirement, plus one-twelfth for each completed month of such service in excess of the completed years.

Provided that previous military service of officers appointed during or after the Great War to one of the services specified shall not be counted as active service for the purposes of these rules :

Provided further that service rendered by an officer which would not be reckoned as qualifying service in calculating his ordinary retiring pension or annuity shall not be counted as active service for the purposes of these rules.

(b) Active service shall for this purpose be interpreted in the same way as active service for the purpose of pension in article 8 of the Civil Service Regulations, war leave being treated for the purpose of these rules as privilege leave.

(c) In the case of an officer who, before entering upon service in India, was employed under His Majesty's Government elsewhere than in India, and whose service elsewhere than in India has already been accepted as qualifying for a combined pension under the rules made by the Treasury under section 7 (f) of the Superannuation Act, 1909, the service elsewhere than in India which counts for such combined pension shall also be included in the period of active service.

2. Pensions expressed in rupees in this schedule shall be converted at the minimum rate of 1s. 9d. per rupee, subject to the conditions stated in Article 936 of the Civil Service Regulations, or in any rule which may be substituted therefor.

3. The pension admissible to an officer who is permitted to retire under these rules shall be as follows :—

(a) To an officer of the Indian Civil Service, $\pounds \frac{N}{31} \times 1,000$, subject to a maximum of 1,000l. a year :

Provided that whenever the sum of Rs. 10,666. 10. 8 exceeds 1,000l. in value, that sum shall be substituted for 1,000l. in both places where it occurs in this clause, and the pension shall be recalculated accordingly.

THIRD SCHEDULE. (See Rule 23.)

1.—(1) The rules contained in this Schedule apply only to pensioners drawing pensions directly or indirectly from Indian Treasuries.

(2) Pensioners residing in Colonies having an account-current with the Accountant-General, Central Revenues, who draw their pensions from the local Treasuries, the amounts being subsequently adjusted in the books of the Accountant-General, Central Revenues, shall be treated for the purpose of these rules as drawing their pension indirectly from Indian Treasuries.

2. Subject to the conditions stated in these rules, a Local Government may sanction the commutation for a lump payment of a portion not exceeding one-third of the proportionate pension which has been or is about to be granted to any officer serving in its jurisdiction.

3. The incidence of the commutation payment shall in all cases follow that of the pension, and the commuted amount shall be made payable at the Treasury at which the pension is being or is to be drawn. If a pensioner who has obtained commutation of a portion of his pension transfers himself thereafter to another province, a note shall be made on the Pension Payment Order as to the amount of pension which has been commuted.

4. Application for commutation shall be made in Form A appended to these rules.

5. (a) If on consideration of the facts stated in the application the Local Government decides to allow commutation, the applicant shall be required to produce a certificate as to his expectation of life, from a medical officer of standing not lower than that of a Civil Surgeon, District Medical Officer or Presidency Surgeon. The Local Government may further, at its discretion, require a second medical opinion or direct the applicant to appear before a Medical Board.

(b) The certifying Surgeon or Board shall subject the applicant to a strict medical examination, requiring him to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and shall report in the following form:—

$\frac{I}{we}$ have carefully examined _____ and $\frac{am}{are}$ of opinion that he $\frac{is}{is not}$ in good bodily health and $\frac{has}{has not}$ the prospects of an average duration of life.

$\frac{I}{we}$, therefore, $\frac{do}{do not}$ recommend compliance with his application to be allowed to capitalise a portion of his pension.

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following shall be added:—

“but as he is suffering from _____ his age, for purposes of commutation, should be taken to be _____ years.”

(c) The applicant shall himself pay the medical officer's fee for examination except when a second medical opinion is required or the applicant is directed to appear before a Medical Board.

6. The lump sum payable on commutation shall be the amount certified by the Audit Officer to be admissible according to the table of present values appended to this Schedule. This amount may be intimated at the discretion of the Local Government to the applicant for definite acceptance or rejection, within a specified period before final sanction to commutation issues.

7. Commutation, when sanctioned, shall take effect from a date, to be named in the order, which shall ordinarily be one month later than the date of the order; and all calculations shall be made with reference to that date. Payment of the commuted portion of the pension will cease from the date specified and the sum payable on commutation will be paid on that date or as soon afterwards as possible.

8. A commutation once applied for, sanctioned and given effect to, shall not be rescinded, that is to say, the portion of a pension commuted shall not be restored on refund of its capitalised value.

9. If a pensioner whose pension has been commuted dies on or after the date from which the commutation is to take effect under Rule 8, but before he receives the commutation value, this value shall be paid to his heirs.

10. In the case of a pensioner who is re-employed in Government service or in the service of a Local Fund, and who commutes a portion of his pension before or after such re-employment, the amount which the pensioner is entitled to draw under the rules in Chapter XXI of the Civil Service Regulations shall be the amount to which he would have been entitled under those rules had there been no commutation, less the amount commuted.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st February 1924 :—

NO. 3 OF 1924.

A Bill further to amend the Indian Income-tax Act, 1922, for certain purposes.

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922, for certain purposes hereinafter appearing ; It is hereby enacted as follows :—

Short title and commencement.

1. (1) This Act may be called the Indian Income-tax (Amendment) Act, 1924.

(2) Sections 3, 4, 5 and 9 shall not come into force until the first day of April 1924.

Amendment of section 3, Act XI of 1922

2. In section 3 of the Indian Income-tax Act, 1922 (hereinafter referred to as the said Act), for the words " individual, company, firm and Hindu undivided family " the words " individual, Hindu undivided family, company, firm and other association of individuals " shall be substituted.

Amendment of section 4, Act XI of 1922.

3. In clause (iv) of sub-section (3) of section 4 of the said Act, the words " or any Provident Insurance Society to which the Provident Insurance Societies Act, 1912, is, or, but for an exemption under that Act, would be, applicable " shall be omitted.

Amendment of section 15, Act XI of 1922

4. In sub-section (1) of section 15 of the said Act, the words " or to any Provident Fund which complies with the provisions of the Provident Insurance Societies Act, 1912, or has been exempted from the provisions of that Act " shall be omitted.

Amendment of
section 55, Act XI
of 1922.

5. In section 25 of the said Act—

(a) In sub-section (1) for the words and figures "commenced after the 31st day of March 1922," the words and figures "on which income tax was not at any time charged under the provisions of the Indian Income-tax Act, 1918" shall be substituted; and

VII of 1918.

(b) in sub-section (3) the words "which was in existence at the commencement of this Act, and" shall be omitted.

Amendment of
section 55, Act XI
of 1922.

6. In section 55 of the said Act, for the words "individual, unregistered firm, Hindu undivided family or company" the words "individual, Hindu undivided family, company, unregistered firm or other association of individuals, not being a registered firm," shall be substituted.

Amendment of
section 56, Act XI
of 1922.

7. In section 56 of the said Act, for the words "individual unregistered firm, Hindu undivided family or company" the words "individual, Hindu undivided family, company, unregistered firm or other association of individuals" shall be substituted.

Amendment of
section 63, Act XI
of 1922.

8. In sub-section (2) of section 63 of the said Act, after the words "in the case of a firm or" the words "other association of individuals not being a company or in the case of," and after the word "firm" the words "or association" shall be inserted.

Amendment of
section 66, Act XI
of 1922.

9. In sub-section (3) of section 66 of the said Act, after the words "the assessee may" the words "within one month from the date of the refusal" shall be inserted.

Retrospective
effect.

10. The amendments made in the said Act by sections 2, 6 and 7 shall have effect as if they had been made on the first day of April 1923, and income-tax and super-tax shall be deemed to have been chargeable for the year commencing on the date in respect of the income, profits and gains and of the total income, respectively, of the previous year of every association of individuals, not being a company or a registered firm, at the rate or rates applicable for that year to the total income of an individual.

STATEMENT OF OBJECTS AND REASONS.

The Income-tax Act, 1922, does not provide for the assessment of the income profits or gains of an Association or Club which is neither a Company nor a firm nor a Hindu undivided family. This is an omission as it was always intended to tax Associations or Clubs. Clauses 2, 6, 7 and 8 of the Bill give effect to this intention, while clause 10 validates assessments made during the current year.

2. The Provident Insurance Societies Act, 1912, was never intended to apply to the Provident Funds of private companies and firms, but in certain provinces such Funds have been exempted from the provisions of that Act, with the result that they enjoy the concession given by sections 4 (3) (iv) and 15 (1) of the Income-tax Act, 1922. As it was never intended to grant this concession to private Provident Funds, it is proposed to omit all references to Provident Insurance Societies from sections 4 (3) (iv) and 15 (1) of the Act.

3. There is no provision in the Act for the assessment of a business, profession or vocation which was in existence at the commencement of the Act but on which no tax was charged at any time under the provisions of the Income-tax Act, 1918 (VII of 1918). Clause 5 of the Bill rectifies this omission.

4. At present there is no period within which an assessee should apply to the High Court for the issue of a *mandamus* under section 66 (3) of the Act, with the result that applications are occasionally made several months after the Commissioner has refused to state the case to the High Court. Clause 9 of the Bill prescribes a period within which such applications should be made.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 6th February 1924 :—

No. 5 OF 1924.

A Bill further to amend the Indian Tariff Act, 1894, for certain purposes.

WHEREAS it is expedient further to amend the Indian Tariff Act, 1894, for certain purposes hereinafter appearing; It is hereby enacted as follows :—

Short title and commencement.

1. (1) This Act may be called the Indian Tariff (Amendment) Act, 1924.

(2) It shall come into force on the 1st day of April, 1924.

Amendment of preamble to Act VIII of 1894.

2. In the preamble to the Indian Tariff Act, 1894 (hereinafter referred to as the said Act), for the words "crossing the frontier of certain Foreign European Settlements in India and of the territories of certain Native Chiefs" the words "imported into or exported from British India by land" shall be substituted.

Substitution of new section for section 5, Act VIII of 1894.

3. For section 5 of the said Act the following section shall be substituted, namely :—

Duties on imports and exports by land.

"5. Where a duty of customs of any rate prescribed by or under this Act or any other law for the time being in force is leviable on any article when imported into, or any article when exported from, a port in British India, the Governor General in Council may, by notification in the *Gazette of India*, direct that a duty of customs at the like rate shall be leviable on any such article when imported or exported, as the case may be, by land from or to any territory outside British India, which he may, by a like notification, declare to be foreign territory for the purposes of this section."

Amendment of section 8, Act VIII of 1894.

4. In section 8 of the said Act, the words, figure and brackets "sub-section (1), clause (b)," shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

It has come to notice that matches, cigarettes, etc., on which import duties are leviable when imported by sea are being brought into India in considerable quantities over certain land frontiers. The Government of India have not at present power to levy duties on articles following these land routes as the Indian Tariff Act, 1894 (VIII of 1894) only authorises the levy of duty on goods crossing the frontier of certain Foreign European Settlements in India and of such territory of any Indian Chief as is declared to be foreign territory for the purposes of section 5 of that Act. The object of this Bill is to revise this Act to enable the Government of India to levy customs duties on any articles imported or exported, as the case may be, by land from or to any territory outside British India which is declared to be foreign territory for the purposes of the Act.

STATEMENT OF OBJECTS AND REASONS.

The Indian Retrenchment Committee, 1922-23, in paragraph 19 of Part IV of their Report recommended that, in order to free the Government of India Secretariat proper from the functions of detailed administrative control exercised by it in the past, the scope of the present Board of Inland Revenue should be enlarged to include Customs Salt, Opium and also Excise and Stamps, so far as the Central Government was concerned with these subjects.

The Government, with the approval of the Secretary of State, have decided to adopt this recommendation, and to constitute a Central Board of Revenue in which the Board of Inland Revenue created by the Indian Income-tax Act, 1922, will be merged.

The present Bill is designed to provide for the constitution of such a Board on a statutory basis, to transfer to it the functions of the Board of Inland Revenue under the Income-tax Act, and also to appoint it as the Chief Customs-authority under the Sea Customs Act, 1878. The Bill further provides for the transfer to the Central Board of Revenue of most of the powers and duties assigned by the Sea Customs Act to Local Governments. This centralization of the administration of the Customs Department is a natural consequence of the clearer delimitation under the Reforms Scheme of the respective spheres of the Central and Provincial Governments, and this concentration of authority in the hands of an administrative body in close touch with the Departments of the Government of India will render it possible to give the desired relief to the Secretariat.

The Bill reserves to the Governor General in Council power to transfer to Local Governments any of the functions of the new Chief Customs-authority, and this power will be exercised in regard to certain minor Customs Ports, and to the administration of the Cotton Duties Act, 1896, except where the working of that Act is in the hands of Customs-officers.

Amendments of minor importance consequential upon the centralization of the Customs Department are also proposed to be made in two other Acts by the present Bill.

REPORT ON PUBLIC INSTRUCTION IN BENGAL FOR 1922-23.

CHAPTER I.

Introductory.

The report describes briefly the progress of education in Bengal for the year ending the 31st March 1923. The number of recognised and unrecognised institutions including University classes and Intermediate Department of the Eden High School, Dacca, rose from 53,770 to 54,162 (41,465 for males and 12,697 for females) or by 392; and pupils attending them from 1,892,153 to 1,950,929 or by 58,776. Recognised institutions increased in number from 51,930 to 52,864, while unrecognised institutions fell from 1,840 to 1,298. Pupils reading in recognised institutions rose from 1,836,716 to 19,06,225 or by 69,509, but in unrecognised institutions the numbers fell from 55,437 to 44,704. The increase of pupils in recognised institutions indicates a recovery from the effect of the recent political agitation on colleges and schools; the decrease in the number of pupils in unrecognised institutions may be attributed partly to the prevailing economic distress and partly to the growing unpopularity of the schools themselves. Of the total number of pupils in all classes of institutions, 1,802,134 were males and 348,795, females; the number of males and females in the preceding year were 1,543,571 and 348,582, respectively.

2. The number of recognised institutions on 31st March 1923 included 53 (including university classes) arts and professional colleges; 933 high schools; 1,718 middle schools; 47,688 primary schools and 2,472 special

Institutions and pupils.

Different classes of recognised institutions.

schools. The corresponding numbers on 31st March 1922 were 49,912 ; 1,766 ; 47,783 and 1,420 respectively. Of the recognised institutions 385 were managed by Government and 3,345 by District and Municipal Boards ; while 41,843 were aided and 7,291 unaided. In the preceding year the corresponding figures were 386 ; 3,230 ; 41,545 and 6,769.

**Expenditure
on public
instruction.**

3. The total expenditure on public instruction amounted during the year under review to Rs. 3,31,42,296 compared with Rs. 3,33,87,106 in the year preceding. Towards the total expenditure Provincial Revenues contributed Rs. 1,31,62,947 ; the contributions from District and Municipal funds amounted to Rs. 15,05,271 and Rs. 3,32,830, respectively ; while Rs. 1,28,42,355 and Rs. 52,98,893 came from fees and other private sources. The corresponding figures for the previous year were Rs. 1,35,45,045 ; Rs. 14,11,184 ; Rs. 2,42,713 ; Rs. 1,28,33,684 ; and Rs. 53,54,480. Thus expenditure increased under all heads except Provincial Revenues and other sources.

**Noteworthy
features of the
period under
review.**

4. From the administrative point of view the year has been eventful. The drastic proposals made by the Bengal Retrenchment Committee for reducing expenditure on education struck a new note which alarmed many. With these proposals before them Government surveyed the situation and decided to effect some reduction in the staff of Government High schools, to abolish some old-type guru-training schools, and to hand over a number of circle schools (with reduced status) to local bodies with suitable grants. There have been the now usual financial difficulties. The allotment for travelling allowance was curtailed and the touring work of inspecting officers was suspended for about two months towards the close of the year. As a result many schools remained unvisited. A time-scale of pay was introduced for ministerial officers employed in the Education Department. In the sphere of primary education, the attempts made by the Department to establish in certain areas central free primary schools as suggested in Mr. Biss's reports evoked a temporary flicker of interest to which the introduction of the revised curriculum in January 1923 contributed.

CHAPTER II.

Controlling Agencies.

**The Indian
Educational
Service.
(I) Men's
Branch.**

On the 31st March 1922 the Men's cadre of the Indian Educational Service consisted of 67 appointments (including 3 posts in the higher selection grade, 10 in the lower, and one on a special rate of pay for the Principal of the Government School of Art). During the year under review the post of headmaster of the Victoria School at Kurseong, which was previously outside the graded services, was included in the Indian Educational Service with effect from the 29th January 1923. Thus the total number of appointments on 31st March 1923 was 68. During the year under review 3 officers, viz., Messrs. F. C. Turner, E. E. Biss and J. A. Taylor proceeded on leave preparatory to retirement on proportionate pension.

**(II) Women's
Branch.**

On 31st March 1922 the number of appointments (including 1 in the selection grade) in the Women's cadre of the Indian Educational Service was 4. No change was made in the cadre during the year under review.

**The Bengal
Educational
Service.
(I) Men's
Branch.**

2. On 31st March 1922 the number of appointments in the Men's Branch was 211—206 permanent and 5 temporary. During the year under review 1 of the 5 temporary posts was made permanent and 2 new posts—1 permanent and 1 temporary—were added to the cadre. Thus the total strength on 31st March 1923 was 213 appointments (208 permanent and 5 temporary).

**(II) Women's
Branch.**

On 31st March 1922 the Women's cadre of the Bengal Educational Service consisted of 20 appointments ; no change was made in it during the year under review.

**Subordinate
Educational
Service.**

3. During the year ending 31st March 1922 the services below the Bengal Educational Service were reorganised on a time-scale basis on varying rates of pay. During the year under review 15 posts were added to the cadre and 12 abolished. The total number of appointments in the Subordinate Educational Service on 31st March 1923 was thus 2,003 against 2,001 on the corresponding date of the year preceding.

4. Officers holding appointments outside the grades of the Subordinate Educational Service were also placed on a time-scale of pay with effect from 1st September 1921, and were divided into 4 main categories, viz., Teaching, Inspecting, Ministerial and Miscellaneous, according to the nature of work performed by them. Including the office establishment of the Director of Public Instruction and the Assistant Director of Public Instruction for Muhammadan Education, for which the time-scale of pay was introduced with effect from 1st January 1922, there were 477 appointments on 31st March 1923 against 478 on the corresponding date of the previous year. Posts outside the Educational Services.

5. During the period under review there was no change in the number of the directing staff of the Department. The Director continued to be assisted by the two Assistant Directors, one of whom did the special work relating to Muhammadan education. Mr. W. W. Hornell, the permanent Director of Public Instruction, returned from leave in November 1922 and assumed charge of the Department. Mr. E. F. Oaten, Assistant Director of Public Instruction, was on leave during part of the year under report, his duties being performed by Mr. J. M. Bottomley and later by Mr. J. A. Taylor. Mr. J. A. Taylor, Assistant Director for Muhammadan Education, proceeded on leave preparatory to retirement on October 16th, 1922. Mr. E. E. Biss performed the duties of the post for a short period, after which he also took leave preparatory to retirement. Mr. J. M. Bottomley then assumed officiating charge of the post. Since February 1923 Mr. Bottomley, who has been appointed officiating Principal of the Calcutta Madrasah, has performed the duties of Assistant Director of Public Instruction for Muhammadan Education in addition to those of Principal of the Madrasah. Direction.

CHAPTER III.

University and Collegiate Education.

1. The Arts and Science classes of the Post-graduate Department of Calcutta University had 881 and 170 students, respectively on the rolls on 31st March 1923. The reform of Calcutta University has not yet got beyond the conference stage, in spite of the fact, that a Bill was drafted by Government during the year. Universities

The Dacca University had 838 (including 10 research students), students in the Arts and Science classes on 31st March 1923. This has been the first University in India to afford facilities of practical training to psychology students. Extension of the Muslim Hall and the chemical laboratory was effected during the year under review, and a new science library and a hostel for Anglo-Indian students have been provided. Students are beginning to appreciate the value of the new methods of intellectual training, of the residential system, and of the unrivalled facilities for athletics and social organisations provided for them at Dacca.

Board of Intermediate and Secondary Education, Dacca.

2 The Board was appointed in the first instance until 30th June 1922. Its term was then renewed for another year, viz., until the 30th June 1923. Besides controlling Intermediate Colleges and High schools in the town of Dacca, the Board have been entrusted with the work of conducting Islamic examinations (Intermediate and Matriculation) for the whole province. This work was previously done by the office of the Director of Public Instruction, Bengal, with the assistance of an Advisory Board. The Board have opened two vocational courses in dyeing and commerce at the Jagannath Intermediate College; these courses are said to be very popular.

Arts Colleges.

3. On the 31st March 1923 there were 34 arts colleges for men, and four (including the Intermediate classes of the Eden High English School, Dacca) for women, with 19,460 students against 16,942 on the corresponding date of the preceding year. The number of students therefore rose by 2,518; a sign that the non-co-operators' attempt to boycott colleges has failed for the time at any rate. The arts colleges cost altogether Rs. 28,26,146 as compared with Rs. 26,51,435 in the year preceding. Of the total number of arts colleges nine were maintained by Government, one was under municipal management, 15 were aided and 13 unaided. During the year under review each college cost Rs. 74,372 on an average. The average cost of educating a student in an arts college amounted to Rs. 145-3-8, of which Rs. 59-13-4 was borne by Provincial Revenues.

Arts Colleges for men.**Number of colleges.**

4. The number of arts colleges for men stood at 34 as compared with 33 in the previous year, the increase being due to the opening of the second grade college at Feni from the commencement of the session 1922-23. Of these, seven were managed by Government, one by a Municipal Board, and 26 by private associations.

Number of students.

5. Students in arts colleges for men rose from 16,741 to 19,219; of these 16,169 were Hindus and 2,589 Muhammadans, while 461 came from other communities. The corresponding figures for the preceding year were 14,260; 2,173; and 308 respectively.

Expenditure.

6. The total cost of maintaining the arts colleges for men amounted, during the year under review, to Rs. 27,27,532 towards which Provincial Revenues contributed Rs. 10,89,172; while Rs. 111; Rs. 13,87,549; and Rs. 2,50,700 came from Municipal Fund, fees, and other sources, respectively.

Grants to private colleges.

7. Twenty-two private colleges received during the year under review, special grants aggregating Rs. 1,24,000 mainly for the improvement of libraries and laboratories. Sixteen non-Government colleges were given maintenance and capital grants amounting to Rs. 2,00,200.

**Government colleges.
(1) Presidency College.**

8. On the 31st March 1923 the Presidency College had 960 (including two research scholars) students on its rolls as against 979 on the corresponding date of 1922. Of these, 797 were Hindus and 146 Muhammadans; the rest belonged to other communities. The total direct expenditure amounted to Rs. 4,97,534 of which Rs. 3,79,502 came from Provincial Revenues. The average cost per pupil was Rs. 513-15-8, of which Rs. 392-0-9 was borne by Government.

The work of the year was uneventful. Some inconvenience was felt, as the result of the college session beginning very early, while the results of the University examinations were published unusually late. A dark room has been provided for the Astronomical Observatory; this removes a long-felt want. The Principal records with regret the departure of Dr. Cullis, who took leave preparatory to retirement, and of Dr. Harrison, whose services were lent to the Admiralty. The Physiological Department of the college bore, during the year under review, the entire responsibility of providing Post-graduate instruction in physiology for the University and this was in addition to giving complete courses of lectures and laboratory training up to the I. Sc. and B. Sc. standards. A co-operative society has been started at the college with 73 members at the outset. Social activities among boarders residing in the Eden Hindu Hostel were at a low-ebb last year.

9. The Dacca Intermediate College had on 31st March 1923, 357 students as against 327 on the corresponding date of 1922. Of the students 213 were Hindus and 144 Muhammadans. The Principal notes with satisfaction that Moslem students are coming forward in large numbers for admission to the I. Sc. course. The college cost Rs. 1,30,952 by way of direct expenditure including Rs. 1,00,069 from Provincial Revenues. The cost of educating each pupil amounted during the year under review to Rs. 374-2-5, of which Rs. 285-14-7 was borne by Provincial Revenues. The regulations of the Board of Intermediate and Secondary Education, Dacca, came into force in July 1922, and the heavier syllabuses of the Board demanded greater expenditure and entailed heavier work on the teachers. Still larger expenditure is necessary for making adequate provision for the teaching of botany, physiology or geography. The college is accommodated in temporary and inadequate quarters. The Provost of the Dacca Hall kindly allowed the students the use of the Dacca Hall grounds for certain days of the week, for the college has no play-ground of its own. The college was visited by His Excellency the Governor in August 1922 and by Mr. P. C. Lyon, C.S.I., C.I.E. in December 1922. The discipline has been good on the whole, although three boarders had to be rusticated for persistent misconduct.

(2) Dacca Intermediate College.

10. The Hooghly College had 258 (as against 234 in 1922) students on the rolls on 31st March 1923, including 230 Hindus, 27 Muhammadans and 1 Indian Christian. The total direct expenditure on the college amounted during the year under review to Rs. 1,27,278, of which Rs. 1,07,718 came from Provincial Revenues. The cost of educating each student was Rs. 521-10-1, of which Rs. 441-7-6 was borne by Government. In course of the year the college was affiliated to the honours standard in English and history. It will be necessary in the near future to increase the hostel accommodation available for Muhammadan students.

(3) Hooghly College.

11. As previously the Sanskrit College had two departments—the English Department and the Oriental or *Tol* Department. The English Department had 74 students (all Hindus) on the 31st March 1923, as compared with 72 on the corresponding date of the preceding year. In the Oriental Department there were 57 students. In view of the extremely limited nature of affiliation enjoyed by the college, its students are allowed as before, to attend honours classes in history and philosophy at the Presidency College without any additional charge. Twenty-two trust funds are attached to the college for the benefit of the students and staff. The maintenance of the college department cost Rs. 50,630 (including Rs. 47,225 from Provincial Revenues). The average cost per pupil amounted to Rs. 675-1, of which Rs. 629-10-8 was borne by Government.

(4) Sanskrit College.

12. The number of students on the rolls on the 31st March 1923, was 181, as compared with 204 on the corresponding date of 1922. Of these students 166 were Hindus, 12 Muhammadans and 3 Indian Christians. A system of periodical examinations was introduced during the session. The cost of maintaining the college amounted during the year under review to Rs. 1,11,912 to which Provincial Revenues contributed Rs. 94,555. The cost of educating each pupil was Rs. 608-3-6, of which Rs. 513-14-2 was borne by Government.

(5) Krishna Sar College.

13. The Chittagong College had 455 students on the rolls on 31st March 1923, as compared with 353 on the corresponding date of 1922. Of the total number of students 287 were Hindus and 136 Muhammadans, the rest came from other communities. The total direct expenditure on the college amounted during the year to Rs. 85,788 (including Rs. 51,348 from Provincial Revenues). The average cost of educating each student amounted to Rs. 219-15-6, of which Rs. 131-10-7 was borne by Provincial Revenues. Although sanction was accorded to the affiliation of the college in philosophy up to B. A. (Pass) standard in the year 1921, the class was actually opened last session. To carry on the work of the philosophy class a professor in the Bengal Educational Service has been appointed since September 1922; a special grant of Rs. 500 was also sanctioned for the purchase of books on the subject. Some twenty poor students are helped with a monthly stipend of of Rs. 3 each from the college benevolent fund, to which the staff and the

(6) Chittagong College.

students as also the public contribute. The college co-operative stores practically suspended its work during the year under report, and has since applied for dissolution. Exemplary punishment was meted out to some students, who were found guilty of using unfair means at examinations. Discipline was otherwise satisfactory.

(7) Rajshahi College.

14. There were 894 students on the rolls of the college on 31st March 1923, against 819 on the corresponding date of the previous year. Of these, 690 were Hindus, and 204 Muhammadans. The total direct expenditure of the college amounted to Rs. 1,74,875 towards which Provincial Revenues contributed Rs. 96,878. The average cost of educating each pupil was Rs. 215-5-9, of which Rs. 119-4-11 was borne by Government. The scheme for opening M. A. and B. L. classes at the Rajshahi College, has been held in abeyance. The scheme for opening classes in botany and zoology made no progress. The arrangement for the medical examination of the college students referred to in the last Quinquennial Review is still being carried on. The results of the medical examination show that 43·3 per cent. of the students were suffering in 1922-23 from malnutrition as against 63·7 per cent. in 1921-22. The students of the Rajshahi College were prominent in social service. Their work during the recent Rajshahi flood was highly appreciated by the Flood Committee. Discipline was satisfactory. The college was visited by His Excellency the Governor in August and by the Hon'ble the Minister for Education in September 1922.

Municipal College.

15. The only college in the Presidency, which was managed during the year under review by a Municipal Board was the Midnapore College. On the 31st March 1923 the college had 200 students against 173 on the corresponding date of the previous year. Of these students 93 were Hindus, and 7 Muhammadans; the rest belonged to other communities. The college received during the year under review permission to teach mathematics, physics and chemistry up to B. Sc. standard. The total cost of maintaining the college amounted to Rs. 22,848, and the cost per pupil was Rs. 116-9-1. The transfer of the college from the Municipality to a Committee of Management has been agreed to since the close of the year under review and is now being effected.

Aided colleges.

16. The number of aided private colleges for men was 14 with 7,440 students on the rolls on the 31st March 1923, against 12 with an enrolment of 5,704 in the previous year. Of these students 5,928 were Hindus, 1,239 Muhammadans and 273 of other communities. Of the total direct expenditure of Rs. 8,26,257, Rs. 1,82,195 came from Provincial Revenues. The average cost per student was Rs. 111-0-9 of which Rs. 24-7-9 was borne by Government.

Unaided colleges.

17. The number of unaided arts colleges for men was 12 with 8,400 students on the 31st March 1923, as compared with 13 with 7,876 pupils on the corresponding date of 1922. They cost altogether Rs. 6,99,458. The average cost of educating each pupil amounted to Rs. 83-4-4 during the year under review.

Conclusion.

18. The prevailing economic conditions have hit all communities hard and parents are now unwilling to spend money on purely literary education which is supposed to have no market value. Only the result is that there is now a greater demand for admission into the I. Sc. and B. Sc. classes than there is for admission into the I. A. and B. A. classes. This is all right, so far as it goes, but a smattering of theoretical knowledge of chemistry and physics is not going to enable a student to earn a living. What is needed is an educational system which is responsive to the needs of modern India's complicated life. The non-co-operator was right in his protest against existing conditions, but he had nothing to offer in exchange. There is no money and people are suspicious of any change which Government may initiate. It is difficult to say how long the present impossible position will last, presumably until the general dissatisfaction which is now latent solidifies and demands a remedy. But the readjustment of the general educational system of which the present university organisation is at once the root and the crown is the first step on the road by which alone Bengal can attain to a stable economical, social and political condition.

CHAPTER IV.

Secondary Education.

1. Secondary schools of all grades and types fell from 2,678 to 2,651 ; the decrease was confined to middle schools both for boys and girls. The number of pupils in secondary schools, however, rose from 328,166 to 340,266. The cost of maintaining secondary schools in the Province amounted, during the year under review, to Rs. 1,06,53,565 as compared with Rs. 1,02,84,804 in the year preceding. Each secondary school cost Rs. 4,018-11-2 on an average, the cost per pupil being Rs. 31-4-11. General statistics.

Secondary Education for Indian Boys.*

(*The secondary education of Indian girls and Europeans is dealt with in the appropriate chapters.)

2. The number of secondary schools for Indian boys declined from 2,563 to 2,533. High schools increased by one ; middle schools, on the other hand, fell from 1,685 to 1,654. Of the 19 middle English schools, which disappeared, some were raised to the status of high schools ; others closed on account of financial difficulties. The closing of 12 middle vernacular schools marked a further stage in a line of development which has become irresistible ; people do not want purely vernacular education. High schools gained 7,162 and middle English schools 4,099 pupils, respectively ; but middle vernacular schools lost 167 pupils. Schools and pupils.

3. The total direct expenditure on secondary schools for Indian boys amounted, during the year under review, to Rs. 87,07,507 of which Rs. 17,32,653 was borne by public funds, and Rs. 69,74,854 was contributed by private sources. In the preceding year public and private funds contributed Rs. 15,47,784 and Rs. 69,42,238, respectively. High schools cost Rs. 65,64,399, middle English schools Rs. 19,93,867 ; and middle vernacular schools Rs. 1,49,241, respectively. Expenditure increased in all three classes of schools. Expenditure.

4. Manual training classes were attached to 22 secondary schools in the Presidency. These classes are waning in popularity, in spite of the incessant demand for more practical and less literary education ; manual instruction is not a subject which can be taken at the Matriculation examination. Manual instruction.

5. The pay and prospects of the teachers employed under Government have been considerably improved ; but the position of the vast majority of teachers employed in privately-managed schools continues much the same as before. The buildings, furniture and teaching appliances of most private schools are unsatisfactory. The situation is one of grave political and social import. All that can be said has been said in previous reports. It is useless to say anything more.

The Board of Secondary Education, Dacca, have made history and geography compulsory subjects for High schools under them, while Elementary science has been made an optional subject. The Board have also sent up a proposal for opening a Science class at the Dacca Collegiate School. Writing on the effects of the non-co-operation movement upon students, the Chairman of the Board observes as follows :-

"It is seen in a dulling of the old keenness for learning, in a vague feeling as of disillusionment and in a general lassitude and demoralisation among the pupils. The only cure for this malady is to give a new and practical direction to secondary education and to bring it into closer touch with the people."

CHAPTER V.

Primary Education.

On the 31st March 1923, there were 47,688 primary schools for boys and girls with 1,465,107 pupils against 47,723 schools and 1,435,906 pupils on the corresponding date of the previous year. The primary schools cost Rs. 54,51,741 as compared with Rs. 54,08,441 in the year before. The average cost of a primary school was Rs. 114-5-2, and the cost per pupil Rs. 3-11-7. General statistics.

Primary education of Indian boys.*

(*Primary education of Indian girls and Europeans is dealt with in the respective chapters.)

2. Primary schools for Indian boys fell from 35,615 to 35,371 or by 244. This decrease in the number of schools is not real, but apparent, since night schools which teach the Primary school course and were returned previously as primary schools, have been shown (in accordance with special instructions received from the Government of India) in this year's returns as "Schools for Adults." As the distinction between Upper and Lower Primary schools is not recognised by the new general tables issued this year, separate figures for the two classes of schools have not been collected. The table below indicates the number of primary schools for boys in each Division together with the number of pupils on the rolls on 31st March 1923 :—

DIVISION.			Number of primary schools in 1922-23.	Number of pupils in primary schools in 1922-23.
Burdwan Division	8,290	258,117
Presidency Division (excluding Calcutta)	5,969	215,903
Calcutta	313	18,771
Dacca Division	8,697	296,896
Chittagong	5,360	192,425
Rajshahi	6,742	207,494
Total			35,371	1,189,606

3. The year 1922-23 closed with 1,189,606 pupils (including 53,117 girls reading in primary schools for boys). The corresponding figures for the previous year were 1,164,597 and 55,076, respectively. The number of pupils therefore increased by 25,009. Besides the pupils attending primary schools for Indian boys there were 150,834 pupils in the Primary Department of Secondary schools for boys as against 142,937 in the previous year. Pupils in primary schools for boys and in primary stages of secondary schools together therefore numbered 1,340,440, as compared with 1,307,534 returned the year before, showing an increase of 32,906 pupils in the primary stage.

4. Primary schools for Indian boys were attended by 558,995 Hindus and 612,470 Muhamniadans. The corresponding figures for the preceding year were 540,406 and 603,213, respectively. Thus the number of Hindu pupils rose by 18,589, and of Muhamniadan pupils by 9,257. Of the total male Hindu population 5·4 per cent. and of the Muhamniadan population 4·7 per cent. were in primary schools. Comparison with the figures for the preceding year, however, is more or less valueless, inasmuch as the returns of that year did not show the number of Hindu and Muhamniadan pupils in purely primary schools for boys, excluding those reading in night schools.

5. The total direct expenditure on primary schools for Indian boys amounted, during the year under review, to Rs. 44,80,531 against Rs. 44,74,811 in the year preceding. Of the direct expenditure Rs. 22,75,665 or 50·79 per cent. came from public funds, and Rs. 22,04,863 or 49·21 per cent. from private sources. In the preceding year public and private funds contributed 49·36 per cent. and 50·64 per cent. of the total expenditure. The expenditure from public funds was made up of Rs. 15,35,851 contributed by Provincial Revenues, and Rs. 6,45,173 and Rs. 94,641 by District and Municipal funds, respectively. The corresponding figures for the previous year were Rs. 15,16,657 ; Rs. 6,04,400 ; and Rs. 87,561.

6. Funds were allotted last year for the construction of 84 Panchayati Union schools for boys and 25 schools for girls. The Board Primary schools are said to be losing their old popularity ; the remuneration of the teachers is less than that of the teachers of aided primary schools. Further, the local people have little voice in the management of these schools.

7. The revised curriculum was introduced from January 1923 in all the districts of the Presidency except Murshidabad, Bankura, Faridpur, Noakhali, Malda and Dinajpur. In certain girls' schools of the Presidency and Burdwan Divisions also the revised curriculum was not introduced. The work of the new and the old curricula will be compared in 1924, when the question of retention or further revision of the new curriculum will be considered. The special features of the new curriculum are (1) reduction of the Primary school course from six to five years; (2) introduction of English as an optional subject; (3) simplification of the course by making certain subjects optional; and (4) provision for paying greater attention to the three 'R's.

Curricula.

8. During the year under review there was a provision of Rs. 1,50,000 in the budget to give effect to Mr. Biss's schemes of central Primary schools. Government agreed to contribute half the recurring and non-recurring expenditure for starting the schools. Only six municipalities and 12 unions accepted the offer and a sum of Rs. 32,718 was sanctioned for the purpose. The chief obstacle to progress in this direction is the reluctance of local bodies to make larger contribution or to undertake fresh taxation.

Free primary schools.

9. The primary schools in the city of Calcutta are almost all proprietary schools held mostly in rented premises which are ill-ventilated and badly lighted. The free primary schools, which have been started by the Corporation in certain parts of the city bid fair to considerable success. Of the total number of pupils, viz 18,771 in primary schools 61·8 per cent. were Hindus and 37·8 per cent. were Muhammadans. Towards the total direct expenditure on primary schools public funds contributed Rs. 55,879 and private sources Rs. 83,806 during the year under review.

Primary education in Calcutta.

10. A serious situation was created last year by the objection raised by the Examiner of Local Accounts, Bengal, to the payment of Lower Primary scholarships from District Board funds. It was pointed out that there being no provision in the present Local Self-Government Act for spending money on scholarships from the funds of District and Municipal Boards, such expenditure was illegal. As a result of the objection many of the District Boards discontinued the award of primary scholarships from their own funds. The situation has been readjusted pending the amendment of the Local Self-Government Act.

Award of Primary scholarships by local bodies.

11. A large number of primary school houses in the districts of Rajshahi and Bogra was badly damaged in consequence of the recent flood in North Bengal. A sum of Rs. 68,000 was made over to the District Boards of Rajshahi and Bogra for repairing or reconstructing the damaged school houses.

Special grant for flooded area.

CHAPTER VI.

The training of teachers for Indian schools.

A.—The training of men teachers.

The two training colleges at Calcutta and Dacca, which prepare candidates for the B. T. degree and L. T. diploma, had 125 students on the rolls against 118 in 1921-22. They admitted, as previously, subordinate inspecting officers of the Department and teachers from Government and aided schools, besides a few outside candidates (stipendiary and non-stipendiary) who desired to be trained for the teaching profession.

Training Colleges, General.

2. Thirty-three B. T. and 18 L. T. students were on the rolls of the college on 31st March 1923, all of whom appeared at the University Examinations. Twenty-five students, of whom 6 passed with distinction, were successful in the B. T. Examination; of the L. T. candidates 15 (1 with distinction) passed. The practical work of the students under training was carried on, as before, in the Hindu, Hare and Sanskrit Collegiate schools, and the Y. M. C. A. gymnasium was used for drill and games. The difficulty of accommodating the college still continues; the old proposal to house it in new buildings at Baliganj, where lands have been acquired, has been

and Electrical Engineering has rendered it impossible to retain the subordinate or apprentice classes any longer at the Bengal Engineering College while the attempt to combine two entirely different standards of education in the same college is obviously unsound. Hence, in accordance with the decision referred to in the reports of previous years, the apprentice classes were finally closed in July 1922. On the 31st March 1923 the college had 299 students (as against 356 on the corresponding date of 1922), viz., 107 in the Civil Engineer Classes, 135 in the Mechanical and Electrical Engineering and Mining classes, and 57 in the Industrial classes. Of the students, 254 were Hindus, 18 Muhammadans, 25 Europeans and Anglo-Indians, and 2 Indian Christians. The college presented 24 candidates at the B. E. and the same number at the I. E. Examination, of whom 16 and 17, respectively, were successful. The total cost of maintaining the college amounted during the year 1922-23 to Rs. 3,03,180, towards which Provincial Revenues contributed Rs. 2,69,527. The corresponding figures for the preceding year were Rs. 3,25,965 and Rs. 2,93,798, respectively. The college workshops are stated to have run on more economical lines during the year under review, and they turned out work valued approximately at Rs. 12,058.

The sanction of Government was accorded during the year under review to the inauguration of improved classes in Mechanical and Electrical Engineering, and of Associateship courses, which are designed to give Bengali students the opportunity of obtaining instruction to as high a standard as is provided by colleges in Great Britain. Unfortunately the staff required has not been sanctioned yet. Visiting lecturerships were limited during the year to Sanitary and Structural Engineering only. Out of 13 telegraphists, who were deputed to the college during the year, only 7 completed the course. Two of the passed students of the college have been placed at the Steel and Metal Factory at Ichapur, one in the Electrical Department of the B. N. Railway and one at the E. B. Railway workshop at Kanchrapara for 3 years' practical training. In the examination for Mine Managers' certificates held in February 1922, 7 obtained first and second class certificates. All the European and a few of the Indian students of the college belong to different units of the Auxiliary Force. The new servants' quarters, which were started during the preceding year, were completed in 1922-23.

4. Consequent on the closing of the subordinate classes at the Bengal Engineering College, the whole burden of training Overseers and Public Works Department subordinates has devolved upon this institution. The school had on its rolls 417 students on 31st March 1923 against 375 on the corresponding date of the preceding year. Of these students 373 were Hindus and 42 Muhammadans, while 2 were Indian Christians. Owing to pressure of admissions, the 2nd-year Upper Subordinate Class was split up into two sections during the year. The Principal observes "The teaching of the present Upper Subordinate Course in a period of three years is proving too great a pressure on the students and staff, and a return to the previous four-year course is advocated." The school was visited by His Excellency the Governor (Lord Lytton) on 12th August 1922. Field work in practical surveying was carried on, as usual, for about six weeks, and the camp was held at Kishoreganj. The School employment bureau recommended over 26 passed students for employment as, surveyors, draftsmen, overseers and sub-overseers. The Vocational and Technical Education Committee, Dacca have made some important recommendations in connection with the development of the school, which are now under consideration. The artisan students were given, as before, half the amount representing the value of their labour. The school cost Rs 96,216 (including Rs. 78,633 from Provincial Revenues). The total value of the work undertaken by the school workshops amounted during the year to Rs. 6,299. The results of the Final Examination were as follows :—

	Appeared.	Passed.
Upper Subordinate Examination, Part B	39	26
Ditto ditto, Part A	91	64
Lower Subordinate Examination	60	41

5. The Survey School at Mainamati has been under the control of the Department of Industries since 1920. The Bengal Retrenchment Committee recommended the abolition of the school, but the proposal has not been accepted by Government. Of late the school has been attracting students with good educational qualifications, viz., Matriculates or students who have received higher education. Owing to insufficiency of accommodation the training of District Kanungoes at the school has been suspended temporarily. The urgent needs of the institution are two, viz., a permanent school house, and revision of the salaries of the staff. There were 51 students on the rolls on 31st March 1923 compared with 53 on the corresponding date of 1922, and the total cost of upkeep amounted during the year under review to Rs. 12,712 (including Rs. 10,013 from Provincial Revenues). In the Final Survey Examination 13 students appeared, and all of them were successful; in the special Amin Examination 25 candidates passed out of 36 presented.

6. The Government School of Art, Calcutta, is the most important among Art Schools in the Presidency. The school had 316 students (including 35 from other Provinces and States) on the rolls on 31st December 1922, and cost Rs. 54,963 during the calendar year 1922, towards which Provincial Revenues contributed Rs. 50,446. Passed students of the school obtain employment as draftsmen, painters, designers, illustrators and teachers. An important commission executed by the school during the year under review consisted in designing and constructing a "Roll of Honour" memorial in metal for the Eastern Bengal Railway.

7. The number of students on the rolls of the Commercial Institute in the day and evening classes together was 332 on 31st March 1923 against 287 on 31st March 1922. The evening classes are said to be more popular than the day classes. Altogether 213 pupils joined the day classes and 429 the evening classes on different subjects. The expenditure for the year amounted to Rs. 41,870 as compared with Rs. 37,556 in the year preceding. Twenty minor institutions imparting commercial education are affiliated to the Government Commercial Institute and present candidates at the examinations conducted by it. The number of candidates who passed the Commercial Course Final and Special examinations during the last two years is shown below:—

8. The Board of Intermediate and Secondary Education, Dacca, have opened two courses at the Jagannath Intermediate College, viz., a course in Dyeing connected with the Science Side and a course in Commerce connected with the Arts Side. Examinations in both courses were held for the first time in March 1923; the dyeing course includes a laboratory test and the commercial course includes papers in Commercial Correspondence and Book-keeping besides a practical test in Shorthand. Twenty-three passed out of the 34 candidates who sat for the Intermediate Examination with Dyeing, and in the Intermediate Examination with Commerce 37 passed out of 56.

9. There were 163 students on the rolls of the Weaving Institute on 31st March 1923 as compared with 187 on the corresponding date of 1922. The Institute cost Rs. 42,163 against Rs. 51,826 in the preceding year. Towards the close of the year under review the posts of a carpenter and a mechanic were created for the Institute. Mensuration, Practical Mathematics and Machine-drawing have been added to the curriculum of the first year class. Twenty-two candidates appeared from the Institute at the Final Examination, the results of which have not been published yet. At the last City and Guilds Examination of the London Institute, held at the Institute, 55 candidates appeared in the textile and dyeing subjects, and 30 were successful. From the Artisan classes 88 students passed out. A class has been opened for training women in the higher and artisan classes. Regarding the question of employment for passed students the Principal remarks:— "owing to the uncertainty of times, slackness of business, high cost of

living, together with the general unemployment question, it is becoming difficult to get employment for the higher class students." The system of granting loans to *ex-students* referred to in the previous reports is said to have been very successful. The Principal notes that the employees of the Institute have not had their pay revised as yet. The outlying and peripatetic weaving centres, where practical instruction in weaving was imparted during the year under review, numbered 14.

classes.

10. The "B" Final Examination Board has been re-constituted. Mr. Macdonald, Professor of the Bengal Engineering College, has been appointed Secretary of the Board and Inspector of "B" classes. As before, five schools had "B" classes attached to them. They presented 36 candidates at the "B" Final Examination or "School Final Examination, Science Side" of whom 15 were successful.

CHAPTER VIII.

Education of Indian Girls and Women.

Institutions
and pupils.

The number of recognised schools of all kinds for girls rose from 12,280 to 12,429 or by 1·2 per cent., and the number of pupils attending them increased by 2,112 or 7 per cent. Of the 286,383 pupils (excluding 53,861 girls reading in boys' schools) 124,362 were Hindus and 154,447 Muhammadans : the rest were of other communities. The unrecognised schools for girls which numbered 230 during the year under review had an enrolment of 6,127 pupils—2,603 Hindus, 3,357 Muhammadans and 167 of other communities.

Controlling
agency.

2. The women inspecting staff of the Department consisted, as previously, of two Inspectresses and 12 (6 for East and 6 for West Bengal) Assistant Inspectresses of schools.

Collegiate
education, Arts
colleges.

3. During the year under review there were, as previously, four (including the Intermediate classes of the Eden High School) arts colleges for women, three in Calcutta and one in Dacca. Of these the Bethune College and the Eden High School, Dacca, are Government institutions; while of the Diocesan College and the Collegiate Department of the Loreto House (both under mission management), the former is aided and the latter unaided.

The Bethune College had 120 students on the rolls on 31st March 1923, as against 114 on the corresponding date of the previous year. The teaching of elementary physics and chemistry has been introduced into the college since last July, and a lecturer has been appointed to conduct these classes. A sum of Rs. 2,500 was also sanctioned for the equipment of the laboratory. The officiating Principal complains that although Honours classes in mathematics are held regularly, yet the girls taking up the subject have to appear as non-collegiate students, for want of affiliation. Hostel accommodation is inadequate as before. The students play badminton and tennis. Classes for instrumental and vocal music are held every Saturday. Of the 28 candidates who appeared in the I.A. examination 27 passed (18 in the first division); to the B.A. examination 19 students were sent up, and 17 passed (four with honours). Six senior scholarships of the value of Rs. 20 a month each were awarded on the results of the I.A. examination. The expenditure on the college (and hostel) amounted, during the year under review, to Rs. 88,355 as against Rs. 81,280 in 1921-22. The average annual cost of educating each pupil was Rs. 571-12.

In the Diocesan College and Loreto House the enrolment rose from 71 and 16 to 76 and 22, respectively. Loreto House received, during the year under review, affiliation in Latin and History up to the B.A. (Pass) standard and in Latin up to I.A. The expenditure on the two colleges amounted to Rs. 21,759 and Rs. 8,250, respectively. The former institution presented 9 and 15 candidates to the B.A. and I.A. examination, of whom 9 and 14, respectively, were successful. The latter sent up 4 students at the B. A. and the same number at the I.A. examination, all of whom passed.

In the Intermediate classes of the Eden High School, Dacca, which works under the Board of Secondary and Intermediate Education, there were 23 students on 31st March 1923. A scheme for adding the Intermediate Science course, though approved by Government, has been dropped, as the accommodation available is very limited. Eleven girls were sent up to the Intermediate Examination in Arts, and of these seven passed.

4. The number of high English schools for Indian girls remained stationary at 13, but the number of pupils reading in them rose from 2,744 to 2,881. Of the 13 schools, four were managed by Government and the rest aided. All the four Government high schools increased their number during the year under review. Of the aided high schools, the Brahmo Girls' school is reported to have doubled its numbers during the last few years. Lectures on first-aid, hygiene and home nursing were delivered during the year at the Bethune Collegiate School. At the Eden High School 72 lectures in first aid and hygiene were delivered. This school has also a company of Girl Guides. Several voluntary subjects, such as drawing, instrumental music, gardening, swimming, botany, charka-spinning, first aid, nursing and cooking have been introduced in the Vidyamoyee High School for girls at Mymensingh, which have given the girls a wide choice of subjects. In Dr. Khastagir's High School for girls at Chittagong the progress has been somewhat slow owing to difficulties of hostel and conveyance accommodation. The weaving class opened in the school did not receive much support from the guardians; it is unlikely, therefore, that the music class here would be a success. The Girls' High School at Barisal has secured University recognition for two years for the present; the school received from the Department a monthly grant of Rs. 300. The undermentioned high schools for girls received, during the year under review, the additional recurring and capital grants noted against them :—

(iii) Brahmo Girls' School	...	" 200	"
(iv) United Missionary High School	...	" 100	"
(v) Diocesan High School	(Rs 3,000 for repairs)

There were, on 31st March 1923, 32 middle English Schools for girls with 4,050 pupils, as compared with 28 schools with 3,509 pupils on the corresponding date of the preceding year; the middle vernacular schools numbered 27 with 3,004 pupils as against 29 with 3,100 pupils in 1921-22. With reference to middle schools for girls in West Bengal the Inspectress observes "they are all schools of a superior type, staffed almost entirely by trained women teachers, and well equipped. The committees of these institutions take a very keen interest in their welfare, and I believe that in their multiplication lies the best hope of Hindu and Muhammadan education. A large proportion of these schools are well-housed, but three of the best in the city are threatened with extinction owing to high rents." In East Bengal the middle schools at Comilla (a Government institution), Jalpaiguri and Tangail (both aided), are well-reported on.

(2) Middle schools.

5. There were 12,302 primary schools for Indian girls "with 274,706 pupils on 31st March 1923. as compared with 12,151 schools with 267,618 pupils in the previous year. The primary schools for girls are chiefly of the following categories :—

Primary education.

- (a) Model primary schools for girls are managed by Government.—
The pay of the staff has been considerably increased, as a result of the reorganisation of the services.

- (b) Urban Girls' School—these exist in East Bengal only.
- (c) Panchayati Union schools for girls—sanction was accorded to the construction of 25 schools during the year under review.
- (d) Home Girls' schools are taught, as hitherto, by a single mistress.
- (e) Peasant Girls' schools—22 in number, all in the Presidency Division; the schools have been given enhanced grants.
- (f) Aided Primary schools—the schools aided by Municipalities are better off than those receiving aid from District Boards.

The work of the Nari Shiksha Samiti and of the Society for the Improvement of Backward Classes, Bengal, deserves special mention in connection with the expansion of primary education of girls. Both societies are in receipt of substantial grants from the Department.

Special schools.

6. The number of technical and industrial schools for girls was 49; they had 1,481 pupils on the rolls on 31st March 1923. The industrial schools teach generally lace-making, knitting, sewing and dress-making, besides imparting general education.

Zenana education.

7. On the 31st March 1923, there were 56 zenana teachers with 1,235 pupils under instruction. All the zenana teachers in West Bengal (except those at Krishnagar), are paid at a uniform rate of Rs. 30 a month and a conveyance grant of Rs. 15 a month. The zenana system of teaching is popular among both Hindus and Muhammadans, but the Inspectress of Schools, Presidency and Burdwan Divisions, is opposed to any further extension of the system; the work is difficult to control, takes much time, while it gives very poor results. The zenana class at Krishnagar has been a unique success. Absence of pupils and frequent changes of centres also interfere with the work. The proposal for abolishing the scheme of zenana education has been under the consideration of Government.

Needlework.

8. The work of the peripatetic needlework teachers has been satisfactory, and it has been decided to retain them as before on a grant-in-aid basis. Sewing grants were continued to improve the teaching of needlework in girls' schools. The Lady Carmichael Needlework Diploma examination is said to have given a great impetus to the work. The National Indian Association also has instituted a diploma for needlework and many schools compete for it. The Girl Guides Association is also doing valuable work in this respect.

Co-education.

9. There were 53,861 girls reading in boys' schools, as compared with 55,703 in the previous year. The number fell during the year by 1,842, which shows that people generally do not favour co-education.

CHAPTER IX.

Education of Europeans and Anglo-Indians.

Institutions.

On the 31st March 1923 there were 66 institutions for European and Anglo-Indian children as against 81 on 31st March 1922. This decrease in the number of schools is apparent rather than real, being due to the fact that the previous practice of counting the supplementary or technical classes attached to the main institutions as separate schools, has been abandoned. Of the 66 institutions 61 were schools for general education, and 5 for special instruction. Of the schools for general education 14 were Higher Secondary, 7 Secondary, 26 Higher grade, 15 Primary and 9 Ungraded. Government directly controlled three of the 66 schools, and the rest were managed by various denominations.

2. The following table shows the distribution of pupils in the different stages of instruction in European schools :—

The above figure includes 1,781 (1084 boys and 697 girls) non-European pupils against 1,570 in 1921-22 who were under instruction in European schools on 31st March 1923.

3. The total expenditure on the education of European and Anglo-Indian children amounted (including the boarding charges of Rs. 13,98,872) during the year under review to Rs. 36,39,763 as compared with Rs. 36,11,840 in the preceding year.

The expenditure was appropriated as follows :—

	Rs.
(a) Provincial Revenues ...	10,52,137
(b) Municipal funds ...	59,638
(c) Fees ...	14,42,547
(d) Other sources ...	10,85,441
Total ...	36,39,763

4. A sum of Rs. 32,755 was spent during the year 1922-23 on scholarships; this amount included the expenditure on certain extra-provincial scholarships paid in Bengal. In 1922 the Government of Bengal provided 2 scholarships tenable abroad; one was awarded to Mr. Cedric Dover to enable him to study Zoology at the University of Edinburgh, and the other to Miss Mercia Heynes Wood to take up French at Oxford.

5. Besides the ordinary grants paid under the European School Code, the undermentioned special grants were sanctioned during the year 1922-23 :—

	Rs.
(1) St. Andrew's Colonial Homes ...	60,000
(2) Calcutta Free School ...	29,000
(3) Loreto Orphanage, Entally ...	20,000

Owing, however, to the prevailing financial stringency the authorities of the schools were informed that there was no prospect of the continuance of the special grants in future.

6. There were 683 teachers employed in European schools on 31st March 1923 as compared with 657 on 31st March 1922. Of the 683 teachers 55 were graduates, 346 (including 21 graduates) were trained, and 337 (including 34 graduates) were untrained. In the preceding year there were 61 graduates and 596 non-graduates.

Training of teachers.

7. As previously reported, there are no facilities in Bengal for the training of European male teachers; nor was any candidate deputed from Bengal in 1922-23 to Sanawar for training. Eighteen women teachers, as against 17 in previous year, were under training on 31st March 1923 at the Dow Hill Training Class, Kurseong. In the annual examination held in November 1922, 8 senior or second year students passed out of 9; of the 9 junior or first-year students all passed, 8 being placed in the first class.

Vocational training.

8. The number of schools, which maintained classes following the recognised school final courses as well as commercial or technical classes, was 21. The number of pupils on the rolls of these classes on 31st March 1923 was 236. Special classes for domestic training in plain cookery and needlework were held, as before, in the Dow Hill School and St. Helen's Convent, Kurseong. The Entally Convent held classes for probationary sick-nurses, and St. Andrew's Colonial Homes, Kalimpong had nursing classes for the sick and children. The domestic science subjects continue to be examined by the City and Guilds Examination Committees.

City and Guilds Examinations.

9. These were held in November 1922 at Kurseong, for candidates from Dow Hill and St. Helen's Convent, Kurseong. The entries and results were as follows :—

The Departmental Vernacular Examination for secondary schools was abolished in terms of Government Order No. 275T.—Edn. dated the 29th May 1920, and the Cambridge Higher Local Examination was discontinued by the Cambridge Syndicate.

Education of deficient and defective children.

11. The Children's House, Kurseong, continued to deal with physically and mentally defective children with satisfactory results. There were 11 pupils on 31st March 1923. The institution receives a monthly grant of Rs. 150.

The Sussex Trust.

12. The following expenditure was incurred during the year :—

- (i) Rs. 19,196 on scholarships (and contingent expenses) for 4 boys and 3 girls in the United Kingdom and 4 boys and 1 girl in India.
- (ii) Rs. 4,313 for construction and maintenance of 3 lower primary schools for pupils of the depressed classes.
- (iii) Rs. 50,000 towards the construction of the Asansol Orphanage.
- (iv) Rs. 12,150 towards the cost of the additional dormitory at Dow Hill.

13. The total amount of receipts during 1922-23 including the balance on 31st March 1922 and the interest up to 31st October 1922 amounted to Rs. 14,702-6; the total expenditure for the period was Rs. 7,626-12-9, leaving a closing balance of Rs. 7,075-9-3. Fifteen scholarships at rates varying from Rs. 40 to Rs. 10 a month were awarded during the year.

Devotion Trust Fund.

14. Mr. W. F. Papworth continued to officiate as Inspector of European Schools, Bengal, throughout the year.

Controlling Agency.

15. The year under review witnessed the introduction of those measures of reconstruction in elementary education, which had been discussed at the conference held in January 1921, and finally accepted by Government. The Elementary School Certificate Examination was replaced by a scholarship examination and the Supplementary Class Final examination by the Higher Grade School Final examination.

Noteworthy features.

A successful exhibition in which many of the European schools in Bengal took part, was held in February 1923 in the premises of the Calcutta Free School. The exhibition was opened by Sir Thomas Richardson and lasted for 4 days. The educative value of the exhibition is great; and it is hoped that it will become an annual feature of the work of European schools in Calcutta.

CHAPTER X.

Education of Muhammadans.

1. During the year under review the number of Muhammadan pupils in all types of educational institutions for Indians rose from 880,374 to 901,714 or by 21,340. The proportion of Muhammadan pupils to the total number of pupils under instruction fell, however, from 46.6 to 46.4 per cent. The proportion of Muhammadans to the total number of students in arts colleges rose from 12.8 to 13.3, and in professional colleges from 9.4 to 10.8 per cent.; in the high stage it declined from 17.1 to 15.2; in the middle stage also the proportion fell from 20.9 to 19.4; in the primary stage of instruction, the proportion remained almost stationary; in special schools the proportion was 59.1. The chief causes of decline in the high and middle stages are (1) the general economic depression; (2) the still lingering effects of the political agitation; (3) the unremunerative character of the education at present imparted; and lastly, (4) the popularity of the senior and junior madrasas.

Statistics of Muhammadan pupils.

2. Of the total Muhammadan pupils 743,910 were reading in schools for males at the close of the year and 157,804 in schools for females. The number of Hindu pupils in the two classes of institutions numbered 874,887 and 126,965, respectively. Thus while the Hindus had a marked superiority in numbers in schools for males, in schools for females they were greatly outnumbered by the Moslems.

Hindu and Muhammadan pupils.

3. The year under review closed with 346 madrasas—14 senior and 332 junior, which had 26,156 pupils on their rolls. In the previous year there were 335 madrasas with 25,036 pupils. Pupils reading in these institutions increased by 4.47 per cent. during the year under report. The total direct expenditure on all madrasas amounted to Rs. 6,64,675 of which Rs. 3,39,981 was met from public funds.

Madrasas.

4. The number of maktabas—recognised and unrecognised—fell from 14,673 to 14,303 of which 9,715 were for boys, and 4,588 for girls. This decrease in number is said to be due to the closing of some weak and inefficient maktabas. The number of pupils attending these institutions, however, rose slightly from 401,764 to 402,449. Of the pupils 293,566 were boys and 108,883 were girls, as compared with 292,793 boys and 108,971 girls in the preceding year. The total direct expenditure on maktabas rose from Rs. 9,90,484 to Rs. 11,09,071 to which public funds contributed Rs. 5,89,287, as compared with Rs. 5,63,273 in 1921-22. The arrangements referred to in previous reports for the inspection of maktabas by Muhammadan Sub-Inspectors of Schools in certain districts were continued during the year 1922-23.

Maktabas.

Recognition of reformed courses Madrasa.

Maintenance grants for madrasas.

Junior Madrasa examination.

Islamic Matriculation and Islamic intermediate examinations.

Calcutta Madrasa.

Special facilities for Muhammadans.

Special scholarships for Muhammadans.

5. During the year under review the Seraiganj Madrasa applied for recognition as an Islamic Intermediate College, which was granted.

6. No funds were available during the year under review for giving additional maintenance grants to madrasas under the reformed scheme.

7. In the Junior Madrasa examination, which was held in October 1922, 611 boys appeared, of whom 477 or 78 per cent. were successful.

8. Eighty-two candidates sat for the special Islamic Matriculation examination and 16 for the Islamic Intermediate examination—both of which were conducted by the Board of Secondary and Intermediate Education, Dacca; the numbers of successful candidates in the two examinations were 61 and 13, respectively.

9. The committee appointed by Government in 1921 to enquire into the general condition of the Calcutta Madrasa and to make proposals for its improvement submitted their report in October 1922. The report is now under the consideration of Government.

10. Muhammadan pupils continued to enjoy, during the period under review, the special concessions referred to in previous reports, viz., reservation of seats in Government and aided schools; grant of special stipends and scholarships, and of free studenships to the extent of 15 per cent. of the total enrolment.

11. In February 1923 the Government of Bengal in the Ministry of Education sanctioned for the benefit of Moslem students the creation of the following scholarships tenable in various educational institutions in the province :—

- (i) Three junior scholarships of the value of Rs. 10 per mensem, each, tenable for two years in any Intermediate College within the Dacca University area.
- (ii) Nine junior scholarships of the value of Rs. 10 per mensem, each tenable for two years in any college affiliated to the Calcutta University.
- (iii) Six senior scholarships of the value of Rs. 10 per mensem, each tenable for three years in the Dacca University.
- (iv) Six senior scholarships of the value of Rs. 10 per mensem, each tenable for two years in any college affiliated to the Calcutta University.
- (v) Two graduate scholarships of the value of Rs. 25 per mensem each tenable for one year in the Dacca University.
- (vi) Two graduate scholarships of the value of Rs. 25 per mensem, each tenable for two years in the Calcutta University.
- (vii) Two scholarships of the value of Rs. 25 per mensem, each tenable for three years in the Mechanical and Electrical Engineering classes of the Bengal Engineering College, Sibpur.
- (viii) Two scholarships of the value of Rs. 25 per mensem, each tenable for three years in the Mining classes of the Bengal Engineering College, Sibpur.
- (ix) Four scholarships of the value of Rs. 15 per mensem, each tenable for two years in the Sub-Overseer classes of the Ashanulla School of Engineering, Dacca.

CHAPTER XL

Education of special classes.

Education of Chiefs and Nobles.

There are special arrangements in the Nawab Bahadur's Institution at Murshidabad for educating the boys of the Nizam family. The Institution is a high school open to all, but at the head of it there is a European officer

and special residential arrangements are made for boys of the Nizam family. Twenty-six boys of the Nizam family received instruction in the Institution during 1922-23 as compared with the same number in 1921-22. The cost of these arrangements to Provincial Revenues amounted during the year to Rs. 6,581 against Rs. 4,400 in the year preceding.

2. Among the depressed classes the Namasudras have taken up education as a means of advancement with real earnestness, and are showing commendable progress year after year. The following table shows the total number of depressed classes pupils under instruction in the various stages during the year 1922-23 :—

Education of
aborigines and
the children of
the depressed
classes.

	Boys.	Girls.	Total.
In Primary stage ...	106,138	11,926	118,064

In Professional Colleges ...	58	...	58
In special schools ...	5,135	18	5,153
Total ...	116,724	12,120	128,844

The corresponding figures for the preceding year were 85,159 ; 11,393 ; and 96,552, respectively. In the paragraphs below an account is given of the progress made by pupils of backward classes in each division of the Presidency during the year under review.

There were 9 primary and 2 special schools in Calcutta with 401 pupils altogether, of whom 321 were Domes, Muchis, Dosads and Pods. In addition to these 1,185 pupils of depressed classes were educated in ordinary schools along with pupils belonging to other grades of society.

Calcutta.

In the year under report 44,453 boys and 2,547 girls of the depressed classes were under instruction. In the districts of Jessore and Khulna the Namasudras and Pods are said to have started 1 High and 6 Middle Schools for their children. Pupils of the backward classes won 7 Middle and 5 Upper Primary scholarships. The Society for the Improvement of Backward classes in Bengal aided 69 primary schools ; 3 schools were also maintained for the benefit of the depressed classes out of the contribution paid from the Sussex Trust Fund. Two special schools in the colonization area of the 24-Parganas which exist for the children of settlers were encouraged with liberal grants from Provincial Revenues.

Presidency
Division
outside
Calcutta.

The number of aboriginal pupils under instruction increased from 7,351 to 7,791 and of depressed Hindus from 11,950 to 12,300. There were 210 primary schools for Sonthals. The American Baptist Mission managed one Middle English School for Sonthal boys, and one Middle Vernacular School for Sonthal girls at Bhimpur in Midnapore. The Wesleyan Mission also managed one Middle Vernacular School for boys, besides a Training School for Sonthal Teachers at Sarenga in Bankura. Eight Lower Primary scholarships were awarded to Sonthal pupils. As previously, special endeavours were made to encourage the children of depressed classes to join primary schools by admitting them as free pupils and by reserving Lower Primary scholarships for them. The Society for the Improvement of Backward classes subsidized 17 schools including a Middle English School in Burdwan.

Burdwan
Division.

Of the 49,840 pupils of aboriginal and backward classes under instruction in the division, 41,269 were Namasudras. In the district of Dacca there were 10 schools for fishermen's children (three of which were aided by the Education Department), 5 for Muchis and 21 for Namasudras. Mymensingh had 3 schools chiefly intended for Garos and other aboriginal races. Faridpur had 2 primary schools—one for boys and one for girls—for Buna pupils. The District Board of Bakarganj managed 11 free Primary Schools for Magh boys and 1 for Magh girls in the colonization area of the Sundarbans. Eight Middle and 10 Upper Primary scholarships were awarded to pupils of the depressed classes.

Dacca
Division.

Chittagong Division.

In the Chittagong Division 4,382 aboriginal pupils and 6,841 pupils of the depressed classes were under instruction. The Hill Tracts had 1 High, 2 Middle English, 1 Industrial, 159 Primary and 88 Indigenous schools besides 2 Training classes for Chakmas, Maghs and Tipras. Tippera had 1 Middle English, 11 Primary and 33 Kyang schools. Eight Upper Primary and 18 Lower Primary scholarships were won by aboriginal pupils. Pupils of the depressed classes were awarded 5 Middle English, 2 Middle Vernacular, 4 Upper Primary and 5 Lower Primary scholarships during the year under review.

Rajshahi Division.

The Rajshahi Division had 2,458 boys and 26 girls of aboriginal races under instruction. The Board of Sonthal Education in Dinajpur is reported to be doing good work. The work of the Salvation Army at Syedpur for the education of the Nutts—a criminal tribe—is laudable. A scheme for the education of the Sonthals, who have settled in Malda, has been under consideration.

Education of defectives.

3. The Children's House, Kurseong, alluded to in Chapter IX, is reported to have made satisfactory progress, and had 11 pupils under training on 31st March 1923. The Deaf and Dumb School and the school for blind children at Calcutta had altogether 125 children on the rolls and cost Rs. 34,149. Dacca, Barisal and Faridpur had each a school for the education of deaf and dumb children; altogether the schools had 41 (including 7 girls) pupils and cost Rs. 5,084. There is a weaving class attached to the Barisal school in addition to the primary classes. A school for deaf and dumb children was started at Chittagong with 6 pupils including 2 girls during the year under report. As previously, various District Boards provided special stipends for the benefit of defective children who were under training at the Calcutta schools.

Tea-garden schools.

4. Darjeeling had 76 schools with 1,238 pupils for the education of the children of tea-garden employees, and Jalpaiguri had 37 schools with 512 pupils. The total cost of the tea-garden schools was Rs. 12,419 including Rs. 7,177 from Provincial Revenues.

Education of factory children.

5. For the children of the employees of mills and factories, as well as artisans, there were three special schools—one at Titagarh with two sections (one Hindi and another Urdu) to suit Hindu and Muhammadan pupils, respectively, and two at Ichapur. The school at Titagarh is a free Primary School; Government contributes Rs. 60 a month towards its up-keep. A building has also been provided for the school at Government cost. Of the two schools at Ichapur, one received Rs. 1,680 from Provincial Revenues during the year for its maintenance. Both schools have been provided by the managers with decent buildings. The children of millhands also attend various Maktabas and Hindi Primary Schools, which exist in the mill areas of 24-Parganas. There is no provision at present for the education of the children of labourers employed in the silk and indigo factories in Murshidabad.

Additional grant.

6. An additional grant of Rs. 20,000 has been made available since the year 1922-23 for the improvement of education among backward classes; the amount was distributed during the year under review in the following way:—

- (i) In affording greater facilities for the training of aboriginal teachers.
- (ii) In giving additional recurring grant (besides a capital grant of Rs. 12,329) of Rs. 3,250 to the Society for the Improvement of Backward classes in Bengal.
- (iii) In the creation of the undermentioned special scholarships:—

CHAPTER XII.

Unrecognised Institutions.

There were 1,998 institutions with 44,704 pupils against 1,840 with 55,487 pupils last year. As mentioned in the previous reports, schools teaching advanced courses in Arabic or Sanskrit, the Koran, and giving elementary instruction in the vernacular belong to this category. A decrease in the number of unrecognised schools means, as a rule, their transfer to the class of recognised institutions and is not therefore necessarily a cause for regret. Their disappearance is sometimes due, however, to perfunctory teaching and unsatisfactory discipline which causes a lack of public confidence. Of the 44,704 pupils reading in these schools on 31st March 1923, 19,129 were Hindus and 24,065 Muhammadans; the rest, viz., 1,510 belonged to various other communities.

CHAPTER XIII.

Physical and Moral Training.

Of the 25,721 boarders residing in hostels at the end of the year under review 21,056 were Indians and 4,665 Europeans and Anglo-Indians; the figures for the preceding year were 26,350, 21,680 and 4,670, respectively. Of the Indians 18,538 were males and 2,518 females. The European and Anglo-Indian boys and girls numbered 3,077 and 1,588 respectively. The decline in the number of boarders is attributed generally to the higher cost of living in hostels.

Hostels and
Messses.

Two blocks of the new Hindu hostel attached to the Rajshahi College with accommodation for 50 students in each were opened during the year under review; the remaining blocks are under construction. As a measure of retrenchment, proposals were submitted to Government in March 1923 for a revision of the scales in accordance with which the allowances of superintendents of hostels are paid. The revised rules reduce the allowance of the superintendent of a college hostel by one-third, and that of a school hostel by one-half of the present rates. The proposals were under the consideration of Government at the end of the year under review.

A house known as "Ramna House" was adapted, at the beginning of the session for the purpose of a hostel for 12 Anglo-Indian students in connexion with the Dacca University; unfortunately the hostel remained unoccupied during the session.

2. As in previous years the mess schemes at Calcutta and Dacca were managed by the local standing committees through the inspectors of messes with assistance from Provincial Revenues. The students' residence scheme at Dacca provides accommodation for college students as well as for pupils of recognised high schools and madrasahs in the town. To ensure the financial stability of the Dacca messes reserve funds have been started in connexion with most of them.

3. A temporary post of Physical Adviser was created in the Bengal Educational Service for 2 years for the present with effect from 1st August 1922, to which Mr. N. Ghosh, B.A., who qualified in Physical Education at Sheffield (England) has been appointed. Mr. Ghosh is general adviser to the Education Department in all matters connected with Physical Education. His chief duty is to visit schools and colleges (with the exception of European schools) all over the Presidency, giving demonstrations on modern methods of physical training or educational gymnastics, and helping in the organisation of athletics and games. Owing to financial stringency the Gymnastic Teachers' Annual Training Class, last held in February 1919, could not be revived, though short courses were conducted at the more important educational centres. There is a crying need for the training of teachers who are

Physical Training.

entrusted with the physical education of students. An endeavour was made to equip aided institutions with play-grounds and sports materials to the extent of Rs. 15,000 and Rs. 6,250, respectively by a supplementary budget grant, but the provision was retrenched later in the year.

A course of lectures was given by Mr. Ghosh to the pupils of the David Hare Training College, practical work being done in the Young Men's Christian Association gymnasium. Satisfactory work is reported to have been done at the Rajshahi, Chittagong and Dacca Intermediate Colleges. Some form of physical exercise is compulsory in the Rajshahi, Chittagong and Krishnagar Colleges; other Government Colleges are handicapped for want of adequate play-ground facilities. Outdoor English games have taken a firm hold of the Bengali student, but the numbers actually taking part in them are proportionately small. Mr. Barrow says with reference to the Presidency College, "The utility of trying to encourage English games in Indian Colleges is a point about which I feel increasingly sceptical". In St. Paul's C. M. S. and the Scottish Churches Colleges the staff and the students have cooperated in ensuring attendance at their play-ground which has been fairly busy, and have given a good lead to private colleges. In some places in East Bengal, which are submerged during the rains, boat-races are held, as no other games are then practicable.

Drill.

4. Drill forms a part of the curriculum in a few of the colleges, for example the Chittagong and St. Paul's C. M. S. Colleges and in all schools, though limited in some to the fourth class downwards. The Bakarganj District Board continued the arrangement of training primary school teachers in drill by a peripatetic drill master.

Indigenous games are popular in Eastern Bengal, knock-out tournaments and leagues attracting large entries. Football is the most popular of all games.

In connexion with physical education and hygiene teaching in girls' schools, the Inspectress of Schools, Presidency and Burdwan Divisions, reports that most valuable work is being done in this direction by the Girl Guides Association and St. John's Ambulance Association respectively, but much has not been done, so far owing to prejudice against physical exercises. She pertinently observes, "It is extremely interesting to compare the physique of Brahma and Christian girls, that is non-pardah girls, with that of Hindu and Muhammadan girls. The contrast is in most cases striking, for the latter are smaller in every way."

Religious and
Moral Instruction.

5. Moral instruction is given, but there are no special arrangements anywhere for imparting religious instruction except in certain denominational schools. viz., tols, maktabas, madrasahs, and mission and Brahma schools.

Discipline.

6. Discipline is now understood generally in the negative sense of absence of open disorder rather than in its positive sense of manifestation of right conduct. No serious breaches of discipline came to notice during the year under review; the cases reported were mostly concerned with violation of inter-school rules, or use of unfair means by boys during examinations, which were suitably dealt with. Political agitation among students has apparently subsided for the time being at any rate. Schools and colleges have not, however, fully recovered yet from the effects of the disturbances of preceding years, which were in essence economic rather than political. "A tone of listlessness," the Principal of the Narail Victoria College remarks, "is however more distinctly perceptible among the boys than before. It is difficult to diagnose its causes—how far it is the effect of the last political unrest, and how far it is due to a clearer recognition of the unremunerative nature of school work." Dr. Dunn, Inspector of Schools, Presidency Division, sums up the situation thus "If we could find a definite goal for the unquestioned ability and powers of application possessed by the Bengali student, the whole educational problem would be solved."

National

7. During the year ending 31st December 1922 there were 175 National schools in the Presidency with 12,791 pupils as against 170 schools with 13,468 pupils in the preceding year. But these statistics do not appear to be wholly accurate, as the authorities of the schools often refuse to supply the necessary information. The number includes High and Middle English schools, Technical schools, Madrasahs, Primary schools and a National College

at Dacca. These schools do not follow any uniform curriculum, but all of them provide for the teaching of Spinning and Weaving as compulsory subjects. There is no regularity in attendance and the schools are gradually losing influence over the public on whose charity their existence depends. The Inspectors of Schools are of opinion that the schools will collapse sooner or later chiefly through financial weakness.

CHAPTER XIV.

Conferences.

A conference presided over by Mr. W. W. Hornell, Director of Public Instruction, Bengal, was held at the Calcutta Free School on 21st March 1923 to consider changes in the European Schools Code for Bengal. Conferences of Educational Officers were also held at the headquarters of the Presidency, Burdwan and Chittagong Divisions, in which matters of general importance were discussed. No similar conference was, however, held at the headquarters of the Dacca and Rajshahi Divisions, the chief consideration against holding a conference being financial. The Chairman of the Chittagong District Board held a conference of inspecting officers to discuss how the expansion of primary education could be effected in the district.

CHAPTER XV.

Text-Book Committees.

There are still two separate Text-Book Committees in the Presidency—one at Calcutta and the other at Dacca.

2. The special feature of the year 1922-23 was the introduction of the revised curriculum for primary schools; the curriculum has been prescribed for primary schools in all the districts except six. The object of this arrangement is to enable a comparison to be made between the old and the new curricula with a view to ascertaining the suitability or otherwise of the new.

3. In terms of notification No. 1 T.B., dated the 31st January 1923, all text-books for primary schools prepared according to the revised syllabus are to be received, considered, and disposed of by the Calcutta Text-Book Committee. Two additional non-official Muhammadan members from East Bengal have been appointed to help the Secretary, Calcutta Text-book Committee, in the matter. During the year under report, four vacancies occurred in the memberships of the Calcutta Committee.

4. Out of 888 books considered by the Calcutta Text-Book Committee during the year 296 were approved. The Dacca Text-Book Committee approved 285 books out of 796 considered.

CHAPTER XVI.

Education in the Legislative Council.

All phases of education, primary, secondary, collegiate and technical received the due share of attention in the Bengal Legislative Council. As before the annual budget debate provided ample opportunities to the members of Council for discussing the scope, aims and methods of the present system of education, and showed the importance, which the public attached

to the subject. Numerous questions were asked, and resolutions were moved. The revision of the scale of salaries for ministerial officers employed in the Education Department formed the subject of repeated interpellations in the Council. A lively debate ensued on the motion for giving an additional grant of Rs. 2½ lacs to the University of Calcutta to enable the University authorities to pay up a part of the outstanding deficits. The conditions attached to the grant were adversely criticised by some members; some again reproached the University with reckless expenditure in connection with the maintenance of the Post-graduate Department. In the end a settlement was reached, and the grant was paid.

2. Towards the close of the year two Bills—one framed by Mr. J. M. Bose and the other by Mr. S. N. Mallik were introduced into the Council mainly with a view to the reconstitution of the Calcutta University on popular basis (the object of Mr. Mallik's Bill was further to improve the financial administration of the University). Both the Bills were, however, withdrawn.

When application may be made without medical certificate.

made without being accompanied by a medical certificate—

- (a) by the employer, on the ground that since the right to compensation was determined the workman's wages have increased;
- (b) by the workman, on the ground that since the right to compensation was determined his wages have diminished;
- (c) by the workman, on the ground that the employer, having commenced to pay compensation, has ceased to pay the same, notwithstanding the fact that there has been no change in the workman's condition such as to warrant such cessation;
- (d) either by the employer or by the workman on the ground that the workman has ceased since the right to compensation was determined to be a minor, provided that a certificate of the nature referred to in section 18 or any other certificate of a qualified medical practitioner is produced in support of the application;
- (e) either by the employer or by the workman, on the ground that the determination of the rate of compensation for the time being in force was obtained by fraud or other unlawful means.

4. If, on examining an application for review by an employer in which the reduction or discontinuance of half-monthly payments is sought, it appears to the Commissioner that there is

ground for believing that the employer has a right to such reduction or discontinuance, he may at any time issue an order withholding the half-monthly payments in whole or in part pending his decision on the application.

5. (1) Where application is made to the Commissioner under section 7 for the redemption of a right to receive half-monthly payments by the payment of a lump sum, the Commissioner shall award such sum as is sufficient, with simple interest at

the rate of one per cent. per mensem, to provide the total of the half-monthly payments which would be payable for the period during which he estimates that the disablement will continue.

(2) When in any case to which sub-rule (1) applies, the Commissioner is unable to form an approximate estimate of the probable duration of the disablement, he may from time to time postpone a decision on the application for a period not exceeding two months at any one time.

PART II.

DEPOSIT OF COMPENSATION.

6. (1) An employer depositing compensation with the Commissioner under sub-section (1) of section 8 shall furnish therewith a statement in Form A and shall be given a receipt in Form B.

(3) The statement of disbursements to be furnished on application by the employer under sub-section (4) of section 8 shall be in Form C.

7. If it appears to the Commissioner that a sum deposited under sub-section (1) of section 8 is less than the amount of compensation payable under sub-section (1) of section 4, he may at any time before completing the distribution of the sum so deposited, either on his own motion or otherwise, require the employer to deposit such further sum as will, with the sum previously deposited, make up the amount so payable.

8. (1) Where a dependant of a deceased workman claims that compensation is payable in respect of the death of the workman, and no compensation has been deposited in accordance with sub-section (1) of section 8 in respect thereof, the dependant may apply to the Commissioner for the issue of an order requiring the employer to deposit compensation in accordance with the said sub-section :

Provided that no such application shall be entertained unless the applicant certifies therein that he has requested the employer to deposit compensation and that the employer has refused or omitted to do so.

(2) The Commissioner shall dispose of such application in accordance with the provisions of Part V of these rules : Provided that—

(a) the Commissioner may, at any time before issues are framed, cause notice to be given in such manner as he thinks fit to all or any of the dependants of the deceased workman who have not joined in the application, requiring them, if they desire to join therein to appear before him on a date specified in this behalf ;

(b) any dependant to whom such notice has been given and who fails to appear and to join in the application on the date specified in the notice shall not be permitted thereafter to claim that the employer is liable to deposit compensation.

(3) If, after completing the inquiry into the application, the Commissioner issues an order requiring the employer to deposit compensation in accordance with sub-section (1) of section 8, nothing in sub-rule (2) shall be deemed to prohibit the allotment of any part of the sum deposited as compensation to a dependant of the deceased workman who failed to join in the application.

9. An employer depositing compensation in accordance with sub-section (2) of section 8 shall furnish therewith a statement in Form D and shall be given a receipt in Form E.

Deposit under section 8 (2).

PART III.

10. A notice given under sub-section (1) of section 10 shall not be deemed invalid by reason only of the fact that it is given by a person other than the workman to whom personal injury has been caused or a dependant of such workman.

11. (1) Any employer to whom notice of accident has been given, may, at any time, notwithstanding the fact that no claim for compensation has been instituted in respect of such accident, present to the Commissioner a memorandum, supported by an affidavit made by himself or by any person subordinate to him having knowledge of the facts stated in the memorandum embodying the results of any investigation or inquiry which has been made into the circumstances or cause of the accident.

Summary dismissal of application.

23. If the application is not dismissed under rule 22, the Commissioner may, for reasons to be recorded, call upon the applicant to produce evidence in support of the application before calling upon any other party, and, if upon considering such evidence the Commissioner is of opinion that there is no case for the relief claimed, he may dismiss the application.

24. If the Commissioner does not dismiss the application under rule 22 or rule 23, he shall send to the party from whom the applicant claims relief (hereinafter referred to as the opposite party) a copy of the application together with a notice of the date on which he will dispose of the application, and may call upon the parties to produce upon that date any evidence which they may wish to tender.

Framing of issues.

(2) In recording the issues, the Commissioner shall distinguish between those issues which in his opinion concern points of fact and those which concern points of law.

27. When issues both of law and of fact arise in the same case, and the Commissioner is of opinion that the case may be disposed of on the issues of law only, he may try those issues first, and for that purpose may, if he thinks fit, postpone the settlement of the issues of fact until after the issues of law have been determined.

(4) If a witness who has been examined under sub-rule (1) makes in evidence any material statement contradicting any statement made by him in such examination, the Commissioner may call his attention to such statement, and shall in that case direct that the parties be furnished with the relevant part of such statement for the purpose of examining or cross-examining the witness.

(2) On the date so fixed the Commissioner shall record the memorandum unless, after hearing any of the parties who appear and desire to be heard, he considers that it ought not to be recorded:

Provided that the issue of a notice under sub-rule (1) shall not be deemed to prevent the Commissioner from refusing to record the memorandum on the date so fixed even if no objection be made by any party concerned.

45 (1) If, on receiving a memorandum of agreement, the Commissioner considers that there are grounds for refusing to record the same, he shall fix a date for hearing the party or parties desiring the memorandum to be recorded and shall inform such party or parties and, if he thinks fit, any other party concerned, of the date so fixed and of the grounds on which he considers that the memorandum should not be recorded.

(3) If on the date fixed under sub-rule (1), the party or parties desiring the memorandum to be recorded show adequate cause for proceeding to the record of the same, the Commissioner may, if information has already been given to all the parties concerned, record the agreement. If information has not been given to all such parties, he shall proceed in accordance with rule 44.

(4) If on the date so fixed the Commissioner refuses to record the memorandum, he shall send notice in Form L to any party who did not receive information under sub-rule (1).

PART VI.

***Bills Introduced in the Council of State and Legislative Assembly,
Reports of Select Committees presented to the Council and
Assembly and Bills published under Rule 18 of the Indian Legis-
lative Rules.***

GOVERNMENT OF INDIA. LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st February 1924 :—

No. 1 OF 1924.

A Bill further to amend the Indian Penal Code for certain purposes.

WHEREAS it is expedient further to amend the Indian Penal Code, XLV of 1860, for certain purposes hereinafter appearing ; It is hereby enacted as follows :—

Short title and
commencement.

1. (1) This Act may be called the Indian Penal Code (Amendment) Act, 1924.

(2) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Amendment of
sections 361, 372
and 373, Act XLV
of 1860.

2. In sections 361, 372 and 373 of the Indian Penal Code, XLV of 1860, for the word "sixteen" the word "eighteen" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

In 1923 the Indian Legislature passed an Act to give effect to certain Articles of the International Convention for the suppression of the traffic in women and children, namely, Act XX of 1923. Section 3 of this Act inserted a new section—366A—in the Indian Penal Code, prescribing an age-limit of eighteen years in respect of the offence of procuration of minor girls. The Act was not brought into force immediately on its being assented to by the Governor General, as it was considered that Local Governments should be consulted on the advisability of retaining the age of 18 years in the new section 366A in view of the age-limits laid down in the Code for more serious kindred offences. After considering the opinions received, the Government of India have decided to bring forward the present Bill with the object of raising the age-limit in sections 361, 372 and 373 of the Code from sixteen to eighteen years. It is proposed to bring Act XX of 1923 into force simultaneously with the present Bill, if it is passed into law.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 6th February 1924 :—

No. 8 OF 1924.

A Bill to amend the Indian Passport Act, 1920, for certain purposes.

WHEREAS it is expedient to amend the Indian Passport Act, 1920, for certain purposes hereinafter appearing; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Passport (Amendment) Act, 1924.

Amendment of section 3 of Act XXXIV of 1920.

2. In sub-section (2) of section 3 of the Indian Passport Act, 1920 (hereafter referred to as the said Act), the word "and" at the end of clause (b) shall be omitted, and after that clause the following clause shall be inserted, namely :—

"(bb) prohibit any person, who has entered British India under a passport authorising such entry for a specified temporary purpose only, from remaining in British India after the expiry of such period as is reasonably sufficient for such purpose, or from going to any place in British India otherwise than for such purpose; and".

Amendment of section 5 of Act XXXIV of 1920.

3. In section 5 of the said Act, for the words "in contravention of any rule made under section 3 prohibiting entry into British India without passport, has entered therein," the following shall be substituted, namely :—

"has entered, or remained in, or gone to any place in, British India in contravention of any rule made under section 3."

STATEMENT OF OBJECTS AND REASONS.

The attention of the Government of India has been drawn to the fact that there is no provision at present in the Rules framed under the Indian Passport Act, 1920, imposing a penalty for a breach of the conditions of a trans-shipment or transit visa which require the holder to leave India by a specified date. In a few cases recently *ex-enemy* aliens have come to India with a trans-shipment visa and have stayed in the country longer than was necessary for the purpose of trans-shipment, but could not be dealt with under the Act, which provides a penalty for entering India without a passport, but not for remaining in India. It is considered that the provision of a penalty clause in the Indian Passport Act, 1920, itself should discourage undesirables from disregarding the terms of their visa. To meet this object the Government of India have decided to bring forward the present Bill amending the Indian Passport Act, 1920.

- (b) is living in circumstances calculated to cause, encourage or favour the prostitution of such female,

the Magistrate shall fix a date for further inquiry into the matter, and shall issue a notice to the person, if any, having lawful charge of the female and to the person, if any, with whom the female is living, and to any other person to whom, in the opinion of the Magistrate, notice of the proceedings should be given, calling upon such persons to appear before him on the date so fixed and to show cause why an order committing the female to suitable custody should not be made; and may, by any such notice issued to the person having the lawful charge of the female or to the person with whom the female is living, order such person to produce the female before the Magistrate on the date so fixed :

Provided that no action shall be taken by the Magistrate under this section upon information received otherwise than in the course of such inquiry or trial as is herein mentioned, unless the informant has been examined upon oath and the substance of the examination has been recorded and signed in the manner provided by section 200 in the case of the examination upon oath of a complainant.

- (ii) a suitable person is willing to undertake the custody of the female,

the Magistrate may, after recording his reasons, make an order committing the female to the custody of such person until she attains the age of eighteen years or, if the Local Government

has fixed any less age for the purposes of sub-section (1) of section 552A, that age, or for such shorter period as the Magistrate thinks fit :

Provided that, where any Act of the local legislature relating to the protection of children or young persons contains provision for the committal of children or young persons to suitable custody and directions as to the manner in which the suitability of persons to undertake such custody shall be determined, such rules shall not be inconsistent with those directions.

(3) In making an order under sub-section (1), the Magistrate may, with the consent of the person to whose custody the female is committed, annex such conditions to the order as the Magistrate thinks fit.

(4) The Magistrate, or, where the female is within the limits of the jurisdiction of any other Magistrate competent to make an order under sub-section (1), such other Magistrate, may at any time—

- (a) compel compliance with any order so made, using such force as may be necessary ; or
- (b) cancel or vary such order ; or
- (c) with the consent of the person to whose custody the minor is committed vary any of the conditions annexed to such order.

(5) If any person, to whose custody any female has been committed by an order under this section, makes default in complying with any of the conditions annexed to the order, he shall be punishable as if he had committed an offence under the second part of section 188 of the Indian Penal Code.

XI.V of 1860

(6) The Sessions Judge may cancel or vary any order made under sub-section (1) on application made to him within three months of the date of the passing of the order by any person aggrieved thereby.

Power to accept security during or after inquiry under section 552A.

552C. If during or after an enquiry under section 552A the parent or any person who had the lawful charge of the female at the date of the institution of the enquiry offers to execute a bond (with or without sureties) to the satisfaction of the Magistrate, engaging that he will exercise all such care and supervision as is necessary to protect such female from physical and moral contamination until she attains the age of eighteen years, or, if the Local Government has fixed any less age for the purposes of sub-section (1) of section 552A, that age, or for such shorter period as the Magistrate thinks fit, the Magistrate may accept such bond and, if he does so, shall stay further proceedings or, if an order has been made under section 552A, cancel such order, and shall further order the female to be made over to the person executing the bond.

Powers and protection of custodians under an order under section 552B.

552D. (1) Any person to whose custody a female has been committed by an order under section 552B shall, whilst the order is in force, be entitled to the custody of the female, notwithstanding that she is claimed by her parent or any other person and shall, subject to such rules as the Local Government may, by notification in the local official Gazette, make in this behalf, have the powers and perform the duties of the lawful guardian of the person of the female.

(2) Nothing in section 552B or this section shall affect any power exercisable under the law for the time being in force by any Civil Court or Court of Wards in respect of the appointment or declaration of a guardian of the person of a minor, and, if an order under section 552B or section 552C is made in respect of any female and a guardian of the person of such female is subsequently appointed or declared by any Civil Court or Court of Wards, the order and any bond taken under section 552C shall be deemed to have been cancelled and the female shall be made over to the guardian so appointed or declared.

(3) Save as expressly provided by section 552C or this section, no Court shall entertain any suit or other legal proceeding to enforce any right or power which would interfere with the control of the custodian over the female as provided for by or under sub-section (1)."

STATEMENT OF OBJECTS AND REASONS.

In September 1912, Mr. (now Sir) M. Dadabhoy introduced in the Indian Legislative Council a Bill for the protection of women and girls and other purposes. In the light of the opinions received from Local Governments on that Bill, the Government of India considered that, while Sir M. Dadabhoy's measure, in the form in which it was introduced, was not altogether suitable, nevertheless the degree of acceptance which was accorded to the principle underlying it, namely, the desirability of strengthening the Law for the safeguarding of minor girls and affording some facilities for the rescue of children from undesirable surroundings, justified a cautious advance in this direction. In September 1913, Government accordingly introduced a Bill to amend the Indian Penal Code and the Code of Criminal Procedure, 1898, with that object in view. The Bill was circulated for the opinion of Local Governments, and when these opinions were received, it was referred to a Select Committee whose report was presented in March 1914. The Committee made material alterations in the Bill and recommended its republication. The Local Governments were again consulted on the Bill as amended by the Select Committee, but further consideration was postponed owing to the outbreak of the War. Since then, however, some local legislatures have enacted laws dealing with the protection of children and the suppression of brothels and prostitution.

2. On the 27th February 1922, Dr. H. S. Gour moved, and the Legislative Assembly adopted, a Resolution recommending to the Governor-General in Council that a law be enacted prohibiting the wholesale traffic in minor girls for immoral purposes ostensibly intended as *devadasis* but in reality used for indiscriminate immoral purposes. The present Bill is the outcome of the discussion on that Resolution, and it reproduces the provisions of the Bill of 1914 as amended by the Select Committee, with certain modifications which have been introduced in view of the opinions of Local Governments collected in 1914, and the provisions of the Indian Penal Code (Amendment) Act, 1923 (XX of 1923), and of the local laws enacted for the protection of children. The main provisions of the Bill fall within two categories: one part is designed to remedy defects in the provisions of sections 372 and 373 of the Indian Penal Code and the other part provides a procedure for the rescue of girls living in circumstances calculated to lead to prostitution which will be capable of adoption in cases in which there is suitable custody to which the girl can be committed. The purport of the principal clauses is given in the notes below.

Notes on Clauses.

Clause 2.—The amendment is designed to make it clear that an offence is committed under section 372 or 373 of the Indian Penal Code, when the minor is either disposed of or procured for the purpose of being sexually known either before or after attainment of the age of eighteen years, and whether she is made over to a life of immorality or merely subjected to an isolated act of carnal intercourse. In either case the child is equally deserving of protection. The age of eighteen years has been fixed with reference to the provisions of the Indian Penal Code (Amendment) Act, 1923.

Clause 3.—The first Explanation provides that if a minor girl is disposed of to a prostitute or a brothel-keeper or manager, the person so disposing of her shall be presumed to have done so with the improper intent mentioned in section 372 of the Indian Penal Code.

The second Explanation defines the offence of illicit intercourse as sexual intercourse between persons not united by marriage or by any union or tie which, though not amounting to a marriage, is recognised by the personal law or custom of the community concerned, as constituting between them a *quasi-marital* relation.

Clause 4.—The amendments are consequential to the Explanations added by clause 3.

Clause 5.—Under the provisions of section 552 of the Code of Criminal Procedure a Magistrate may compel the restoration of abducted females, if their age is less than fourteen years. The clause increases the age to sixteen years. It is not proposed to increase the age further, as it is considered that it is most suitable to fix sixteen years as the age under which a girl may be restored to her husband, parent, guardian or other person having lawful charge of her.

Clause 6.—Empowers a Presidency or District or Subdivisional Magistrate, or a Magistrate of the first class specially empowered by the Local Government in this behalf, upon knowledge obtained in the course of an inquiry into or trial of an offence under section 372 or 373 of the Indian Penal Code, or on information received from any person not being a police officer of lower rank than an Inspector, to take proceedings for the protection of females under the age of eighteen years or such less age as the Local Government may specify in this behalf, and to commit such females to suitable custody. Local Governments are empowered to make rules for the determination of the suitability of custodians, but such rules must not be inconsistent with any directions contained in the local Children Acts in regard to such matters. The Sessions Judge is empowered to cancel or vary an order of committal to suitable custody on application made within 3 months. The powers of guardians appointed by Civil Courts are safeguarded.

Election Case No. 8 of 1924.

Amulya Dhona Addy

versus

**Mr. Byomkesh Chakravarty.
Raja Reshee Case Law, C.I.E.
Mr. Murali Dhar Roy.**

Report.

This election petition concerns the Bengal National Chamber of Commerce Special Constituency. It appears that a number of firms are members of the Bengal National Chamber of Commerce. When the electoral roll of this special constituency was prepared, 118 firms or companies were placed on the roll out of a total of 180. Sixty-two persons were entered by their names as electors. There were four candidates on the date of the election to the Bengal Legislative Council. Mr. Byomkesh Chakravarty and Raja Reshee Case Law obtained a majority of votes and were declared elected. The petitioner was an unsuccessful candidate. He filed the present application making the other three candidates parties. There was no allegation against Raja Reshee Case Law and Mr. Murali Dhar Roy, the respondents Nos. 2 and 3. Mr. Murali Dhar Roy did not appear. Raja Reshee Case Law appeared on the first date, but as the petition was not pressed against him he was allowed to depart.

The petition proceeded only against Mr. Byomkesh Chakravarty. The main contention raised by the petitioner is that Mr. Chakravarty is not entitled to be a candidate by reason of the fact that his name does not appear on the electoral roll, though the Bengal National Bank, Limited, of which he is a director, is on the roll. The petitioner also pleaded that firms and companies are not entitled to be registered as electors in the electoral roll and all votes purporting to have been exercised on their behalf ought to be rejected. Certain other allegations were made; but it is not necessary to mention them as they were not pressed. The reply of Mr. Byomkesh Chakravarty is that the petition is out of time, that the petitioner, not having objected to his nomination at the scrutiny of the nomination papers, has waived his right to question the nomination and election, that the Bengal National Bank, Limited, is an ordinary member of the constituency known as the Bengal National Chamber of Commerce Constituency and is therefore rightly registered as an elector and that he as director of the aforesaid bank is duly qualified to be nominated and elected and returned as member of the Bengal Legislative Council. It was mentioned that in other Commerce and Industry Constituencies firms and companies are registered as electors in the rolls of such constituencies. The following issues were framed by us:—

- (1) Is the petition barred by time?
- (2) Was Mr. Byomkesh Chakravarty properly nominated in view of the fact that his name does not appear in the electoral roll?
- (3) Were there any votes improperly received—
 - (1) either because they were votes given by firms and companies, or
 - (2) because the votes were tampered with?
- (4) Was Regulation LVI complied with? If not, was the result of the election materially affected thereby?

At the time of the hearing the petitioner gave up issues 3 (2) and 4, but an additional issue was framed as follows:—

- (5) Has the petitioner waived his right, if any, to question the nomination, election and return of the respondent?
Has he acquiesced in the correctness of the electoral roll, and is he precluded from now questioning its correctness?

Issue No. 1.—The election petition was filed on 2nd January 1924. Mr. Chakravarty filed the return of his election expenses on the 14th December 1923. It appears that the intervening days between the 28th December 1923 and 2nd January 1924 were notified by the Local Government as days to be observed as holidays in Government offices. We have examined the notification and we have no hesitation in holding that the petition is in time.

Issue Nos. 2 and 3.—Rule 8 (2) of the Bengal Electoral Rules states that the qualifications of an elector for a special constituency shall be the qualifications specified in schedule II in the case of that constituency. Turning to the Schedule II, 13 (2) we find that "*life and ordinary members of the Bengal National Chamber of Commerce.....shall be qualified as electors for the Constituency comprising.....the Chamber of which they are members*".

Provided that no person shall be so qualified who has not a place of residence in India.

There is an explanation which runs:—

"Explanation—Member, life member, ordinary member include—

(a) in the case of a firm, any one partner in the firm, or if no such partner is present in Calcutta at the date fixed for the election, any one person empowered to sign for such firm, and

(b) in the case of a company or other corporation any one manager, director or secretary of the company or corporation."

These qualifications are not enough to get the elector on the electoral roll. To be entitled to have his name registered "the person" must have the above qualifications and must not be subject to the disabilities of minority, lunacy and so on. Rule 7 (1) governs rule 8 (2). Rule 10 again lays down that the person registered on the electoral roll shall be entitled to vote, but not if he is subject to the disabilities mentioned in rule 7. Rule 6 (b) says that no person shall be eligible for election as a member of the Council to represent a special constituency *unless his name is registered on the electoral roll* of the constituency and to be fit for election under rule 5 he must be a British subject, not a female nor a lunatic nor a bankrupt nor an unpardoned ex-convict and so forth. Various other rules and regulations including Regulation XV have been referred to and have been considered by us. We cannot but come to the conclusion that the legislature intended that it was a natural person who should have the right to be on roll and to be entitled to vote or nominate or be a candidate. We had the advantage of hearing the learned Advocate-General in the case and he has admitted that if the word "person" is construed strictly the idea of a firm being on the electoral roll must be discarded. We cannot go to the General Clauses Act or the English Interpretation Act for the proposition that a person includes an association. It is our duty to construe the law in question here. It is an accepted canon of construction that unless there is something in the context to the contrary, the same word has the same meaning. The explanation in the schedule means no more than that a firm must exercise the franchise through a partner or representative. It seems that by the constitutions of these chambers and associations firms and companies can be members of these bodies; but we do not consider that the legislature intended to put firms and companies on the electoral roll.

Learned Counsel Mr. H. D. Bose appearing for Mr. Chakravarty wished us to lay stress on the Schedule II, paragraph 13, and he contended that firms and companies can come in. He argued that since firms can be on the electoral roll the persons who make up the firm are on the electoral roll and that therefore a partner can be eligible for election.

The learned Advocate-General confessed that the rules were not very clear but wished us to adopt a view, if we could, which would reconcile the law to the existing state of things. He urged that the legislature must have been aware of the constitutions of these associations and chambers and that the draftsman who drew up the rules made the mistake of not making things clear. It was argued by him that since firms can only work through a representative it might be taken that the disabilities which can be predicated only of a natural person were meant to apply only to the representative of the firm. It was pointed out that in these Commerce and Industry Constituencies there is no ballot and the electors need not appear in person, and that the voting papers are sent to them and returned by them to the returning officer.

There is nothing necessarily unreasonable in firms being put on electoral rolls, being allowed to vote and nominate and being even candidates for election; but we venture to think that if this was the intention of the legislature, the legislature would have made rules to carry out the idea. Firms being artificial persons can only act through a natural person. The question is, did the legislature intend that the representative of a firm should be allowed to vote and stand for election without being on the electoral roll? Learned Counsels are really assuming that, by rule 8 read with Schedule II, firms were meant to be electors and then asking us to interpret the other rules in this light. But if we construe the rules and the schedule, the qualifications with their provisos and explanations; the disabilities which electors must not be subject to, and the rule that no votes shall be received by proxy, there is no escape from the conclusion that it is the partner or representative of the firm who should be on the roll and be able to stand for election.

We must not be led into absurdities. Females, lunatics, minors and aliens cannot be electors; but we are to hold that if they join with one another they should be "deemed" as electors. It was suggested by Mr. Bose that they may remain on the electoral roll thus joined as firms; but the disabilities might be considered when they exercise their right to vote. The disabilities have to be taken into account under rule 7 when persons are to be put on the roll or during the period allowed for objections thereto.

Consider for a moment again where the proposition that a firm can be a voter, will lead us. It is the elector eventually who becomes a member of the Council. Does the

firm become member of Council? Certainly not. The candidate has to give the name of his father and his age and, if elected, he is to take the oath. If he dies, resigns or goes away, etc., the constituency is called upon to elect another person. If the argument be that a firm is an elector then the firm is eventually the elected person and there is nothing to prevent the different members A, B, C of a firm sitting in the Council on different dates. Learned Counsel will not face the logical conclusion. It was argued by Mr. Bose that once elected the member is not bound to obey the commands of his constituency. That is so; but if you say the firm is the elected person, then why should not the firm exercise its right in Council through different representatives? Very likely in these associations and chambers firms act in this fashion. Different partners might vote on different dates. That is not possible in the Bengal Legislative Council. The elected person is there for the life of the Council. He has years and he has a father and he has to take the oath. Learned Counsels are therefore forced to admit that when it comes to the question of election to the Council the candidate must be a natural person. If we follow the rules down to the election the conclusion is that that candidate must be on the electoral roll. The question of an elector or a proposer or a seconder stands on the same footing.

With great respect to the learned Advocate-General we cannot follow him in his contention. We cannot add and subtract to bring the law into conformity with the way the electoral roll has been prepared. "We are not entitled," said Lord Loreburn (Vickers and Evans 79 L. J. K. 1955), "to read words into an Act of Parliament unless clear reason for it is to be found within the four corners of the Act itself." The learned Advocate-General wishes us to leave out the proviso clause about residence in the schedule and leave out the disqualifications as affecting firms and add that this proviso and these disqualifications refer to a representative of the firm who is not himself on the roll. "Nothing is to be added to or to be taken away from a statute, unless there are adequate grounds to justify the inference that the legislature intended something which it omitted to express" (Tindal C. J. in *Everett v. Wells*, 2 M & Gr. 277 and Lord Eldon in *Davis v. Marlborough*, 53 R. R. 29).

It was mentioned that the contention of the petitioner, if given effect to, will cause great hardship. The hardship consists in the fact that in these Commerce and Industry Constituencies firms have been put on the electoral roll. We learn that there are only three individuals on the roll of the Bengal Chamber of Commerce and none on the roll of the Trades Association. The electoral rules seem to provide for a revision when the roll is very defective. The argument of hardship is a dangerous one to listen to. Courts ought not to be influenced or governed by any notions of hardship. "They must look hardships in the face rather than break down the rules of law" (Jessel in *Ford v. Kettle*, 9 Q. B. D., p. 139). Even if there were anything to suggest *aliunde* that it was the intention of the legislature to put firms on the electoral rolls we are not at liberty to speculate. Our business is to construe not what the legislature meant but what its language means. We expound but we do not improve the statute. We are to remember, as Lord Bacon said, that our office is "*jus dicere*", not "*jus dare*." The law as laid down in these rules is not unreasonable nor inconsistent nor unjust and the natural construction cannot be departed from, merely because it may operate with hardship or injustice in some cases.

There is one sentence in the explanation to paragraph 13 of Schedule II which has been made much of. Let us repeat it. "Members, etc., include (a) in the case of a firm any one partner in the firm, or if no such partner is present in Calcutta at the date fixed for the election, any one person empowered to sign for such firm." It looks at first sight as if the legislature contemplated a fluctuating body. Mr. Bose argues that it gives power to a firm to put up a representative for election if a partner is absent from Calcutta. Logically it follows that even though someone else has been nominated, if he is absent on the date of election, the firm might put up another person for election. The learned Advocate-General thinks that this would be going too far and that at the date of the election, as only the right to vote is left, the firm might exercise the right to vote by a representative other than a partner. The meaning of the sentence has not been very clearly expressed; but we have to look to the rest of the statute to construe it. If the firm has already put forward a candidate who has been nominated but who has had to leave Calcutta, it cannot be that the firm can say that it will have some other representative in his place. The returning officer will, under the rules, reject him at once as not having been nominated at all. We have seen and it is conceded that when it comes to election the candidate must be an individual. The date of final publication of the electoral roll is not very long ahead of the election that is going to take place, and the date for lodging claims can be extended by Regulation XI, and our interpretation is that the sentence means that the firm would know beforehand if the partners are going to be away and they can put forward a person empowered to sign for such firm as the elector in the electoral roll. The word "include" only enlarges the meanings of phrases and words, and here it only extends the power of the firm to put forward a representative other than a partner. The very explanation, if considered along with the rules, shows that it is not the firm which is to be on the electoral roll but the partner or the representative. If the contention of the learned Counsel be correct the explanation was unnecessary.

We are fortified in this view by a consideration of the electoral rules in the other Provinces. We take them from Mr. Hammond's book. Take Bombay: The rule for the

local Council is that "a person shall be qualified as an elector for a Commerce and Industry Constituency whose name is entered in the list of members, for the time being in force of the association forming such constituency or who is entitled to exercise the rights and privileges of membership on behalf of and in the name of any firm or company or corporation entered in such lists of members." The Assam and Central Provinces Rules are precise and lay down that the person is to be authorised by the firm as well. It is clear that a natural person is meant. An examination of the Council of State rules leads us to the same conclusion. In the Indian Commerce Constituency of Madras the rule is, "every Indian and one *duly authorised representative* of every Indian partnership shall be qualified.....if such person *has* resided in the Presidency, etc." Clearly a natural person is meant.

In the very Schedule II of the Bengal Electoral Rules in the earlier part a distinction is drawn between a person and a firm, and in cases of joint families it is laid down that the person qualified is the manager of the family. All throughout therefore it is the individual who can vote and who can stand for election. We hold therefore that the petitioner's contention must prevail. Mr. Chakravarty's name not being in the electoral roll he was not properly nominated. We hold that the election of Mr. Byomkesh Chakravarty was null and void and that it should be set aside. We are of opinion that a fresh election should be held to fill the vacancy so caused.

No evidence has been produced before us as to the actual votes given, and we are therefore not in a position to hold that any votes should be rejected because such votes were given by companies and firms. It has transpired, however, that the Bengal National Bank, Limited, nominated Mr. Chakravarty to contest the seat and empowered Mr. B. N. Banerjee to vote for the Bank. Mr. Bose argues that there is nothing to prevent a firm from exercising these separate rights. It is sufficient to say that in the view we come to the person who can exercise the right to vote must be on the roll and the procedure was incorrect.

Issue No. 5.—It was pointed out that the electoral rolls were prepared some time ago. The rules contemplate the filing of objections. No objection was taken by the petitioner then or before the returning officer. All parties proceeded upon the basis that there was a valid nomination paper. The petitioner courted the election and has now come forward with his objection only after he has been unsuccessful. However morally wrong he may be, it cannot be said that there is any waiver. There is no question of estoppel. The petitioner does not seem precluded from raising his present objection. It is an objection which could be taken by any elector of that constituency. The objection goes to the very root of the matter. The electoral roll is final in certain matters, *e. g.*, qualifications; but the question whether there is any disenfranchisement by the statute itself is one which can be raised before the Election Court (*Stowe v. Joliffe*, 1874 L. R. 9 C. P., p. 750). The issue is therefore decided in favour of the petitioner and against the respondent.

It was suggested that in the event of our coming to the conclusion that firms cannot be electors the whole election should be set aside. We are unable to accede to this request. As stated before the case was not pressed against Raja Rishee Case Law and we do not think that we should touch his case. We think that on the pleadings and the facts placed before us the election of Mr. Byomkesh Chakravarty only should be set aside.

In the circumstances of the case we recommend that the parties do bear their own costs.

Election case No. 10 of 1924.

Nawab Mirza Shujaat Ali Beg Khan Bahadur, *petitioner*

versus

Maulvi Mahboobul Haq.

Report.

This is a petition by Nawab Mirza Shujaat Ali Beg Khan Bahadur against the election of Maulvi Mahboobul Haq from the 24-Parganas Municipal (Mahomedan) constituency to the Bengal Legislative Council. The petitioner and the respondent were the

only two candidates for election. The 1st of December 1923, 8 A.M., was fixed for counting of votes. The parties with their agents attended, and the counting was done in their presence. The Returning Officer announced the result of the poll and declared the respondent duly elected. The petitioner obtained 911 votes and the respondent 936 votes. There were 48 rejected votes. Soon after when the verification statement required by Regulation XLVIII was being prepared, it was discovered that one ballot box from this constituency had not, by mistake, been opened. It appears that in its place a ballot box of the Hindu constituency had been opened, but the Hindu votes had been rejected. The unopened ballot box was of the Baduria Municipality. The Returning Officer sent for the candidates at once. The respondent was not found. The petitioner turned up and an agent of the respondent also came and the contents of the ballot box were counted in their presence. Two hundred and four ballot papers were found in the box. Eighty-one votes were in favour of the respondent, while 123 votes were for the petitioner. One ballot paper was rejected. The total votes for each candidate thereupon stood, for the petitioner 1,034 and for the respondent 1,017. There were 38 rejected votes. Eleven of the votes given by Hindus for the Non-Mahomedan constituency were taken out as they did not concern this constituency. This result reversed the decision arrived at when the votes were first counted and Maulvi Mahboobul Haq was declared elected. The Returning Officer thought that his first declaration was invalid, but he was not sure if he could make a second declaration and he thereupon submitted his report to Government for instructions. We do not know what the instructions were, but Maulvi Mahboobul Haq's name was published in the *Calcutta Gazette* as that of the elected candidate. The petitioner thereupon filed his present application.

These facts are not challenged in the written statement filed by the respondent. The respondent made a grievance that he was not present at the second counting of the votes and he submitted that the Returning Officer should not have opened and counted the votes in the unopened ballot box after announcing the result of the poll and pleaded that the Returning Officer was *functus officio*.

Mr. Lindsay, the District Magistrate of the 24 Parganas, who was the Returning Officer, was examined in the case and he corroborated the petitioner's case and explained how the papers of the ballot boxes had been mixed up and counted and the result declared and how the mistake was subsequently discovered when the return required by Regulation XLIX was being prepared and how the parties were sent for and the ballot papers in the Baduria box counted. It appears from Mr. Lindsay's evidence that the result of the second counting was declared by him to the people present. The result of Mr. Lindsay's counting is not challenged.

The learned pleader for the respondent contends that the Returning Officer was *functus officio* after he made the first declaration. It is argued that the Returning Officer should not have touched the unopened box. Certain English cases have been cited. They are mentioned in Parker, page 385. The English rule is that if a mistake is discovered after the Returning Officer has declared the result, "the mistake can only be rectified by filing an election petition praying a recount." It seems to us that this is the procedure which has been followed in this case. The Returning Officer having made his declaration, he was not entitled to reverse his decision. The English cases cited do not show that the Returning Officer cannot ascertain his mistake. Turning to our Rules and Regulations, it cannot be said that the Returning Officer was *functus officio*. He had still to make the return mentioned in Regulation XLIX and the report to the Secretary to the Council under Rule 14 (9). It may be even said that the first declaration was a void declaration as it was made on an incomplete counting. Rule 14 (7) states that "when the counting of the votes *has been completed*, the Returning Officer shall forthwith declare the candidate, to whom the largest number of votes has been given, to be elected." The counting of the votes had not been completed inasmuch as the contents of the Baduria box had not been taken into account. The Returning Officer was not, therefore, *functus officio*. Even if he was, it is open to us to take into account the contents of this box.

A complaint was made that the respondent was not present and had no opportunity to examine the box and that, therefore, he was prejudiced. Rule 14 (6) had been quoted. It says:—"Votes shall be counted.....and each candidate, the election agent of each candidate, and one representative of each candidate, authorised in writing by the candidates shall have a right to be present at the time of counting." It is proved that the respondent was sent for. He was away and could not be found, but his agent Mohammad Fakiruddin turned up and the counting was done in his presence. It is now said that Mohammad Fakiruddin was not authorised in writing by the respondent to be present at the counting.

The respondent admits that in the morning he took Mohammad Fakiruddin and another gentleman with him to be present at the counting. He admits that Mohammad Fakiruddin was one of his polling agents. It is too late to say that Mohammad Fakiruddin was not his agent and had no written authority. The Returning Officer is not bound to admit an agent to be present at the counting unless he is authorised in writing by the candidate, but when the candidate takes an agent of his to be present at the counting and the same agent is present at the second counting, it would seem that the requirements of the law have been fulfilled. If Mohammad Fakiruddin was good enough to be his polling agent, he was good enough to watch the counting on his behalf. The respondent is obviously trying to disown his own representative. As we have said before the counting

by Mr. Lindsay is not challenged. It seems ridiculous to us for the respondent to complain of any hardship. The hardship was on the other side since the petitioner was not declared elected in spite of the fact that he had a majority of the votes.

The learned pleader for the respondent contended that the petition was not maintainable inasmuch as the petitioner had not asked for a recount. Rule 33 (1) states that "the petition shall contain a statement in concise form of the material facts on which the petitioner relies" and Rule 34 says that "the petitioner may, if he so desires, in addition to calling in question the election of the returned candidate, claim a declaration that he himself has been duly elected". The petitioner has done this and has asked that on the votes ascertained by the Returning Officer, he should be declared and returned as duly elected since he obtained the largest number of votes. If the learned pleader means that all the ballot papers should be recounted, all we need say is that this is unnecessary. It is common ground that up to the declaration made by the Returning Officer on the first count, the counting is correct. The only question therefore before us is whether the contents of the box which was subsequently found should be taken into account or not. The petitioner is entitled to proceed on the figures ascertained by the Returning Officer. The Returning Officer has deposed that had he made the discovery earlier, he would have declared the petitioner as elected. He stayed his hand because he had already made the declaration. The learned Vakil for the petitioner has quoted a case which is apposite: *in re North-Eastern Derbyshire Election Holmes versus Lee* reported in 39 Times Law Reports, 1923, page 423. It appears that in this case three ballot papers at a Parliamentary Election were found in different ballot boxes after the declaration of the poll: one which was for the petitioner on the date of the declaration and two which were for the respondent after a lapse of 11 days; it was held that as these papers had been inadvertently left in the boxes, in the particular circumstances of the case the three votes must be allowed. We hold that the ballot papers in the Baduria box must be taken into account.

Our conclusion therefore is that the respondent Maulvi Mahboobul Huq was not duly elected and that this election and return should be set aside and that it should be declared that the petitioner was duly elected from this constituency.

Since the respondent was not responsible for the mistake which has resulted in this election petition, we recommend that the parties should bear their own costs.

NOTIFICATION.

No. 2562For.—The 14th March 1924.—The following regulations issued by the Government of India, Department of Education, Health and Lands, are republished for general information.

M. C. MCALPIN,

Secretary to the Government of Bengal.

Regulations for the appointment, in India, of probationers for the Imperial Forest Service in 1924.

Applications are invited from natives* of India and Burma for probationerships for the Imperial Forest Service. Candidates of European or Anglo-Indian descent must be unmarried and, if appointed as probationers, must remain unmarried until completion of the prescribed course of training and their return to India.

2. Applicants, who should not be more than 23, nor less than 19, years of age on 30th June 1924, must possess an *Honours* or a first class, degree in Science or an M. Sc. degree of any class of University incorporated by law in India or the qualifications required of candidates applying for appointment in England.†

3. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Testimonials or other recommendations should not be attached to the applications.

4. Applications from officers already in the public service, whether as probationers or on a permanent establishment, will not be entertained.

5. Applications from residents in Ajmer, Baluchistan, Coorg, Delhi and North-West Frontier Province should be addressed to the Secretary to the Government of India, Department of Education, Health and Lands, through the Chief Commissioners of those Administrations, and from residents in Indian States through the Political officer or Agent *in time to reach the Government of India not later than the 1st May 1924*. Applications from residents in other territories should be addressed to the Revenue Secretary of the local Government concerned *in time to reach him not later than the 1st May 1924*. The applications must be in the form attached to these regulations. Copies of the regulations and of the forms of application may be obtained from the Secretary to the Government of India, Department of Education, Health and Lands, the Revenue Secretaries to the Governments of Bombay, Madras, Assam, Bengal, Bihar and Orissa, Burma, Central Provinces, the Punjab, the United Provinces; the Chief Commissioners of Ajmer, Coorg and Delhi; the Chief Commissioner and Agent to the Governor-General in the North-West Frontier Province; the Agent to the Governor-General and Chief Commissioner in Beluchistan and Political Officers of Indian States.

6. Applications must be accompanied by a preliminary medical certificate of fitness for service in the Forest Department, signed by a Presidency Surgeon or the Civil Surgeon of the district or agency in which the applicant resides. This certificate is intended to prevent applications from candidates who are obviously physically unsuited for the Forest Service and will not exempt candidates from appearance before the final Medical Board.

7. Candidates who from their applications and from any further enquiries that may be considered necessary appear to the Government of India or to the local Government concerned to be *prima facie* suitable will be summoned to appear before a Medical Board to undergo a strict medical examination in which particular stress will be laid on good vision and hearing. Each candidate appearing before the Board will pay a fee of Rs. 16 for his medical examination which will not be refunded whether the candidate is passed as fit or rejected as unfit. If passed as fit for the work of the Forest Department, they will then be interviewed by a Selection Board appointed by the Government of India or by the local Government concerned as the case may be.

8. Candidates summoned by the Government of India to appear for the medical examination and interview referred to in paragraph 7 will not be paid any travelling allowance.

Candidates summoned by local Governments for similar purposes may be paid travelling allowance under such conditions and at such rates as the local Government concerned may specify.

* "Native of India" means any person born and domiciled within the dominions of His Majesty in India or within the territory of the Indian Princes tributary to or in alliance with His Majesty, of parents habitually resident in India and not established there for temporary purposes only.

† Candidates must have obtained a degree with *Honours* in some branch of Natural Science ‡ in a University of England, Wales or Ireland, or have passed the Final Bachelor of Science Examination in Pure Science in one of the Universities of Scotland.§ A degree in Applied Science will not be considered as fulfilling these conditions. Candidates are required to produce evidence that they have a fair knowledge of either German or French. Weight will be attached to the possession of a diploma or degree in Forestry.

‡ A Moderators'hip in Natural Science or in Experimental Science at the University of Dublin will be considered as fulfilling these conditions.

§ Graduates in Forestry at the University of Edinburgh are regarded as satisfying the requirements of this paragraph if they pass the Final Examination of that University in some one branch of Natural Science embraced in the degree in Pure Science.

No allowance for board and lodging will be made in connection with the journeys mentioned above and candidates will make their own arrangements in this respect.

9. Those finally selected as a result of the interview prescribed in paragraph 7 will be appointed as probationers for the Indian Forest Service; they will be required to leave for England early in September and, subject to their undergoing satisfactorily, as described below, a course in Forestry and allied subjects in England, will be appointed finally as Assistant Conservators of Forests. A free second class passage to England will be provided, but neither the cost of travelling to the port of embarkation, nor the cost of the overland journey from Marseilles will be paid to candidates selected for training unless they are expressly instructed to travel overland and provided with steamer tickets to Marseilles only. In the latter event the High Commissioner for India will refund the rail and baggage expenses if directed to do so.

10. *Period of Probation.*—Before appointment to the Imperial Forest Service a probationer will be required—

- (1) to have undergone and qualified in, to an extent to be prescribed by His Majesty's Secretary of State for India, the course of Forestry at such University as the Secretary of State may prescribe;
- (2) to have undergone a special course of instruction in Forestry under the direction and supervision of the Director of Indian Forest Studies;
- (3) to have passed an examination in forest engineering and, if required in certain other special subjects, namely, Systematic Botany of Indian trees, Indian Geology, Forest Law and Indian Working Plans;
- (4) to have undergone a final competitive examination in Forestry;
- (5) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation is, in ordinary cases, two years. The Director of Indian Forest Studies instructs probationers in each case as to the order and manner in which they should fulfil these various requirements.

11. *Charges.*—Probationers will be required to defray all expenses of lodging, board, tuition and excursions to forest centres in the United Kingdom while at the University and on practical instruction.

12. *Allowances.*—The Secretary of State for India in Council makes payment to each probationer at the rate of £350* per annum, not exceeding a total of £700.

These payments are ordinarily made on the following dates:—

First year—

on the 15th October	75
on the 15th December	100
on the 15th March	75
on the 1st July	100
					<hr/> 350

Second year—

on the 15th December	100
on the 15th March	75
on the 1st July	100
on the 15th October	75
					<hr/> 350

The cases of probationers whose probation does not extend over the full period of two years will be specially considered.

For tours made on the Continent, under the instructions of the Director of Forest Studies, subsistence and travelling allowance will be paid by the Secretary of State for India in Council at such rates as he may from time to time fix. The fees of the local forest officials at the centres visited will also be paid by the Secretary of State.

The grant of allowances is subject to the following conditions:—

- (a) that the progress of the probationer in his studies is satisfactory;
- (b) that the probationer gives security† to refund the payments in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 15 or failing to join the Indian Forest Service at the end of the period of probation;
- (c) that the probationer undertakes to refund in proportions fixed under the terms of his agreement, the payments, together with the cost of his first-class passage to India, in the event of his leaving the Service during the first five years from the date of his appointment.

* The Secretary of State for India gives notice that the amount of these allowances will be reconsidered in 1924 with a view to possible reduction with effect from the instalment payable in October 1925.

† Probationers will be required to give security to the local Government or Political Officer, through whom they submitted their applications. If this condition is not satisfied, they will not be permitted to leave for England.

13. *Conduct.*—Every probationer is required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his name removed from the list of probationers.

14. *Appointment and seniority.*—Probationers who comply with the requirements of paragraph 10 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, are appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. No probationer will be confirmed as a member of the Imperial Forest Service who fails to profit by the course of training, or who appears, in the light of the experience acquired as to his capacity and qualifications during the probationary period, to be unsuited for the work of a forest officer.

The position of the Assistant Conservators in the Provincial Forest Lists is determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies. Officers promoted from the Provincial to the Imperial Service will take rank according to their pay in the latter service. Probationers recruited under these regulations must consequently be prepared to find their names placed below those of officers promoted from the Provincial Service.

Probationers are allowed at the end of the period of probation to state their preference in respect to the province to which they desire to be allotted; but the distribution is made to the several provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council and no guarantee can be given that probationers will, on appointment, be posted to their own provinces. Indians will not, however, be required to serve in Burma and Burmans will not be required to serve in India.

Officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

15. *Articles of agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

16. *Passage to India.*—Each probationer on appointment to the Indian Forest Service is provided with a free first-class passage to India.

17. *Salary.*—The scale of pay and allowances in force for officers of Indian domicile is given in Appendix II to these regulations.

18. *Promotion and Pension.*—Promotion and pension are governed by the regulations laid down by the Secretary of State for India in Council, and applicable to forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by him and their interpretation in case of any doubt arising being left to that authority.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service will be found in Appendix II, and a summary of information regarding pensions is contained in Appendix III.

APPENDICES.

APPENDIX I.

Final Examination.

1. With a view to the allocation of the annual Currie Scholarship for Indian Forest Students (value about £35), and to facilitate the allotment of probationers to the several provinces in accordance with paragraph 14 of the regulations as to appointments in the Indian Forest Service, probationers who have completed their prescribed course of training are required to undergo a competitive final examination in Forestry.

2. A list of the probationers in order of merit is prepared by adding together (a) the marks obtained at the final examination, and (b) the marks obtained during the course of practical training in forestry under the control of the Director of Indian Forest Studies. The maximum of marks obtainable under (a) is the same as under (b).

3. The final examination consists of an oral examination and three or more papers, as follows:—

- (i) One or more papers in Sylviculture, Forest Protection (including Forest Botany and Forest Entomology), and Forest Utilization (including Forest Engineering).
- (ii) One or more papers in Forest Management, Forest Mensuration, Forest Valuation, and Forest Administration.
- (iii) A paper in General Forestry (Practical) dealing with the work done and with the forests visited during the course of practical training.

RESOLUTION ON THE REPORT ON THE WORKING OF CO-OPERATIVE SOCIETIES IN BENGAL FOR THE YEAR ENDING 30TH JUNE 1923.

GOVERNMENT OF BENGAL.

AGRICULTURE AND INDUSTRIES DEPARTMENT.

CALCUTTA, THE 18TH MARCH 1924.

RESOLUTION—No. 1375 Co-op:

Minister in charge: The Hon'ble Hadji Mr. Abdul Karim Abu Ahmed Khan Ghuznavi.

READ—

The report on the working of Co-operative Societies in Bengal for the year ending 30th June 1923.

Rai J. M. Mitra Bahadur filled the post of the Registrar, Co-operative Societies, and Mr. M. Thorp, i.c.s., that of the Deputy Registrar, Co-operative Societies, Bengal, throughout the year under report. An important change of policy in the administration of the department was effected during the year in that the Government of India was moved to obtain the sanction of the Secretary of State to exclude the two superior posts, viz., those of Registrar,

Co-operative Societies, and Deputy Registrar, Co-operative Societies, from the provincial cadre of Indian Civil Service, subject to the proviso that it was left open to the Local Government to appoint to either post a member of the Indian Civil Service or the holder of a listed post should it be found desirable at any time to do so in the interests of public service. The Secretary of State's orders sanctioning the proposal were received shortly after the close of the year. The Bengal Retrenchment Committee, which submitted their report during the year under review, recommended many drastic changes both in the organisation and activities of the department. Most of these proposals, however, did not meet with the approval of Government. The only suggestion of consequence which has been accepted is the abolition of the post of Deputy Registrar, Co-operative Societies. The decision has been enforced from the 11th January 1924. The question whether the inspecting staff consisting of Sub-Deputy Collectors and outsiders should continue to depend upon the Subordinate Civil Service came up for consideration during the year. It was decided that, in the interest of the department, some Sub-Deputy Collectors were necessary, and it was considered that six would suffice. Orders have accordingly issued as a result of which all except six of the Sub-Deputy Collectors serving in the department reverted to the general line.

2. The number of Societies of all kinds increased from 6,679 to 7,822 or by 17·1 per cent. against an increase in the preceding year of 4·9 per cent., membership from 260,142 to 292,981 or by 12·6 per cent. against 7·4 per cent. in the preceding year, and working capital from 3·68 to 4·33 crores or an increase of 17·6 per cent. against 10·6 per cent. in the preceding year. These figures indicate beyond doubt that the public realise the great importance of the co-operative movement in solving such vital problems as agricultural indebtedness, agricultural improvements, revival of cottage industries and the like. It is also interesting to note that while the actual cash employed in the movement increased from 2·39 crores to 2·82 crores, the percentage thereof contributed by outsiders continues on the decrease. The development towards connecting rural finance in the co-operative societies with trade and commerce in the towns, especially Calcutta, has manifested itself more clearly, and though still of no great magnitude it reveals considerable possibilities. At the other end of the scale from the complicated transactions which this suggests is the reversion to the distribution of home-safe boxes among members of primary credit societies in the hope that, although the same process produced little or no result when first it was tried at the inception of the co-operative movement in Bengal, it may now, when the people have had 20 years' experience of societies, be more successful in encouraging thrift. As indicative of the advance that is being made the departure is noteworthy by which well-managed societies are permitted to open accounts with Central Banks on which the members of the societies may operate by means of cheques. Government hope with the Registrar that the distribution of home-safe boxes will result in an increase of thrift and that the other departures will escape the dangers which lie across the path of such innovations and will result in better business.

3. As hitherto the predominance of credit societies continues, their number being 90 per cent. of the total number of societies. Their number rose from 6,047 to 7,011, membership from 170,067 to 186,944, working capital from Rs. 1,30,80,811 to Rs. 1,48,62,021, share capital from 4·68 lakhs to 7·03 lakhs, deposits from members from 6·39 lakhs to 6·98 lakhs, and reserve fund from 18·32 lakhs to 21·63 lakhs. The collections amounted to 36·12 lakhs or 33·9 per cent. of the amount due at the beginning of the year. Government notice with alarm that repayments overdue are still so heavy and emphasize the urgent necessity of taking every possible step to reduce them.

4. The financial condition of the Central Banks as a whole is reported to have been quite sound. The tendency to convert mixed-type banks gradually into pure-type ones still prevails. Excluding the Anti-malarial

Society, Calcutta Milk Union and five industrial unions the number of Central Banks rose from 70 to 82, affiliated societies from 6,023 to 7,082, working capital from Rs. 1,30,55,375 to Rs. 1,51,25,775, deposits from non-members from Rs. 84,87,916 to Rs. 97,78,036, and reserve and other funds from Rs. 7,17,328 to Rs. 8,65,684, the proportion of fluid resources of these banks being 52·2 per cent. It is satisfactory to note that the Central Banks are gradually realising the necessity of having salaried officers in their superior executive staff. Government trust that experience will abundantly testify that the expenditure involved in such a measure is amply covered by the better working of the societies. The deplorable events connected with the misappropriation of a large sum of money by the late Honorary Secretary of the Kushtia Central Bank brought matters to such a pass that the collapse of the bank was imminent. Prompt measures were taken by the department which have averted the danger, at any rate for the present. The circular drafted by the Registrar dealing with frauds that have been detected over several years in the societies has issued none too soon, but the living interest of members in their societies is an essential in the opinion of Government to the prevention of frauds such as occurred in Kushtia.

5. The advance made during the year by the Bengal Provincial Federation, now called the Provincial Co-operative Bank, is satisfactory. Membership rose from 77 to 89, working capital from Rs. 25,41,391 to Rs. 34,73,386, reserve and other funds from Rs. 37,167 to Rs. 66,238, share capital from Rs. 3,14,925 to Rs. 3,59,900, and deposits from the public from Rs. 38,30,130 to Rs. 87,29,542, and this even though rates were reduced. Apparently the deposits received were in excess of the Bank's requirements and the surplus was invested in other Provincial Co-operative Banks. The rates on deposits are certainly not excessive, and the policy of the Bank as explained in the report appears to Government to be sound. In particular the policy of catering only for short-term loans to Central Banks and leaving them to find their long-term loans locally appears to be a wise change. The endeavour to use the Bank as a link between commercial and agricultural finance cannot but prove an interesting experiment, but it will need careful watching in its initial stages. The acknowledgments of Government are due to Raja Rishee Case Law, C.I.E., who had to retire from the Chairmanship of the Bank owing to ill-health; and to Mr. S. R. Das, the Advocate-General, who has succeeded him.

6. While the increase in the number of agricultural purchase and purchase and sale societies from 15 to 21 is certainly an indication of perseverance, with its suggestion of a promise of eventual success, Government can not share the Registrar's satisfaction at the fact that the total profits of these societies amounted to Rs. 5,910 against a loss of Rs. 326 in the preceding year, for the simple reason that, if we omit the one society in Bakarganj each year, the remainder of these societies will show in 1921-22 a loss of Rs. 2,626 and in 1922-23 a loss of Rs. 4,137. Except in regard to the Bakarganj society, the profit of which in 1921-22 was Rs. 2,330 and in 1922-23 Rs. 10,107, the figures of profit of these societies produce the opposite of a sense of satisfaction. Nor indeed do the dishonesty and violation of bye-laws, and the self-seeking spirit of members, who, learning the shopkeeping business from the store, opened rival shops of their own, and the other faults to which the Registrar refers tend to produce a feeling of satisfaction. Government are well aware of the almost insuperable difficulties that stand in the way of these societies and are pleased to think that these difficulties do not deter the department in its efforts to overcome them, but it would be misleading to express satisfaction at the financial results of 21 societies as a whole when 20 of them are so far failures financially, although one is a brilliant success. Government are glad, too, that the still greater difficulties of organising jute sale societies have not yet disheartened the department. Judging from references in Council there is a strong desire amongst the representatives of the people to see such societies successfully established, and if the department succeeds in overcoming the

peculiar difficulties due to the speculative element in the trade and the fluctuation of prices it will achieve a notable success. The organisation for the purchase of good seeds, especially jute seeds, is another line in which Government think eventual success by the department would be held to be meritorious.

7. Government view with genuine pleasure the striking progress made in the organisation of irrigation societies. The success already attained by some of these in preventing the loss of crops is very gratifying, and Government agree that their possibilities can hardly be exaggerated. The number of these societies increased from 29 to 114, of which 66 are in Bankura and 45 in Birbhum, membership from 1,318 to 4,689 and working capital from Rs. 42,626 to Rs. 77,658. Government are glad to learn from the Registrar that the spread of this movement in Bankura and Birbhum is due largely to the Collectors, Messrs. G. S. Dutt and Blackwood, and their assistants, but they are equally pleased to learn that several non-official gentlemen too rendered invaluable assistance. As an example of self-help these societies stand out by themselves, and the department may rest assured that Government will treat most sympathetically any proposals to render development on these lines more rapid and more secure.

8. It is also a matter of congratulation that some headway has been made in the formation of Co-operative Agricultural Associations with their great possibilities for ameliorating the condition of the cultivating classes. The increase in the number of these societies from 4 to 11 is not unsatisfactory.

9. The solid progress of the Milk Societies reported by the Registrar is very encouraging. The number of these societies increased from 47 to 52. The efforts to extend the field of operations to greater distances from Calcutta and to pasteurise milk locally before bringing it to Calcutta as well as the proposals to maintain pedigree bulls in different centres will be watched with interest.

10. In spite of the devastating flood with which the locality was visited during the year under report, the Naogaon Ganja Cultivators' Co-operative Society, Limited, appears to have maintained its good record, its total membership increasing from 3,021 to 3,221, share capital from Rs. 30,830 to Rs. 33,710, and deposits from non-members from Rs. 70,632 to Rs. 1,08,210. The society is to be particularly congratulated on the continued investment of part of its profits in schemes of public utility, such as charitable dispensaries, veterinary dispensaries, primary and secondary schools, re-construction of embankments and roads, etc. Government join with the Registrar in his expression of regret at the loss of the services of Khan Bahadur Ata-ur-Rahman who was the first Deputy Chairman of the society and had conducted its affairs with conspicuous success.

11. It would appear from the report that the stores and supplies societies are steadily on the decline, and Government consider that the Registrar's analysis of the situation is quite correct and that the societies are finding it increasingly difficult successfully to compete with professional traders, as pre-war conditions are gradually re-establishing themselves. Yet since stores and supplies societies do succeed in other countries it cannot but be probable that the real cause of failure is the disloyalty of the members, which the Registrar emphasizes, and the dishonesty of the staff which he is taking measures to correct. Government earnestly trust that the Stores Manual now under preparation will indicate with success the necessary safeguards against dishonesty.

12. The capitalistic spirit of certain of its members which has forced the Registrar to cancel the registration of the Dacca conch-shell workers is greatly to be deplored. Apparently the society's financial success—profits

rising from Rs. 481 to Rs. 18,024—induced its members to become exclusive, and the society acted towards the numerous *bona fide* and eligible conch-shell workers who wished to join somewhat as a mahajan wishing to retain all profits for himself. It is to be hoped that the society will be reconstructed satisfactorily.

13. The number of weavers' societies rose from 120 to 142, membership from 1,677 to 1,882, and working capital from Rs. 54,629 to Rs. 62,754. The question of supplying cheap electric power to weaving centres in rural areas is being investigated by the departments of co-operation and of industries. Bagerhat Weaving Union at Kandapara is a society the working of which will be watched with great interest.

14. Government are awaiting the Registrar's report on the reorganisation of the Bengal Co-operative Organisation Society so as to extend its scope and utility.

15. It is disappointing to note that, while considerable headway has been made in other provinces in initiating co-operative housing schemes, nothing has yet been done in this direction in Bengal. In view of the housing difficulty in Calcutta, the problem is becoming more and more important. It is hoped that Rai J. M. Mitra Bahadur, who has studied the problem in Bombay, may, on his return from England, be able to contribute to the solution of this problem.

16. The thanks of Government are due to Rai J. M. Mitra Bahadur for his efficient administration of the department and his interesting report. Government join with the Registrar in acknowledging the services of Mr. Thorp. The names of the other officers of the department commended for good work are noted with pleasure. Government are also grateful to the district officers who are reported to have helped the movement in their respective jurisdiction.

Secretary to the Government of Bengal (offg.).

Election Case No. 9 of 1924.

Khan Bahadur Abdus Salam	} of Jessore town.
<i>versus</i>	
Maulvi Rafiuddin Ahmed	

Report.

This is an election petition of Khan Bahadur Abdus Salam against the election of Maulvi Rafiuddin Ahmed to the Bengal Legislative Council from the North Jessore Muhammadan Constituency. The petitioner and the respondent were the only two candidates from the constituency. The respondent was elected by a majority of 38. The allegation of the petitioner was that on 76 ballot papers the votes were recorded in his favour but they were improperly rejected by the Returning Officer on the ground that they were not marked with the secret official seal indicative of the Bengal Legislative Council. It was asserted and it has not been denied that by some mistake or other these ballot papers had been stamped with the official secret seal indicative of the Legislative Assembly instead of the official secret seal indicative of the Bengal Legislative Council.

The petition of election was published in the *Calcutta Gazette* of the 6th February and was fixed for hearing on the 21st February 1924. On that date there was no appearance on behalf of the respondent. We thereupon heard the learned Counsel appearing for the petitioner and inspected the ballot papers and other papers relating to the election which we obtained from the Secretary, Bengal Legislative Council. We were desirous of knowing how the mistake had occurred and we postponed our consideration of the case until we saw the correspondence on the subject which was said to have passed between the Returning Officer and Government. The case was adjourned to the 27th February. On the previous day the respondent had appeared and had asked for time to file a written statement, alleging that he had a virulent attack of asthma. This petition was pressed before us on the 27th February. It transpired during the discussion of the case that the respondent had actually resigned his seat. The respondent was thereupon asked to give his deposition. It appeared from his deposition that he was aware of the petition and the date of hearing and that he left the case to be decided by the Commissioners under the idea that they would examine the materials and give their decision. It also appeared that the respondent, though ill, was not so seriously ill as to be unable to appear before us or inform us what his answer was as to the allegations of the petitioner. The respondent had obviously changed his mind. We held in these circumstances that no case of extending the time had been made out and we rejected his prayer for an adjournment.

The respondent filed a written statement. It does not make out a case for an enquiry. Briefly the written statement amounts to this that the respondent suspects some foul play at the polling station of Mahamadpur where these votes were recorded. In the first place mere suspicion is not enough. In the second place the idea of a plot must be discarded since it resulted in the respondent's favour. Then it appears that the polling officer has admitted his responsibility. This is admitted in paragraph 12 of the written statement. We are therefore not called upon to embark on an investigation as desired by the respondent.

The election petition then must be decided on the issue whether the ballot papers stamped with the official seal indicative of the Legislative Assembly were rightly rejected or not. The learned Vakil for the respondent contends that they were rightly rejected because the proper seal was not used. There is a prayer in the alternative that a fresh election might be ordered. The election did take place and the only question before us is which of the two candidates had a majority of votes. We cannot therefore direct a fresh election.

For the petitioner, Halsbury's Laws of England, Vol. XII, page 317, was quoted. The case of *Cirencester* 4, O'M. and H. 195, is the case in point. It was held that where the evidence is that the presiding officer has intended to make and has in fact made what fairly looked at indicates that a recognisable official mark is upon the back of the ballot papers, the ballot paper is not to be rejected for want of the official mark. As observed by the learned Vakil for the respondent, this does not help us. Then the question was whether any official mark was used at all. Here we have a case where a wrong official mark was used. There is no guide for us in the English cases for apparently no such case ever occurred in England. We propose to follow the rule of equity and good conscience. The law that a ballot paper must be rejected which has not on its back the official mark was designed to set at rest the question whether the particular ballot paper was issued by the polling officer. Here there is no doubt that these ballot papers were stamped by the polling officer with a wrong official seal and issued to the voters. We hold that the votes recorded in these ballot papers in the petitioner's favour should be counted for the petitioner unless otherwise invalid. We have carefully examined the rejected ballot papers and we find that there was a clear majority of votes in favour of the petitioner. We hold therefore that the election of Maulvi Rafiuddin Ahmed should be declared void and should be set aside under section 44 (clause C). We hold that the petitioner should be declared to be duly elected to the Bengal Legislative Council.

In the peculiar circumstances of the case we recommend that the parties should bear their own costs.

STATEMENT OF OBJECTS AND REASONS.

The law relating to tolls on public roads and bridges in British India is now contained in five Acts of the Legislature. The bill brings these provisions within the scope of a single enactment. The first Act passed was Act VIII of 1851, which applied in the first instance to the territories administered by the Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North-Western Provinces, and the Governors of the Presidency of Bombay and of Fort Saint George in Council. As regards Bombay the Act was repealed by the Bombay Tolls Act, 1875, which regulates the levy of tolls in that Province. Act XV of 1864 gave power to extend that Act and the Act of 1851 to the Local Government. The Indian Tolls Act, 1888, declares that the Acts just cited were in force in the Punjab. The only other Act that need be referred to is the Lansdowne Bridge Act, 1892. The Lansdowne Bridge is a bridge over the Indus which was made and repaired at the expense of the Government of India. Owing to the repeal by the Bombay Act previously referred to, doubts arose as to the power to levy tolls on this bridge. These were set at rest by the Lansdowne Bridge Act, and opportunity was taken at the same time to give general power to the Governor General in Council to levy tolls on bridges and roads made at his expense. It has been ascertained that tolls are no longer levied on the Lansdowne Bridge, and the specific provisions therefore regarding that Bridge have been repealed. The general provision is however reproduced as clause 11 of the Bill. It is perhaps necessary to explain that it has not been found possible to include the provisions of the Indian Tolls (Army) Act, 1901, in the present consolidation. The law consolidated only relates to tolls on roads and bridges, while the scope of the Act in question is far wider and cannot be incorporated in the present Bill.

- (b) the fees to be charged upon applications made to a Court under sub-section (1) of section 4 ;
- (c) the form in which the statement of accounts referred to in section 5 shall be furnished, and the particulars which shall be contained therein ;

- (g) any other matter which is to be or may be prescribed.

- (b) apply in the case of any trust the property of which—
 - (i) is being administered by the Treasurer of Charitable Endowments, the Administrator General, or the Official Trustee ; or
 - (ii) is being administered either by a receiver appointed by any Court of competent jurisdiction, or under a scheme for the administration of the trust which has been settled or approved by any Court of competent jurisdiction or by any other authority acting under the provisions of any enactment.

13. The Local Government may, by notification in the local official Gazette, exempt from the operation of this Act or of any specified provision thereof any trust or trusts created or administered for the benefit of any specified section of the Hindu community.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to make better provision for the management of Hindu Trust properties throughout India. It closely follows the language of the Mussalman Wakf Act of 1923 which makes a similar provision for the management of Mussalman wakfs. The reasons which have led the Legislature to pass the Mussalman Wakf Act apply *a fortiori* to Hindu religious and charitable trusts and, as the Central Legislature has protected the trusts of one community, it is necessary that it should also protect the trusts of the other community.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st February 1924 :—

No. 2 OF 1924.

A Bill further to amend the Indian Coinage Act, 1906, for certain purposes.

WHEREAS it is expedient further to amend the Indian Coinage Act, 1906, for certain purposes hereinafter appearing : It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Coinage (Amendment) Act, 1924.

Amendment of section 15, Act III of 1906.

2. In clause (b) of sub-section (1) of section 15 of the Indian Coinage Act, 1906 (hereinafter referred to as the said Act), for the words "notwithstanding anything contained in this Act or in any Act hereby repealed, but subject" the following shall be substituted, namely :—

"subject only to the provisions of section 15A and".

Insertion of new section 15A in Act III of 1906.

3. After section 15 of the said Act the following section shall be inserted, namely :—

Power to call in coin

"15A. Notwithstanding anything contained in section 12, section 13, section 14 or section 15, the Governor General in Council may, by notification in the *Gazette of India*, call in, with effect from such date as may be specified in the notification, any coin, of whatever date or denomination, referred to in any of those sections, and on and from the date so specified such coin shall cease to be a legal tender save at a Government currency office :

Provided that the Governor General in Council may by the notification specify any later date up to which such coin shall continue to be a legal tender at any Government treasury."

STATEMENT OF OBJECTS AND REASONS.

The attention of Government has been drawn to the omission in the Indian Coinage Act, 1906, of any provision, such as exists in the English Coinage Act, for power to withdraw the legal tender attribute of coin. The result is that coin once legal tender is always legal tender under the Indian Law. When on occasion it becomes necessary to prevent the circulation of counterfeit coin of any particular denomination, the only action possible at present is to discontinue the re-issue of coin of that denomination from treasuries and currency offices, as has recently been done in the case of the 8-anna nickel coin, but this process is not completely effective since coins that do not come into the treasuries and currency offices continue to circulate as legal tender. It is therefore proposed, on the analogy of section 11 (5) of the English Coinage Act, 1870, to take power to withdraw, by notification, the legal tender attribute of coin of any denomination or date except the gold coins which are dealt with in section 11 of the Indian Coinage Act, 1906. This provision should, in the event of excessive counterfeiting of any particular denomination of coin, enable action which should effectually stop the circulation of counterfeits and should ensure a prompt withdrawal of the genuine coin. The right of the holder to obtain value for any genuine coin in his possession, even though it has ceased to be legal tender, is secured by the specific provision in the Bill that coin once issued shall always be legal tender at a currency office.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924 :—

NO. 10 OF 1924.

A Bill to provide that, when fire-arms are used for the purpose of dispersing an assembly, preliminary warning shall, in certain circumstances, be given.

WHEREAS it is expedient to provide in the manner herein-after appearing that warning shall, in certain circumstances, be given before an assembly is fired on for the purpose of causing such assembly to disperse; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 1924.

Insertion of
new section 131A
in Act V of 1898.

2. After section 131 of the Code of Criminal Procedure, 1898, the following section shall be inserted, namely :—

V of 1898.

Use of fire-
arms.

“131A. Where under the provisions of this Chapter any person proceeds or determines to disperse any such assembly by the use of fire-arms the following rules shall also be observed :—

- (1) Fire-arms should be used only if such assembly cannot otherwise be dispersed, and no fire-arms should as a rule be used except on the written authority of a Magistrate of the highest class available on the spot : Provided that, when immediate measures should be taken to prevent imminent danger or injury of a serious kind to the public, the seniormost Police or Military officer present on the spot may give the written authority instead and the same shall be communicated to the nearest Magistrate forthwith.
- (2) Before the assembly is fired upon the fullest warning should be given by all available means to the assembly that, unless it disperses within a given time, it will be fired on.
- (3) The person given the authority to fire shall ordinarily give such interval between the warning and firing as he considers sufficient in all the circumstances of the case.
- (4) A full report of the occurrence shall be made in all cases when such assembly is dispersed by the use of fire-arms to the nearest first-class Magistrate within twenty-four hours of the occurrence, and such report shall be a public document.
- (5) If the person is himself a first-class Magistrate, his report shall be made to the District Magistrate, and, if the person is a District Magistrate, his report shall be made to the Local Government.
- (6) Notwithstanding anything contained in section 132, any person injured by the use of fire-arms or any parent or guardian, husband or wife of a person killed by the use of fire-arms may make a complaint against any person for any offence committed by him by reason of any act purporting to be done under this Chapter.”

STATEMENT OF OBJECTS AND REASONS:

The object of this Bill is to give effect to the principles stated in the Resolution moved by the Hon'ble Mr. V. Srinivasa Sastri on the 3rd March 1921, in the Council of State, viz., that when fire-arms are used for the purpose of dispersing an assembly, preliminary warning should be given and certain procedure should be adopted.

A Bill to give effect to a portion of the Resolution was introduced in the Council of State by the Government of India and passed there in August 1921. When the Bill as passed by the Council of State was presented to the Assembly for consideration, I then gave notice of the amendment as contained in this draft. The Hon'ble the Home Member took permission of the House in September 1921 to withdraw his motion in order to consider the amendment and bring it up again, if so advised. The Government decided to drop the Bill altogether, and did not make any further motion. It is necessary and desirable that legislative safeguards should be provided against the indiscriminate use of fire-arms for the purpose of dispersing an assembly.

Election Case No. $\frac{3}{7}$ of 1924.

Maulvi Mahmud Suhrawardy

versus

Maulvi Zunoor Ahmed.

Report.

This is a petition of Maulvi Mahmud Suhrawardy against the election of Maulvi Zunoor Ahmed from the Burdwan Division South (Mahomedan) Constituency. The latter was elected by the narrow majority of three votes. The petitioner asked for a scrutiny and recount on certain grounds. The respondent filed a recrimination petition under Rule 42 of the Bengal Electoral Rules after depositing the security required under Rule 35 and intimated that he would give evidence that the election of the petitioner would have been void if he had been the returned candidate.

Issues were framed and witnesses examined. We were considering whether the petitioner had made out a *prima facie* case for a scrutiny and recount when the petitioner filed an application for leave to withdraw from his petition. The respondent did not oppose the petition of withdrawal. He in his turn gave up his petition of recrimination. The parties agreed to bear their own costs.

The petitioner stated that he was in bad health and that he realised that his petition involved a prolonged enquiry, which he was unable to attend to. We examined the petitioner and the respondent and we are satisfied that the petition of withdrawal has not been induced by any bargain or consideration. We therefore allow the petition to be withdrawn. We recommend that the parties should bear their own costs.

Election Case No. 2 of 1923.

Rai Bahadur Bisweswarlal Halwasya

versus

Babu Rung Lal Jajodia.

REPORT.

The facts leading up to the present election petition are as follows:—The Bengal Marwari Association of Calcutta, an Indian Commerce Special Constituency, was called upon to elect a member to the said Legislative Assembly. The 8th October 1923 was fixed as the date for the nomination of candidates, and 11th October 1923 as the date for the scrutiny of the nominations for the said Constituency. Babu Rung Lal Jajodia was the Joint Secretary of the Marwari Association. The Joint Secretary of the Marwari Association was specified in the second column of Schedule I of the Bengal Legislative Assembly Electoral Regulations as the Returning Officer. The Personal Assistant to Secretary, Bengal Marwari Association, was specified in the third column of Schedule I as the person authorised to perform all or any of the functions of the Returning Officer. It appears that Babu Rung Lal Jajodia was also the registering authority and the electoral rolls were originally prepared by him. In the Marwari Association, firms and companies are members and many of these were put on the electoral roll. Apparently about two-thirds of the names, roughly speaking, on the roll are those of firms while the remaining names are those of individuals. On the 7th October Babu Rung Lal Jajodia resigned his office as Joint Secretary of the Marwari Association. He sent also a telegram to the Government of Bengal resigning his office as Returning Officer. On the 8th October there were only two candidates, the petitioner and the respondent Babu Rung Lal Jajodia. The nomination papers were received by the Personal Assistant to the Secretary. The nomination paper of the petitioner Rai Bahadur Bisweswarlal Halwasya was subscribed by himself. The proposer and seconder were, however, two firms whose names appeared on the electoral roll, viz., Messrs. Hurmukhrail Sanairam and Messrs. Shewdayal Ramjeedas. The senior partners of these firms signed the names of the firms on the nomination paper. On the 11th—the date of the scrutiny—objection was raised by the respondent that the petitioner's nomination was bad inasmuch as the nomination paper had been subscribed by two firms and not by individuals as proposer and seconder. The petitioner in his turn challenged the nomination of the respondent on the ground that, the latter himself being the Returning Officer of the Constituency, he was not eligible to stand as a candidate. Babu Jatindranath Banerjee, the Personal Assistant to the Secretary, Marwari Association, overruled the objection of the petitioner and upheld the objection of the respondent and he declared Babu Rang Lal Jajodia as duly elected from the Constituency. The petitioner thereafter filed his present application. His contention is that firms can be electors and can vote and firms can nominate a candidate for election. It is also pleaded that the respondent was not entitled to resign his office and stand as a candidate. It is further contended that if he could and did resign, the Constituency was without a

Returning Officer and that therefore Babu Jatindranath Banerjee acted without jurisdiction. It is pointed out that the Bengal Government had no authority in this election matter and the telegram to the Government of Bengal is of no value. It is shown that the office of the Returning Officer was not filled up by the Government of India till the 27th October 1923. It was stated that the office of the Joint Secretary of the Marwari Association has not yet been filled up.

The following issues were framed by us:—

1. Up to what date was Rang Lal Jajodia a Returning Officer?
2. Can a Returning Officer be a candidate for election?
3. If there was no Returning Officer after the 7th October, what was the effect on the election proceedings?
4. Was there any acquiescence in the proceedings before Babu Jatindranath Banerjee on the part of the petitioner? If so, what would be its effect?
5. Was the nomination paper of the petitioner in order?

Issue No. 1.—It was argued that the Marwari Association had not accepted the resignation of Babu Rang Lal Jajodia. It does not seem that the acceptance of resignation is necessary. Subject to any provisions in the rules to the contrary, a member may resign at any time and he ceases to be a member (Halsbury, Vol. IV, p. 414) "A member may retire at any time and he ceases to be a member" (1896, 1 Chancery, p. 409). Questions may arise about his liability but that is a different matter. It is not shown that there is anything in the rules of the Marwari Association which prevented the respondent from resigning his office as Joint Secretary. He was appointed Returning Officer not by name but by virtue of his office. Our conclusion therefore is that Babu Rang Lal Jajodia ceased to be Returning Officer after the 7th October.

Issue No. 2.—There is nothing in our Electoral Rules and Regulations which bars a Returning Officer from standing as a candidate. The matter has been placed on a statutory basis now in England and perhaps this should be done in India. The Rule is that when a Returning Officer stands as a candidate he must refrain from doing anything in such capacity. It is not said that the respondent did any act as Returning Officer after his resignation. It may be said that he should have resigned before. Parker at page 6, summarises the English Law—"If all the duties of Returning Officer are discharged by the acting Returning Officer the former is not disqualified for being a candidate by reason of being Returning Officer". Our answer therefore is in the affirmative.

Issue No. 3.—There was no Returning Officer on the 8th October 1923 in this Constituency. Under Schedule I of the Regulations however Jatindranath Banerjee was empowered to do all the duties of the Returning Officer. It is pointed out that under Regulation 3 he could only act under the control of the Returning Officer and that he could not receive nomination papers and hold a scrutiny unless the Returning Officer was 'unavoidably prevented' from performing these functions. The words in an English case were "incapable of acting" and Lord Campbell thought that they might cover a case of this kind. *Queen vrs. Owens*, Vol. 121, English Reports, p. 36. The Personal Assistant had not usurped the office. He took up his duties when the Returning Officer became incapable of acting. "Want of title in the person acting as Returning Officer will not vitiate an election which is otherwise valid". Parker, p. 61. "Elections made under usurping Returning Officers when there has been the form of an election have been uniformly supported" (Heyw Bo. 62). Turning to the Bengal Electoral Rules it would appear that noncompliance with the Rules and Regulations is not enough. The petitioner has to show that the result of the election has been materially affected by such non-compliance. If the petitioner's nomination was bad, his name goes out on that ground. If the nomination was good he succeeds on that ground and not by reason of the fact that the Personal Assistant acted as the Returning Officer. We hold therefore that the petitioner cannot succeed on this ground.

Issue No. 4.—It does not seem necessary to discuss the question of acquiescence in the form raised in the issue and we therefore refrain from entering into it.

Issue No. 5.—This is the main controversy in the case. It would appear that before the Returning Officer it was taken for granted that firms could be on the Electoral Roll but the contention was raised that the proposer and seconder under the Rules and Regulations must appear on the roll as a natural person. It is conceded by the learned Vakil that a candidate must be a natural person. While investigating the matter it was borne upon us that the question went to the very root of the matter and that it is necessary to decide whether firms can be registered on the Electoral Roll at all.

A similar question was raised in the Election Petition of Babu Amulyadhona Addy against the election of Mr. Byomkesh Chakravarty from the Bengal National Chamber of Commerce Special Constituency to the Bengal Legislative Council. The report of the Commissioners has just been submitted in that case. Two of us were parties to the report. We think it unnecessary to discuss the question again at length. We append hereto a copy of a report in that case which we accept and approve.

There is some difference in the Schedule II which gives the qualifications of the electors. The residence clause is not there. In the explanation the words "if no such partner is present in Calcutta at the date of the election" are not mentioned. Schedule II, paragraph 9, stands thus— "Members of.....the Marwari Association shall be qualified as electors..... for the constituency comprising the association of which they are members."

"*Explanation.*—For the purpose of this paragraph 'member' includes any person entitled to exercise the rights and privileges of membership on behalf and in the name of any firm, company or corporation registered as a member." We are of opinion that the Legislature laid it down how the firm can be represented on the electoral roll, viz., by a partner, member of the firm, director and so on. It was argued that firms are members of the Marwari Association and that Schedule II, paragraph 9 does not exclude firms. We must however read the Schedule II along with the other rules and they clearly lay down that it must be a natural person representing the firm who can be on the Electoral Roll or who can exercise the right to vote and to nominate. The disqualifications mentioned in Rule 7 can be predicated only of a natural person and Rule 7 governs Rule 8 (2). The learned Vakil is forced to concede that the candidate for election must be a natural person seeing that he must give his own name and his father's name and state his age and when elected he must take the oath. The cases of the elector and the proposer and the seconder stand on the same footing. We think that the word "person" has the same meaning in all these Rules and Regulations and that it means a natural person. Rule 11 (4) lays down that "any person whose name is registered in the Electoral Roll of the Constituency and who is not subject to any disability stated in Rule 7 may subscribe as proposer and seconder....." In the present case the proposer and seconder were firms. We hold that they must be individuals or natural persons. The nomination paper of the petitioner was not in order and we think it was rightly rejected.

The learned Vakil contended that the Electoral Roll was final not only for the Returning Officer but also for this court and he referred to Regulation 20 (2) and to the case of *Stowe v. Joliffe*. The last case merely is an authority for the proposition that the Election Court cannot go behind the Electoral Roll in considering the qualifications. It is open to the court and it is the function of the court to see whether disenfranchisement would occur in the cases of persons prohibited from voting, etc., by the Statute. Regulation 20 does not stand in our way. Regulation 20 (2) (a) is explicit and we have still to see whether the proposer and seconder is disqualified under Sub-Rule (4) of Rule 11. To say that we are concluded by Regulation 20 is simply to beg the question as to whether a firm is an elector.

The authorities who framed the Electoral Rolls in these Commerce and Industry Constituencies apparently proceeded upon the fact that because firms and companies were members of the Chamber or Association they were entitled to be on the Electoral Roll. We have examined the Rules and Regulations from every point of view and the conclusion is irresistible that it was not contemplated by the legislature that an elector can be other than an individual and that it was intended that the firms would exercise their franchise through a member or partner or representative who would be on the Electoral Roll.

Our conclusion therefore is that the nomination paper of the petitioner was rightly rejected and the respondent the returned candidate was duly elected.

The election petition must therefore be dismissed. There remains the question of costs. We were reminded of the fact that it was the respondent who was the registering officer in this Constituency and that it was at the last moment that he resigned his office and stood as a candidate and raised objections to the petitioner's nomination. In these circumstances we recommend that the parties should bear their own costs.

Election case No. 8 of 1924.

Amulya Dhone Addy
versus
Mr. Byomkesh Chakravarty.
Raja Reshee Case Law, C.I.E.
Mr. Murali Dhar Roy.

REPORT.

This election petition concerns the Bengal National Chamber of Commerce Special Constituency. It appears that a number of firms are members of the Bengal National Chamber of Commerce. When the Electoral Roll of this Special Constituency was prepared, 118 firms or companies were placed on the roll out of a total of 180. Sixty-two persons were entered by their names as electors. There were four candidates on the date of the election to the Bengal Legislative Council. Mr. Byomkesh Chakravarty and Raja Reshee Case Law obtained a majority of votes and were declared elected. The petitioner was an unsuccessful candidate. He filed the present application making the other three candidates parties. There was no allegation against Raja Reshee Case Law and Mr. Murali Dhar Roy, the respondents Nos. 2 and 3. Mr. Murali Dhar Roy did not appear. Raja Reshee Case Law appeared on the first date but as the petition was not pressed against him he was allowed to depart.

The petition proceeded only against Mr. Byomkesh Chakravarty. The main contention raised by the petitioner is that Mr. Chakravarty is not entitled to be a candidate by reason of the fact that his name does not appear on the Electoral Roll, though the Bengal National Bank Limited of which he is a director is on the roll. The petitioner also pleaded that firms and companies are not entitled to be registered as electors in the Electoral Roll and all votes purporting to have been exercised on their behalf ought to be rejected. Certain other allegations were made, but it is not necessary to mention them as they were not pressed. The reply of Mr. Byomkesh Chakravarty is that the petition is out of time, that the petitioner, not having objected to his nomination at the scrutiny of the nomination papers, has waived his right to question the nomination and election, that the Bengal National Bank Limited is an ordinary member of the Constituency known as the Bengal National Chamber of Commerce Constituency and is therefore rightly registered as an elector and that he as Director of the aforesaid Bank is duly qualified to be nominated and elected and returned as member of the Bengal Legislative Council. It was mentioned that in other Commerce and Industry Constituencies firms and companies are registered as electors in the rolls of such constituencies. The following issues were framed by us :—

- (1) Is the petition barred by time ?
- (2) Was Mr. Byomkesh Chakravarty properly nominated in view of the fact that his name does not appear in the electoral roll ?
- (3) Were there any votes improperly received—
 - (1) either because they were votes given by firms and companies ?
 - (2) or because the votes were tampered with ?
- (4) Was Regulation LVI complied with ? If not, was the result of the election materially affected thereby ?

At the time of the hearing the petitioner gave up issues 3 (2) and 4 but an additional issue was framed as follows :

- (5) Has the petitioner waived his right, if any, to question the nomination, election and return of the respondent ?
Has he acquiesced in the correctness of the Electoral Roll and is he precluded from now questioning its correctness ?

Issue No. 1.—The election petition was filed on 2nd January 1924. Mr. Chakravarty filed the return of his election expenses on the 14th December 1923. It appears that the intervening days between the 28th December 1923 and 2nd January 1924 were notified by the Local Government as days to be observed as holidays in Government Offices. We have examined the notification and we have no hesitation in holding that the petition is in time.

Issues Nos. 2 and 3.—Rule 8 (2) of the Bengal Electoral Rules states that the qualifications of an elector for a special Constituency shall be the qualifications specified in Schedule II in the case of that Constituency. Turning to the Schedule II, 13 (2) we find that "*life and ordinary members of the Bengal National Chamber of Commerce..... shall be qualified as electors for the Constituency comprising.....the Chamber of which they are members.*"

Provided that no person shall be so qualified who has not a place of residence in India.

There is an explanation which runs :—

"Explanation—Member, life member, ordinary member include—

- (a) in the case of a firm, any one partner in the firm, or if no such partner is present in Calcutta at the date fixed for the election any one person empowered to sign for such firm, and
- (b) in the case of a company or other corporation any one manager, director or secretary of the company or corporation."

These qualifications are not enough to get the elector on the Electoral Roll. To be entitled to have his name registered "the person" must have the above qualifications and must not be subject to the disabilities of minority, lunacy and so on. Rule 7 (1) governs

Rule 8 (2). Rule 10 again lays down that the person registered on the Electoral Roll shall be entitled to vote, but not if he is subject to the disabilities mentioned in Rule 7. Rule 6 (b) says that no person shall be eligible for election as a member of the Council to represent a special Constituency *unless his name is registered on the Electoral Roll* of the Constituency and to be fit for election under Rule 5 he must be a British subject, not a female nor a lunatic nor a bankrupt nor an unpardoned ex-convict and so forth. Various other Rules and Regulations including Regulation XV have been referred to and have been considered by us. We cannot but come to the conclusion that the legislature intended that it was a natural person who should have the right to be on the roll and to vote or nominate or be a candidate. We had the advantage of hearing the learned Advocate General in the case and he has admitted that if the word "person" is construed strictly the idea of a firm being on the Electoral Roll must be discarded. We cannot go to the General Clauses Act or the English Interpretation Act for the proposition that a person includes an association. It is our duty to construe the law in question here. It is an accepted canon of construction that unless there is something in the context to the contrary, the same word has the same meaning. The explanation in the schedule means no more than that a firm must exercise the franchise through a partner or representative. It seems that by the constitutions of these Chambers and Associations firms and companies can be members of these bodies, but we do not consider that the legislature intended to put firms and companies on the Electoral Roll.

Learned Counsel Mr. H. D. Bose appearing for Mr. Chakravarty wished us to lay stress on the Schedule II, paragraph 13 and he contended that firms and companies can come in. He argued that since firms can be on the Electoral Roll and persons who make up the firm are on the Electoral Roll and that therefore a partner can be eligible for election.

The learned Advocate General confessed that the Rules were not very clear but wished us to adopt a view if we could which would reconcile the law to the existing state of things. He urged that the legislature must have been aware of the constitutions of these associations and chambers and that the draftsman who drew up the rules made the mistake of not making things clear. It was argued by him that since firms can only work through a representative it might be taken that the disabilities which can be predicated only of a natural person were meant to apply only to the representative of the firm. It was pointed out that in these commerce and industry constituencies there is no ballot and the electors need not appear in person and that the voting papers are sent to them and returned by them to the returning officer.

There is nothing necessarily unreasonable in firms being put on electoral rolls, being allowed to vote and nominate and being even candidates for election, but we venture to think that if this was the intention of the legislature, the legislature would have made rules to carry out the idea. Firms being artificial persons can only act through a natural person. The question is: did the legislature intend that the representative of a firm should be allowed to vote and stand for election without being on the Electoral Roll? Learned Counsels are really assuming that by Rule 8 read with Schedule II firms were meant to be electors and then asking us to interpret the other rules in this light. But if we consider the rules and the schedule, the qualifications with their provisos and explanations, the disabilities which electors must not be subject to and the rule that no votes shall be received by proxy, there is no escape from the conclusion that it is the partner or representative of the firm who should be on the roll and be able to stand for election.

We must not be led into absurdities. Females, lunatics, minors and aliens cannot be electors, but we are to hold that if they join with one another they should be "deemed" as electors. It was suggested by Mr. Bose that they may remain on the Electoral Roll thus formed as firms but the disabilities might be considered when they exercise their right to vote. The disabilities have to be taken into account under Rule 7 when persons are to be put on the roll or during the period allowed for objections thereto.

Consider for a moment again where the proposition that a firm can be a voter, will lead us. It is the elector eventually who becomes a member of the Council. Does the firm become member of Council? Certainly not. The candidate has to give the name of his father and his age and if elected he is to take the oath. If he dies, resigns or goes away, etc., the Constituency is called upon to elect another person. If the argument be that a firm is an elector then the firm is eventually the elected person and there is nothing to prevent the different members A, B, C of a firm sitting in the Council on different dates. Learned Counsel will not face the logical conclusion. It was argued by Mr. Bose that once elected the member is not bound to obey the commands of his Constituency. That is so, but if you say the firm is the elected person then why should not the firm exercise its right in Council through different representatives? Very likely in these Associations and Chambers firms act in this fashion. Different partners might vote on different dates. That is not possible in the Bengal Legislative Council. The elected person is there for the life of the Council. He has years and he has a father and he has to take the oath. Learned Counsels are therefore forced to admit that when it comes to the question of election to the Council the candidate must be a natural person. If we follow the rules down to the election the conclusion is that candidate must be on the Electoral Roll. The question of an elector or a proposer or a seconder stands on the same footing.

With great respect to the learned Advocate General we cannot follow him in his contention. We cannot add and subtract to bring the law into conformity with the way

the Electoral Roll has been prepared. "We are not entitled" said Lord Loreburn (Vickers and Evans 79 L. J. K. B955) "to read words into an Act of Parliament unless clear reason for it is to be found within the four corners of the Act itself." The learned Advocate General wishes us to leave out the proviso clause about residence in the schedule and leave out the disqualifications as affecting firms and add that this proviso and these disqualifications refer to a representative of the firm who is not himself on the roll. "Nothing is to be added to or to be taken away from a statute, unless there are adequate grounds to justify the inference that the legislature intended something which it omitted to express" (Tindal C. J. in *Everett vrs. Wells* 2 M and Gr. 277 and Lord Eldon in *Davis vrs. Marlborough* 53 R. R. 29).

It was mentioned that the contention of the petitioner if given effect to will cause great hardship. The hardship consists in the fact that in these commerce and industry constituencies firms have been put on the Electoral Roll. We learn that there are only three individuals on the roll of the Bengal Chamber of Commerce and one on the roll of the Trades Association. The electoral rules seem to provide for a revision when the roll is very defective. The argument of hardship is a dangerous one to listen to. Courts ought not to be influenced or governed by any notions of hardship. "They must look hardships in the face rather than break down the rules of law." (Jessel in *Ford vrs. Kettle* 9 Q. B. D. 139). Even if there were anything to suggest aliunde that it was the intention of the legislature to put firms on the Electoral Rolls we are not at liberty to speculate. Our business is to construe not what the legislature meant but what its language means. We expound but we do not improve the statute. We are to remember as Lord Bacon said that our office is "*jus dicere*" not "*jus dare*." The law as laid down in these rules is not unreasonable nor inconsistent nor unjust and the natural construction cannot be departed from merely because it may operate with hardship or injustice in some cases.

There is one sentence in the explanation to paragraph 13 of Schedule II which has been made much of. Let us repeat it. "Members, etc., include (a) in the case of a firm any one partner in the firm or if no such partner is present in Calcutta at the date fixed for the election any one person empowered to sign for such firm." It looks at first sight as if the legislature contemplated a fluctuating body. Mr. Bose argues that it gives power to a firm to put up a representative for election if a partner is absent from Calcutta. Logically it follows that even though some one else has been nominated, if he is absent on the date of election, the firm might put another person for election. The learned Advocate General thinks that this would be going too far and that at the date of the election, as only the right to vote is left, the firm might exercise the right to vote by a representative other than a partner. The meaning of the sentence has not been very clearly expressed, but we have to look to the rest of the statute to construe it. If the firm has already put forward a candidate who has been nominated but who has had to leave Calcutta, it cannot be that the firm can say that it will have some other representative in his place. The returning officer will under the rules reject him at once as not having been nominated at all. We have seen and it is conceded that when it comes to election the candidate must be an individual. The date of final publication of the electoral roll is not very long ahead of the election that is going to take place and the date for lodging claims can be extended by Reg. XI and our interpretation is that the sentence means that the firm would know beforehand if the partners are going to be away and they can put forward a person empowered to sign for such firm as the elector in the Electoral Roll. The word 'include' only enlarges the meanings of phrases and words and here it only extends the power of the firm to put forward a representative other than a partner. The very explanation if considered along with the rules shows that it is not the firm which is to be on the Electoral Roll but the partner or the representative. If the contention of the learned Counsel be correct the explanation was unnecessary.

We are fortified in this view by a consideration of the Electoral Rules in the other Provinces. We take them from Hammond's Book. Take Bombay—"The rule for the local council is that "a person shall be qualified as an elector for a commerce and industry constituency whose name is entered in the list of members, for time being in force, of the association forming such constituency or who is entitled to exercise the rights and privileges of membership on behalf of, and in the name of, any firm or company or corporation entered in such lists of members." The Assam and C. P. Rules are precise and lay down that the person is to be authorised by the firm as well. It is clear that a natural person is meant. An examination of the Council of State Rules leads us to the same conclusion. In the Indian Commerce Constituency of Madras the Rule is "every Indian and one *duly authorised representative* of every Indian partnership shall be qualified.....if such person *has* resided in the Presidency, etc." Clearly a natural person is meant.

In the very Schedule II of the Bengal Electoral Rules in the earlier part a distinction is drawn between a person and a firm and in cases of joint families it is laid down that the person qualified is the manager of the family. All throughout therefore it is the individual who can vote and who can stand for election. We hold therefore that the petitioner's contention must prevail. Mr. Chakravarty's name not being in the Electoral Roll, he was not properly nominated. We hold that the election of Mr. Byomkesh Chakravarty was null and void and that it should be set aside. We are of opinion that a fresh election should be held to fill the vacancy so caused.

No evidence has been produced before us as to the actual votes given and we are therefore not in a position to hold that any votes should be rejected because such votes were given by companies and firms. It has transpired, however, that the Bengal National Bank, Limited, nominated Mr. Chakravarty to contest the seat and empowered Mr. B. N. Banerjee to vote for the Bank. Mr. Bose argues that there is nothing to prevent a firm from exercising these separate rights. It is sufficient to say that in the view we come to the person who can exercise the right to vote must be on the roll and the procedure was incorrect.

Issue No. 5.—It was pointed out that the Electoral Rolls were prepared sometime ago. The rules contemplate the filing of objections. No objection was taken by the petitioner then or before the returning officer. All parties proceeded upon the basis that there was a valid nominated paper. The petitioner courted the election and has now come forward with his objection only after he has been unsuccessful. However morally wrong he may be, it cannot be said that there is any waiver. There is no question of estoppel. The petitioner does not seem precluded from raising his present objection. It is an objection which could be taken by any elector of that constituency. The objection goes to the very root of the matter. The Electoral Roll is final in certain matters, *e.g.*, qualifications, but the question whether there is any disenfranchisement by the statute itself is one which can be raised before the Election Court (*Stowe vrs. Joliffe* 1874 L. R. 9 C. P., p. 750). The issue is therefore decided in favour of the petitioner against the respondent.

It was suggested that in the event of our coming to the conclusion that firms cannot be electors the whole election should be set aside. We are unable to accede to this request. As stated before, the case was not pressed against Raja Rishoo Case Law and we do not think that we should touch his case. We think that on the pleadings and the placed before us the election of Mr. Byomkesh Chakravarty only should be set aside.

In the circumstances of the case we recommend that the parties do bear their own costs.

No. M.-315.

Delhi, the 19th March 1924.

RESOLUTION.

The Governor General in Council, with the sanction of His Majesty's Secretary of State for India, is pleased to direct that the following further amendments shall be made in the rules for regulating the grant by Local Governments of licenses to prospect for minerals and of mining leases in British India, published with the Resolution of the Government of India in the Department of Commerce and Industry, No. 7552-7581—121, dated the 15th September 1913, as subsequently amended.

(1) For rule 49 substitute the following :—

“49. The term for which a mining lease may be granted shall not exceed 30 years, but the lease may contain a clause permitting renewal for a period not exceeding 30 years on a dead and surface rent not exceeding twice the original dead and surface rent, respectively, the royalty payable being that which may on the day next following that on which the original lease shall determine, be in force under the orders of competent authority; in the case of iron-ore the original lease may also contain a clause permitting a second renewal for a further period not exceeding 30 years on a dead and surface rent not exceeding twice the dead and surface rent, respectively, fixed for the first renewal of the lease, the royalty payable being that which may on the day next following that on which the first renewal shall determine be in force under the orders of competent authority.”

(2) For rule 50 (ii) substitute the following :—

“50 (ii). The lessee shall also pay for every year after the first year a fixed yearly dead rent at a rate not less than that laid down in Schedule C in Part IV of these rules; provided that no lessee shall pay both royalty and dead rent in respect of the same lease, but only such one of them as may be of the greater amount; and provided further in the case of leases for iron-ore that when a lessee is granted more than one such lease he may, if he so desire, claim that for the purpose of determining whether royalty or dead rent is payable, all such leases granted to him shall be treated as one concession. In that event he shall be liable to pay dead rent only when the sum of the royalties paid by him in respect of such leases for the year is less than the sum of the dead rents assessed under those leases or is less than such other amount as the local Government, having regard to the circumstances of the case, may fix as the combined dead rent in respect of all the leases; and the amount of dead rent so payable shall be the amount by which the sum of the royalties paid for the year falls short of the sum of the dead rent or the combined dead rent so determined.”

(3) For rule 50 (viii) substitute the following :—

“50 (viii). Unless good cause exists for exemption from this condition, a question on which the decision of the Local Government shall be final, the lessee shall commence operations within one year from the date of the execution of the lease and shall thereafter carry them on effectually in a proper, skillful and mining-like manner. Should the lessee cease without such cause to work the mine for a period exceeding two years in such a manner as to produce sufficient mineral to earn a royalty at least equal to the dead rent, it shall be deemed a breach of this condition.

Note.—For the purpose of the first part of this condition such measures as the erection of machinery for the purposes of working the mine, although not necessarily on the land covered by the lease, or the construction of roads or tramways in connection with the mine, shall be deemed to be sufficient compliance with the requirement of commencing operations.”

(4) In Schedule A for the item "Iron" substitute the following:

Iron-ore intended to be used
for the extraction of iron.

One anna per ton of iron-ore during the year* for which the tariff valuation of imported pig-iron has been fixed at Rs. 65 per ton or less. When the tariff valuation exceeds Rs. 65 one anna will be added to the royalty rate for every increase of Rs. 15 or part thereof in the tariff valuation.

Should the tariff valuation of pig-iron become fictitious owing to the cessation of imports or to any other cause, a point on which the decision of the Government of India shall be final, the market value of pig-iron for the purpose of the assessment of royalty shall be determined by the Government of India.

* *Note.*—Tariff valuation is fixed in December for the following calendar year, but the Local Government may, at their discretion, assess the royalty for the financial year beginning on the 1st April on the basis of the tariff valuation fixed in the preceding December.

Iron-ore in Burma when Half anna per ton of iron-ore,
intended to be used solely
for fluxing purposes.

ORDER.—Ordered, that a copy of this Resolution be forwarded to all Local Governments and Administrations for information and guidance, and that a copy be forwarded to the Foreign and Political Department and the Department of Education, Health and Lands, to Chambers of Commerce, to the Director, Geological Survey of India, and to the High Commissioner for India, for information.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924 :—

No. 12 OF 1924.

A Bill further to amend the Indian Penal Code.

WHEREAS it is expedient further to amend the Indian Penal Code ; It is hereby enacted as follows :—

XLV of 1860.

Short title.

1. This Act may be called the Indian Penal Code (Amendment) Act, 1924.

XLV of 1860

Amendment of section 375, Act XLV of 1860.

2. In section 375 of the Indian Penal Code, in the clause marked *Fifthly* and in the *Exception*, the word "fourteen" shall be substituted for the word "twelve."

STATEMENT OF OBJECTS AND REASONS.

The Indian Penal Code, as originally enacted, prescribed ten years as the age of consent for sexual intercourse in the offence defined in section 375 of the Indian Penal Code. By the Indian Criminal Law Amendment Act (X of 1891), this age was raised to 12. In the last Assembly Mr. Bakshi Sohan Lal brought forward a Bill to raise this age from 12 to 14. It was defeated on its second reading. I revived his Bill in the July Session of the last Assembly, but the President ruled that, though I was in order in introducing the Bill, I would be out of order in taking it to a Select Committee. In this view the House rejected my motion.

The necessity for protecting minor children from illicit connection before maturity is obvious. Books on Medical Jurisprudence establish the fact that the age of puberty in India is attained by a girl upon her reaching the age of 14. Even though puberty may be reached at that age, it is obvious that girls are unfit for sexual cohabitation till they are older and more developed in physique and strength. The appalling infant mortality in the country is partially ascribed to early marriages and the consummation which follows with immature girls. It is, therefore, necessary not only for the protection of minor girls as also of their progeny that the age of consent should be raised to at least 14 years. This Bill is intended to provide for it. As the Bill has already been published and opinions of the Local Governments and the public collected, it will not be necessary to circulate it for eliciting public opinion, nor will it be necessary to refer the Bill to a Select Committee, as there is nothing that the Select Committee can alter, and the House as a whole has to decide whether it is or is not in favour of raising the age of consent from 12 to 14.

H. S. GOUR.

The 13th December 1923.

H. MONCRIEFF SMITH,
Secretary to the Government of India.

(b) in clause (q), after the word "passage-money" the words "and of deposits made in accordance with any condition prescribed under clause (oo) of this sub-section" shall be inserted, and to the same clause after the words "pilgrim ship" the words "and the refund of passage-money or deposits to the legal representatives of pilgrims who have died in the Hedjaz or on the voyage thereto" shall be added.

Amendment of
section 245, Act
XXI of 1923.

10. In sub-section (2) of section 245 of the said Act, after clause (b) the following clause shall be inserted, namely :—

"(c) the charging of fees for the grant of the certificate referred to in sub-section (4) of section 243, the amount of such fees and the manner in which they shall be recoverable."

STATEMENT OF OBJECTS AND REASONS.

For some years past the repatriation of destitute pilgrims from Jeddah has been a source of anxiety and recurring expenditure to the Government of India. The welfare of the Indian pilgrims, as a whole, has also been endangered by the presence amongst them of those who had not the means to perform the pilgrimage. Various attempts have been made from time to time to arrive at a solution of the problem on a voluntary basis but without success. In March, 1923, the Central Haj Committee resolved that, in view of the experience gained, the best remedy was to institute a system of compulsory return tickets, if necessary by legislation. The Government of India are convinced that a solution on the lines of compulsory provision for the return journey is the only one which will prove satisfactory. Clause 6 of the Bill is intended to give power to prescribe that no pilgrim, who intends to return to India after performing the pilgrimage, shall be allowed to leave from any port in British India unless he is in possession of a return ticket, or has deposited a sufficient sum to meet the cost of the return journey. Clause 8 deals with the period for which a return ticket is to be valid and the period of detention at Jeddah within which a pilgrim must be provided with a return passage. Clause 9 is intended to give the Governor General in Council a general rule-making power to regulate matters arising out of the introduction of a system of return tickets or deposits and to ensure their satisfactory working.

2. It is also proposed to take advantage of this opportunity to amend the relevant sections of the Indian Merchant Shipping Act, 1923, so as to dispense with obligatory call of pilgrim ships at Aden which is no longer necessary under modern sanitary conditions. Clauses 2, 3 and 4 of the draft Bill give effect to this proposal. Clause 5 of the Bill is intended to empower Local Governments, with the previous sanction of the Governor General in Council by notification in the local official Gazette, to declare a period within which the carriage of pilgrims from a port in British India shall be unlawful. This provision is designed to prevent pilgrim ships from sailing after due date and thus to save pilgrims from the disappointment of arriving too late.

3. The Indian Merchant Shipping Act, 1923, does not at present permit the levy of any fees for inspection of the wireless installations on vessels. Recently fees for inspection where the installations have been found to be out of order have been imposed in the United Kingdom by the Board of Trade. It is proposed to take similar powers to permit the levy of fees in India under section 245 of this Act, and clause 10 of the Bill is intended to secure this object.

IRRIGATION DEPARTMENT.

NOTIFICATION.

No. 161.—The 14th April 1924.—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make the following revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, with effect from the 10th May 1924, in supersession of all previous notifications on the subject:—

Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhangha khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatula.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71. of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below:—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements:—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—Saltees.—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the *scrang*, *manjee* or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his discretion permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas four: Provided that for tickets on which the total tollage is less than five rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the *manjee*, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa: in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggies* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls without payment of tolls.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspapers.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

THE following Bill was introduced in the Legislative Assembly on the 27th February 1924:—

No. 15 of 1924.

*A Bill further to amend the Code of Civil Procedure, 1908,
for certain purposes.*

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for certain purposes hereinafter appearing; It is hereby enacted as follows:—

Short title and
commencement.

1. (1) This Act may be called the Code of Civil Procedure (Amendment) Act, 1924.

(2) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Insertion of new
section 44A in
Act V of 1908.

2. After section 44 of the Code of Civil Procedure, 1908, V of 1908. the following section shall be inserted, namely:—

Execution of
decrees passed by
British Courts.

"44A. Where a certified copy of a decree of His Majesty's High Court of Justice in England or in Northern Ireland, or of the Court of Session in Scotland, or of any Court established in any other part of His Majesty's Dominions which the Governor General in Council has, by notification in the Gazette of India, declared to be a Court of superior jurisdiction for the purposes of this section, has been filed in a District Court, the decree may be executed in British India as it is had been passed by the District Court."

STATEMENT OF OBJECTS AND REASONS.

At the Imperial Conference held in 1911 the following resolution was adopted :

"That the Imperial Government should consider in concert with the Dominion Governments whether, and to what extent, and under what conditions, it is practicable and desirable to make mutual arrangements with a view to the enforcement in one part of the Empire of judgments and orders of the Courts of Justice in another part, including judgments or orders for the enforcement of Commercial Arbitration Awards."

Part II of the Administration of Justice Act, 1920 (10 & 11 Geo. 5, Chapter 81), was enacted in consequence of that resolution. In accordance with its provisions judgments obtained in a superior Court in any part of His Majesty's Dominions to which this part of the Act applies may be executed by the High Court in England or Ireland, or by the Court of Session in Scotland. Under the provisions of section 14 of the Act, Part II is applied to portions of His Majesty's Dominions outside the United Kingdom in which reciprocal provisions have been made by the Legislature by His Majesty by Order in Council. The object of the present Bill is to enact reciprocal provisions to enable Part II of the Administration of Justice Act, 1920, to be extended to British India.

2. At the present time, in view of the provisions of section 44 of the Code of Civil Procedure, 1908, the decrees of certain Civil or Revenue Courts in Indian States which are notified by the Governor General in Council, may be executed in British India, and it has been considered advisable that the reciprocal legislation proposed by the Bill should follow, as closely as possible, the provisions of that section.

3. The Bill provides that decrees of His Majesty's High Court of Justice in England or in Northern Ireland or of the Court of Session in Scotland shall be capable of being executed in British India when certified copies of them have been filed in a District Court. Decrees of Courts established in other parts of His Majesty's Dominions will not be capable of execution in this manner until a notification has been issued by the Governor General in Council, and such a notification would not be issued until reciprocal legislation has been passed which would enable the decrees of superior Courts in India to be executed there. In sub-clause (2) of clause 1 of the Bill it is provided that the Act shall come into force on a date to be appointed by the Governor General in Council. It is proposed to bring the Bill, if enacted, into force when the provisions of Part II of the English Act have been extended to British India by His Majesty by Order in Council.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly :—

A Bill to amend the Imperial Bank of India Act, 1920.

WHEREAS it is expedient to amend the Imperial Bank of India Act, 1920, for certain purposes hereinafter appearing ;
It is hereby enacted as follows :—

Short title.

1. This Act may be called the Imperial Bank of India ^{XLVII} of
(Amendment) Act, 192 . 1920.

Insertion of
new section 13A
in Act XLVII of
1920.

2. After section 13 of the Imperial Bank of India Act, ^{XLVII} of
1920, the following section shall be inserted, namely :— 1920.

Power of Bank
to grant loans to
certain other
Banks.

“13A. Notwithstanding anything contained in Schedule I, the Bank may, for the purpose of averting the winding up of any company which is a banking company within the meaning of section 13 and of which the capital is divided into shares, or, where any such company is being wound up, of facilitating the winding up, advance or lend money to, or open a cash credit in favour of, such company or the liquidators thereof, as the case may be, upon the security of the assets of such company.”

STATEMENT OF OBJECTS AND REASONS.

The Imperial Bank of India Act, 1920 (XLVII of 1920), contains no provision enabling the Imperial Bank to intervene effectively, without the assistance of Government, in a financial crisis, for the purpose of either averting the winding up of any banking concern or facilitating the winding up of any such concern. The absence of such provision was brought prominently to notice in the circumstances attending the failure of the Alliance Bank of Simla last year, and an undertaking was given on behalf of the Government in the debate in the Legislative Assembly on the 18th July, 1923, that the Government of India would consider the question of so amending the Imperial Bank of India Act, 1920, as to make it possible to do on any future occasion what the Imperial Bank was unable to do, without the intervention of Government, in the case of the Alliance Bank.

The object of the present Bill is to enable the Imperial Bank, with the object either of averting or of facilitating the winding up of any banking concern, to assist such concern by making advances to it or to the liquidators of such concern not only against the securities prescribed elsewhere in the Act but against its assets generally.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924 :—

No. 11 OF 1924.

A Bill further to amend the Indian Registration Act, 1908.

WHEREAS it is expedient further to amend the Indian XVI of 1908. Registration Act, 1908 ; It is hereby enacted as follows :—

Short title and
commencement.

1. (1) This Act may be called the Indian Registration (Amendment) Act, 1924 .

(2) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Amendment of
section 32. Act
XVI of 1908

2. To section 32 of the Indian Registration Act, 1908, the XVI of 1908. following *Explanation* shall be added, namely :—

“*Explanation.*—Presentation by any person shall be deemed to be by an agent duly authorised within the meaning of this section, if the executant is present and admits execution before the registering officer.”

— — —

STATEMENT OF OBJECTS AND REASONS.

In 37 Allahabadi 49 Jambu Prasad v. Mahummad Aftab Ali Khan, the Privy Council have had to place a highly technical construction on the law relating to presentation of documents for registration which causes injustice to parties. Their Lordships have in 1922 (Patna 402) suggested that it is a matter for the Legislature to remedy. This Bill is intended so to remedy.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 28th February 1924 :—

No. 17 OF 1924.

A Bill further to amend the Indian Registration Act, 1908.

Whereas it is expedient further to amend the Indian Registration Act, 1908, so as to enable some Sub-Registrars to exercise and perform the powers and duties of a Registrar to hold an inquiry on denial of execution; It is hereby enacted as follows :—

XVI of 1908.

Short title and commencement.

1. (1) This Act may be called the Indian Registration (Amendment) Act, 1924.

(2) It shall come into force on the first day of January 1925.

Amendment of s. 7, Act XVI of 1908.

2. To section 7 of the Indian Registration Act, 1908, the following sub-section shall be added, namely :—

XVI of 1908.

“(3) The Local Government may by notification declare any Sub-Registrar to be a Registrar within the meaning of the proviso to section 35, and all provisions contained in sections 74 to 77 which apply to documents presented for registration to a Registrar shall also apply to documents presented for registration to such Sub-Registrar.”

STATEMENT OF OBJECTS AND REASONS.

In some of the provinces Sub-Registrars are highly educated gentlemen. There is no reason why, if execution of a document is denied before such officers, they should not hold an inquiry as to execution, etc., and why the parties should be driven to the necessity of taking a formal order of rejection and then going to the Registrar for holding the inquiry.

The Bill is intended to enable Local Governments to allow Sub-Registrars to hold the necessary inquiry themselves.

Election Case No. 14 of 1924.

Rai Prosanna Kumar Das Gupta Bahadur ... *Petitioner,*

versus

Mr. Chittaranjan Das ... *Respondent.*

Report.

This is an election petition under rule 32 of the Bengal Electoral Rules and Regulations of 1923, presented by Rai Prosanna Kumar Das Gupta Bahadur of Bejgaon, district Dacca. He was a candidate for election from the Midnapore South non-Muhammadan Constituency. The only other candidate was Mr. C. R. Das. The Rai Bahadur personally delivered his nomination paper to the Returning Officer on the 2nd January 1924, the date appointed for nomination of the candidates. The nomination paper was completed in the prescribed form, except in one particular. The number of the candidate in the electoral roll of the constituency in which he was registered as an elector was not filled in. It appears that the Bengal Electoral Rules of 1920 did not require the insertion of this electoral roll number. The Rai Bahadur was not aware that that rule had been amended and came to learn of the amendment when filling up the nomination paper in the office of the Returning Officer. He wired to his brother at Bejgaon and also to the Subdivisional Officer of Munshiganj. His brother wired back the electoral roll number and his election agent Babu Srinath Das supplied it to the Returning Officer by a petition. The Subdivisional Officer of Munshiganj also sent a wire direct to the Returning Officer on the 3rd January 1924, supplying him with the Rai Bahadur's electoral roll number of his home constituency. The 4th January was fixed for the scrutiny of nomination papers. On that date the Returning Officer rejected the nomination of the Rai Bahadur on the ground that the omission to fill in the number of the candidate in the electoral roll was a vital defect. He found the nomination of Mr. C. R. Das in order, and declared him duly elected.

It appears, that the petitioner subsequently discovered that Mr. C. R. Das was at Bombay or Coconada on the 2nd January when his nomination paper was submitted. The petitioner wrote a letter to the Chief Secretary to the Government of Bengal in which he maintained that there was only a technical defect in his nomination paper while there was gross irregularity in the nomination paper submitted by Mr. C. R. Das. The petitioner was informed that his remedy lay in an election petition. The petitioner wrote again on the 22nd January 1924, and asked Government to take steps to remedy the irregularities. He added that he could not risk Rs. 1,000 to fight an election petition. He did not receive any reply. Thereafter he filed the present petition on the 2nd February 1924, averring that the defect in his nomination paper was only technical and pleading that, as Mr. C. R. Das could not have signed the declaration at the foot of the nomination paper after the nomination had been duly proposed and seconded, as required by law, and that as his signature must have been put on blank paper or forged, the nomination and election of Mr. C. R. Das may be declared null and void and he himself be declared to have been duly nominated and elected for the constituency.

During the trial Counsel for the petitioner offered to accept the statement of Mr. C. R. Das. Mr. C. R. Das filed a written statement annexing a statement of facts signed by him. Mr. C. R. Das stated that he left for Coconada on the 20th December 1923, but that before he left Babu Birendra Nath Sasmal and Mahendra Nath Maiti had approached him and proposed to nominate him from the Midnapore South non-Mahomedan Constituency and that the day before he left, he accepted the proposal and signed some nomination papers and left instructions to Babu Birendra Nath Sasmal to fill up completely one of the said nomination papers in all its details including the date which was to be the date appointed for the nomination, and that in pursuance of this arrangement Babu Birendra Nath Sasmal filled up the nomination form and signed in the place set apart for the signature of the proposer, and Babu Mahendra Nath Maiti put his signature in the place meant for the signature of the seconder. Mr. C. R. Das stated also that he left instructions to appoint Babu Birendra Nath Sasmal or himself (if Babu Birendra Nath Sasmal was unwilling to be the agent) as his election agent and deliver the same to the Returning Officer, after putting his signature under the clause "I hereby declare that I have appointed to be my election agent," and that Babu Birendra Nath Sasmal put in the word "myself" in pursuance of these instructions. The statement of facts was eventually accepted by the petitioner.

We should mention that at one stage of the case the learned Counsel for Mr. C. R. Das raised the contention that the petition was not *bona fide*, the suggestion apparently being that the Government had supplied the petitioner with funds to contest the election. The Rai Bahadur has given his deposition and he has stated that, he paid the money from his own pocket. We need only say that, in our opinion, the suggestion is altogether unfounded.

Not unconnected with this plea was a petition asking for a stay of the proceedings on the ground that the respondent apprehended that he would not have a fair trial before us and that he wanted time to move His Excellency the Governor to appoint new Commissioners for the trial of the petition. Time was given. We were informed that such a petition was filed and before writing our report information has reached us that the petition was rejected. In this connection we only think it necessary to say that we did not see any grounds for such an apprehension.

We proceed to consider the merits of the case. The facts are not disputed now. The only question being whether the nominations of the two candidates were good or bad, we did not think it necessary to draw up any issues. The decision turns upon the interpretation of Rule 11(3) of the Bengal Electoral Rules. It runs as follows:—

"On or before the date so appointed for the nomination of candidates, each candidate shall either in person or by his proposer and seconder together between the hours of eleven o'clock in the forenoon and three o'clock in the afternoon, deliver to the Returning Officer a nomination paper completed in the form prescribed in schedule III and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder, whose names are registered on the electoral roll of the constituency."

The learned Counsel appearing for the respondent has taken two legal objections to the petition of the Rai Bahadur. It appears that after the nomination of the petitioner was rejected, his election agent withdrew the deposit which has to be made under rule 12. The contention is that the Rai Bahadur accepted the decision of the Returning Officer and by withdrawing the deposit he is no longer a candidate. Under rule 32 an election petition may be filed by any candidate or elector. It was argued that the word "elector" means an elector of the constituency since it would be ridiculous for an elector in one constituency to complain about any irregularity in another constituency. We are disposed to agree, but we may point out that the rule, as framed, does not place any limitation on the word elector. The Rai Bahadur is still a candidate according to the definition of the candidate in rule 30(b) inasmuch as he claims that he was duly nominated and that his nomination paper was improperly rejected. It may be again that the petitioner accepted at first the decision of the Returning Officer. If, on consideration, or under legal advice he thought that the decision was wrong he cannot be precluded from questioning the election merely because of the fact that the deposit was returned to him. There is no question of estoppel. We are considering his position on the 4th January 1924. The deposit was there on that date and if it be found that he was duly nominated the case would be met by the Rai Bahadur redepositing the money. We hold that the petition is maintainable.

The second objection is that the nomination paper of the Rai Bahadur is invalid on its face. There are four defects in it. The constituency for which the candidate was nominated is mentioned as "South Midnapore" while it should be "Midnapore-South non-Mahomedan". The constituency in which the Rai Bahadur was registered as an elector is described as "Munshiganj (Dacca)—Rural" while it should be "Dacca Rural non-Mahomedan." The name of the proposer is Srinath Chandra Das. It is put down as Srinath Ch Das, and he signed as Srinath Das. The fourth defect is the omission of the electoral roll number of the candidate. The Returning Officer considered the first three defects technical, but the fourth vital.

The mistakes in the description of the constituencies are slight, and we do not think that they could possibly mislead anyone. In respect of the third defect the learned Counsel has quoted the case of *Moorhouse versus Linney* (15 Queen's Bench Division, page 273), where a nomination paper was held to be bad, by reason of the fact, that the

elector subscribed as Charles Arthur Burman when he was entered on the register as Charles Burman. It was held that the discrepancy suggested that there might be two persons one called Charles Burman and another called Charles Arthur Burman. The statute it was said however in *Bowden versus Besby* (21 Queen's Bench Division page 309), does not require that the subscriptions shall identically correspond with the entries of the names on the register. In the present case the identity of the proposer with the name on the electoral roll is not questioned. A Bengali with the name Srinath Chandra Das might sign himself as Srinath Das, or Srinath Chandra Das. The defect is very technical and carries no weight.

We have to see whether the omission of the electoral roll number of the petitioner is fatal or not. The learned Counsel for the respondent quoted the case of *Monks versus Jackson* (1 Common Pleas Division, page 683) for his argument, that the statute must be followed strictly. The statute said that the nomination paper must be delivered by the candidate himself or by his proposer and seconder. It was held that the delivery by an agent, therefore, will not do. In the present case the dispute is over the question whether it is essential that the form in schedule III should be filled up in every particular at the time of the delivery. The case of *Hobbs versus Mosey* (1 King's Bench Division, page 74) was quoted for the principle, that the court had to decide on the validity of the nomination paper itself. The English Law is that the decision of the Returning Officer if disallowing the objection is final, but it is not so, if the objection is allowed. It is subject to reversal on questioning the election (*Parker*, page 250). The Ballot Act lays down that no election shall be declared invalid by reason of non-compliance with the rules or any mistake in the use of the forms in the schedule, if it appears to the tribunal that the election was conducted in accordance with the principles laid down in the body of the Act. Commentators seem to be agreed that mistakes in the use of forms will not invalidate an election.

Turning to our law it has been recently held that the filling up of the date against the candidate's name is not essential (*S. N. Halder versus S. N. Mallik*). The case of *Maharajah Sir Manindra Chandra Nandi versus Hon'ble Probash Chandra Mitter* (also recently decided), was referred to for the proposition that the nomination paper must be complete on the day of the nomination. As we read that decision the principle laid down was that the candidate must be eligible on the date of the nomination. In the present case there was no question that the petitioner was eligible to stand as a candidate. Only he did not know his electoral roll number. In the rules of 1920 it was not necessary to give this number. He procured the roll number and the Returning Officer was placed in possession of that fact before the scrutiny. It may be mentioned that no objection on this point was taken on the side of the respondent at the scrutiny. The object of the information required to be furnished in the form is to allow the elector or the constituency an opportunity of testing whether the candidate is a duly qualified elector. In this particular case we find that had the descriptions referred to in rule 11(7) been affixed in a conspicuous place by the Returning Officer, not only the necessary roll, but the name of the candidate (a Rai Bahadur) therein could have been traced therefrom with no more enquiry than would have been necessary, if the nomination paper had been beyond all criticism. We are inclined to hold that, in the particular circumstances of the present case the petitioner should be held to have complied with the provisions as to the completion of the nomination form.

Coming to the case of the respondent it is pointed out by the learned Counsel that the rules do not lay down how the form is to be completed, and, in fact, in the rules the subscription of the candidate as assenting to the nomination comes before the subscription of the proposer and the seconder. It is urged, on the other hand, that the whole scheme is that the nomination should be in writing and be first signed by the proposer and seconder, and then assented to by the candidate. It is argued that a verbal arrangement is not enough and, if allowed to prevail, might lead to absurdities. It does not appear that the nomination paper has to be filled in at any particular time. It may be filled up days before the nomination and it may even be presented to the Returning Officer before the date fixed for the nomination of candidates. So that if Mr. C. R. Das and his proposer and seconder had filled in the paper before he left for Coconada it would have been a good nomination paper when delivered on the 2nd January 1924 by his proposer and seconder to the Returning Officer. What he did was to sign the nomination paper after he accepted the proposal of his proposer and seconder and leave it with instructions to them to fill up the other particulars. The learned Vakil for the petitioner has quoted the case of *Harman versus Park* (7 Queen's Bench Division page 369), to show that the nomination paper must be fully filled up before it is subscribed by anyone. The case was distinguished in *Cox versus Davies* (2 Queen's Bench Division page 202) on which reliance has been placed by the learned Counsel for the respondent. Here the candidate's name had not been put in when the proposer and seconder signed the paper. It was held that if the signatures of the proposer and seconder were taken for filling in of the name of a candidate that they did not intend it would be a different matter, but that a nomination paper signed before it is properly filled up is not necessarily bad. The present case is slightly different, in as much as the candidate signed first as signifying his assent, and then his proposer and seconder signed afterwards. The learned Vakil asks as to when the nomination was made? The nomination takes place when the nomination paper properly completed and subscribed is delivered to the Returning Officer. The course adopted by

the respondent therefore was somewhat irregular, but does not appear to be contrary to any provisions of law. We do not, therefore, think that the nomination was invalid.

Our conclusion therefore is that the nomination of the petitioner was valid and was wrongly rejected. We also hold that the respondent was duly nominated. The result is that the election of Mr. C. R. Das should be set aside and a fresh election ordered.

In the circumstances of the case, we recommend that the parties do bear their own costs.

No. 5689A.—The 25th April 1924.—Whereas the Commissioners appointed under rule 36 (2) (a) of the Bengal Electoral Rules to enquire into the petition presented by Maulvi Yaquinuddin Ahmed against the election of Maulvi Kader Bux to the Bengal Legislative Council by the Dinajpur Muhammadan constituency have after due enquiry reported to the Governor that the returned candidate, Maulvi Kader Bux, was duly elected and have recommended that the petition presented by Maulvi Yaquinuddin Ahmed be dismissed.

Now, therefore, in exercise of the power conferred by rule 45 (3) of the said rules, the Governor is pleased to order that the said petition be dismissed and that Maulvi Kader Bux be deemed to have been duly elected to the said Council.

The Governor is further pleased to order that in accordance with the recommendations of the Commissioners, the petitioner (Maulvi Yaquinuddin Ahmed) shall pay to the respondent No. 1 (Maulvi Kader Bux) the sum of Rs. 600 as costs.

The following report of the said Commissioners is published in accordance with the provisions of rule 45 (3) of the said rules.

Election Case No. 3 of 1924.

Maulvi Yaquinuddin Ahmad	<i>Petitioner</i>
<i>versus</i>			
Maulvi Kader Bux	<i>Respondent No. 1.</i>
Munshi Matizuddin Chaudhury	<i>Respondent No. 2.</i>

Report.

This is a petition by Maulvi Yaquinuddin Ahmad, one of the candidates at the election for the Dinajpur Muhammadan Constituency, challenging the return of the successful candidate Maulvi Kader Bux, respondent No. 1. Briefly stated, the election is challenged on the ground that corrupt practices were committed, viz., (1) a corrupt practice under clause 3 of Part I of Schedule V of the Election Rules in that the agent or agents of the successful candidate's agent procured or abetted the personation of a voter Jhoru Mamul Mandal at the polling station at Habra School; (2) a corrupt practice under the same clause in that the successful candidate himself procured or abetted the personation of a voter Kafuruddin Shaikh at the polling station at the Dinajpur Municipal Office; (3) a charge under clause 4 of Part I of the said Schedule in that false statements of fact relating to petitioner's conduct were made in the leaflet referred to as exhibit A in the petition; and (4) a corrupt practice under rule 8 of Part II of the said Schedule in that the leaflet, exhibit A, does not contain the name and address of the publisher thereof on the face of it. On these allegations the petitioner asks that the election be declared void and that he be declared duly elected.

Respondent No. 1, the successful candidate, denies all the charges; he has also in his written statement contended that the election petition filed by the petitioner is not in proper form, and has not been properly verified; he also questions the power to allow amendment of the petition.

Respondent No. 2 has taken no part in the proceedings. We had no hesitation in declining to consider the objections taken by respondent as to the form, verification, and amendment of the petition allowed by His Excellency on the ground that it is not open to us to consider what happened from the filing of the petition to the appointment of the commission. We also held that under rule 33 (3) we have clearly power to allow amendment of particulars.

We also decided in respect of petitioner's claim to be declared duly elected that the prayer could not be seriously entertained. Respondent No. 1 obtained 4,380 votes, respondent No. 2 obtained 1,304 votes, and petitioner obtained 190. Petitioner declared in his petition that respondent No. 2 had "agreed that he will not claim his preferential right" and it was asserted at the bar and not denied, though not proved, that a formal deed of release had been executed to that effect. It is clear that such an agreement can have no effect whatever and that it is an interference with the right of the electors of the constituency to select their representative by their votes. Even if there had been no other candidate it is clear to us that when polling has taken place the Commissioners cannot declare a defeated candidate to have been duly elected unless after striking out the invalid votes on both sides it is found that the claimant has polled the largest number of valid votes actually given. We consider in view of the novelty of election proceedings in this country that rule 31 of the Electoral Rules might be amended so as to afford some guidance to petitioners as to the circumstances in which such a claim is proper.

We further decided that as the respondent No. 1 accepted responsibility for the publication of the leaflet, exhibit A of the petition, which is exhibit 2 of these proceedings, and as it did not contain the name and address of the publisher on its face the fourth corrupt practice charged had been clearly made out, but that as the petitioner asserted and respondent No. 1 admitted that the leaflet was distributed by the agents of this respondent the omission could not possibly be held to have materially affected the result of the election. Under rule 44 (1)(a) this corrupt practice would not, therefore, invalidate the election. We accordingly declined to frame an issue on this point, but reserved for our consideration the question of what recommendation, if any, should be made by us as to the exemption of the respondent from the disqualification incurred by him.

After deciding these matters we framed the following issues:—

- (1) Does the leaflet exhibit A, containing as it does extracts from the report of the Committee on the Amendment of the Bengal Tenancy Act without the observations in the Note of Dissent thereto, amount to a false statement as to the conduct of the petitioner?
- (2) If so, did the respondent No. 1 believe it to be false or did not believe it to be true?
- (3) Is the statement at the bottom of the leaflet, exhibit A, that the committee recommended the proposals to be carried into law false?
- (4) If so, did the respondent believe it to be false or did not believe it to be true?
- (5) Was either of such statements, if false, reasonably calculated to prejudice the prospects of the petitioner's election?
- (6) Is the charge of personation in paragraph 12 (a) of the petition established?
- (7) If so, was the personation at the instance of, or with the connivance of, the respondent's agent?
- (8) Is the charge of personation in paragraph 12(b) of the petition established?
- (9) If so, was the personation at the instance of, or with the connivance of, the respondent?

Of these the issues in relation to the leaflet have, at the hearing, been found to be the most important, and we therefore reserve them to be dealt with last of all.

Issues Nos. 6 and 7 relate to the charge of personation at Habra. The only evidence adduced on this charge is that at that polling station the vote of a man claiming to be Jhoru Mamud Mandal was challenged. No further evidence having been adduced by petitioner we decided that no case had been made out which respondent was called on to meet and find that this charge of personation is in no way proved and that issue No. 7 does not arise.

Issue No. 8 deals with the charge of personation at the Dinajpur Municipal Office. It is clearly proved by the evidence on both sides that apart from the man who is said to have personated Kafuruddin six persons only were present in the polling booth, viz. the Presiding Officer, the Polling Officer, the petitioner and his polling agent, and the respondent No. 1 and his polling agent. All these have been examined, and as to most of the facts in connection with the incident there is no dispute. That a man giving his name as Kafuruddin and his father's name as something quite different from Abdul Hakim appeared at the poll; that his vote was challenged by the petitioner but that he was allowed to vote after identification, the necessary entries being made in the list of challenged votes; that subsequently another man appeared who gave his name either as Kafuruddin or as something slightly different from it and his father's name as Abdul Hakim, and that his vote was taken on a tendered ballot paper, are undisputed facts.

It was argued before us that personation being a corrupt practice a corrupt motive must be established, and that if a man has an innocent motive, or acts under a *bona fide* mistake, he cannot be held guilty of personation. That this is the English law as to personation seems certain, and the same view was adopted in this country in the Punjab South East Towns case reported at page 166 of Hammond's Indian Elections, Petitions. We are, however, unable to agree with this view and would observe that in the precedent above quoted the Commissioners followed their decision in the Rohtak case (Hammond, page 183) which relates to an offence defined in section 171C of the Penal Code in which the word "voluntarily" occurs, and not to an offence defined in section 171 in which

no such word is to be found. As our view leads to the apparently absurd conclusion that a man may be convicted of an offence under section 171F, however innocent his intention, we consider it desirable to give our reasons for the view in order that the question of personation in the Electoral Rules and in the Penal Code is taken from the English Corrupt and Illegal Practices Prevention Act of 1883. By that Act personation is declared to be punishable as a felony. The Act itself is silent as to the motive or intention of the offender, but the doctrine of *mens rea* as applicable to felonies has led to the decision in England that before a corrupt practice can be held to have been committed a corrupt motive (which the later authorities show may exist without any moral corruption) must be established. In this country the doctrine of *mens rea* has been held inapplicable since the passing of the Penal Code on the ground that the definitions of offences in the Code describe the intention, knowledge, etc., which must be proved before a particular offence can be held to have been committed. We are therefore unable to follow the English Courts in applying the doctrine of *mens rea* and are compelled to look to the section itself in the Penal Code and to interpret it as it stands with reference to the various definitions in the Code. The section being silent as to the intention or knowledge of the offender and containing, so far as we can see, no word the definition of which introduces any question of knowledge or intention, it necessarily follows that the offence must be held to have been committed whenever the requisite facts have been proved, regardless of the intention or knowledge of the offender.

There is a further difficulty in the way of our accepting the English rule that a corrupt practice cannot be proved unless a corrupt motive is shown. Every electoral offence described in Schedule V is called a corrupt practice. In English Law there is a clear distinction between corrupt practices and illegal practices, and in the case of the latter motive or intention is immaterial. Schedule V includes what are corrupt practices in England as well as what are illegal practices. If therefore the English rule as to corrupt practices be followed, a practice such as the hiring of a liquor shop as a committee room, which is quite clearly meant to be forbidden absolutely, will in this country be permissible if the intention of the hirer is innocent.

We therefore hold that we are not concerned with the honesty or otherwise of the person said to have committed personation, provided his acts fall within the words of the rule. On the evidence before us in this case we are fully satisfied that there is only one entry in the Electoral Roll under which either of the two persons who voted can come, viz., entry No. 36 of Ward D in which the elector's name is given as Kafaruddin and his father's name as Abdul Hakim. We are further satisfied that each of the two persons is qualified and that both should have been on the roll. The first man's name is that given in the roll, but his father's name does not tally; the second man's name is, we are convinced, Kafaruddin *alias* Gafaruddin; he gives his father's name as Abdul Hakim, but in his service roll in the District Judge's office, where he is employed as a process-server, his father's name is given as Hakim Muhammad. While it would appear to be more probable that the entry in the roll is intended to refer to the second man, it is impossible to say with any certainty that it does refer to him and to him alone. Personation is a criminal offence, and before the offence can be held to be established it must be proved that the person entered in the roll is beyond any reasonable doubt some one other than the man charged with personation. We find it impossible to say on the materials before us that either of these two would be voters is, or is not, the voter entered in the roll, nor do we see any chance of obtaining any more light on the matter by calling any further witnesses. We accordingly hold that this charge of personation has not been proved. We wish to add that in coming to this conclusion we have considered the novelty of election procedure in this country and the knowledge of that procedure which may reasonably be expected; but we would respectfully follow the precedent of the Boston case in 1874, which is reported in 2 O'Malley and Hardcastle at page 165 and observe that it by no means follows that either this commission or any other commission will, even on the same apparent state of facts, hold in any subsequent case that the offence of personation has not been committed, for in each case the existing state of knowledge and the existing circumstances have to be considered.

In view of our decision on issue No. 8 the question raised in issue No. 9 does not strictly arise; but as the charge has been made we think it only fair to respondent No. 1 to say that in our opinion even if Kafaruddin, the first comer, had been held guilty of personation, the evidence before us in no way establishes that the candidate himself did anything improper. We have not been asked to, and do not, hold that petitioner has intentionally given an untrue account, but a candidate at an election generally views the acts of a rival candidate through a dense cloud of prejudice and his subsequent recollection of any incident is liable to be affected by prejudice. The polling agent of petitioner admits that the respondent said he did not know the man; and after that statement it is obviously impossible to hold that the candidate was abetting personation. We would however observe that at this polling station the polling agent of respondent No. 1 was the brother of the Presiding Officer. We do not consider the latter in any way affected by this as he had no power to refuse to admit any authorised polling agent and there is no reason even to suspect in the present case that anything improper was done by either of these gentlemen during the voting. But the undesirability of such a close relationship between the Presiding Officer and the polling agent of one candidate is obvious, and we are surprised that the agent in question who is a pleader should not have seen the impropriety of his acting at that particular polling station.

We now turn to the most important question. Although issues Nos. 1 to 5 do not specifically refer to the interpretation of clause 4 of Part I of Schedule V it is necessary to consider that rule. There can be no question that the leaflet, exhibit 2, contains no statement about the personal character or personal conduct of the petitioner, and it has been strongly urged on behalf of the respondent that clause 4 does not apply to statements of fact in relation to the public conduct of a candidate. To decide this point we have found it necessary to refer to the English authorities and we desire to express our indebtedness to the learned pleader for respondent who has furnished us, both on this question and on the other questions of law discussed, not merely with commentaries on the English election law but with various volumes of O'Malley and Harcastle's reports of English election cases. The contention urged for respondent finds great support from many expressions in the English cases, and the rule we have to interpret is practically a verbatim copy of the English law. But *prima facie* the words "personal character or conduct" do not necessarily show that the conduct must be personal, and apart from considerations arising from the conditions of a particular country which will be dealt with later, there is no apparent principle on which a deliberately false statement of fact relating to the public conduct of a candidate should be permitted by the election law. Only two instances have been brought to our notice or discovered by us in which statements as to what was clearly public conduct have been before the Election Courts in England, but we recognize that this may be due to the fact that the general trend of the English cases is in favour of the view that statements as to such conduct do not concern those courts. The first of the cases referred to is the Cockermouth case (5 O'Malley and Harcastle, page 155). At page 163 a statement that a candidate voted in Parliament in a particular way is considered. Though holding that this was not a criticism of personal conduct Darling J. proceeded to find that it was to a very large extent true. In the Attercliffe Division case reported in the same volume Walton J. at page 223 states, "Paragraphs 3 and 4 to my mind relate obviously to public acts and to public conduct alone. I do not say that they may not be within the Act;" he then proceeds to decide the case on the ground that the statements are not false statements. We are unable to hold that the English authorities definitely decide that only statements relating to personal conduct and not those relating to public conduct come within the rule. We would observe that it appears to us a matter worthy of serious consideration whether the exclusion of statements relating to public conduct from the purview of the rule is desirable under present conditions in this country. The English law on the subject was only passed in 1895, and if it was intended to exclude public conduct the reason may well have been that the electorate was very largely literate and also in the habit of reading newspapers, which were numerous and widely circulated. False statements as to public conduct would therefore not be likely to mislead most of the electors, and their falsity could be easily and speedily shown. These considerations do not seem to apply to this country as yet, and in view of the damage which could be done to a candidate's prospects at an election by the circulation of false statements as to his public conduct we are very doubtful whether the rule was ever intended in this country to exclude such statements. We are, however, relieved of the necessity of deciding this question definitely in view of our conclusions on the question whether the present case can be brought within the rule at all.

The petitioner's case is that the leaflet deliberately ascribes to him opinions on the amendment of the Tenancy Act which he does not hold. Respondent's case is that the leaflet deals with the report of the Committee and not with the views of the individual members thereof. We are fully satisfied that if the leaflet professes to describe petitioner's individual opinions it contains undoubtedly false statements of those opinions. We also hold that if respondent intended to deal with petitioner's individual opinions he was bound to refer to the latter's note of dissent before asserting as a fact that petitioner held any particular opinion and that if he did not do so he could not expect us to hold that he really believed his statements to be true nor even that he did not know them to be false. On the other hand, we hold that if the leaflet was issued in reference to the report of the Committee there was no necessity to refer to the Minutes of Dissent. We further hold that the statement referred to in issue No. 3 clearly relates to the report of the Committee as a whole and therefore does not come within the rule as to statements about a candidate. We have been asked to hold that if a leaflet contains statements of fact each clearly true, but the inference which would be naturally drawn from them would, owing to the failure to state certain other facts, be false, then there is a false statement of facts in the leaflet. We can find no authority in support of this view and we are not prepared, in view of the undoubted latitude allowed to candidates at elections, to hold that anything except a direct statement of fact can come within the rule. Our decision therefore must depend on the answer to the question, does the leaflet refer to the individual opinions of the petitioner or to the report of the committee as a whole? After full consideration of the matter we think the answer must be in favour of respondent. We see no reason to doubt his sworn statement in view of the perfect frankness with which he accepted responsibility for the publication, and his assertion receives considerable support from the view of the leaflet expressed in Exhibit B, a letter from one of petitioner's polling agents which the petitioner filed in Court of his own accord. That the fact of the petitioner being a member of the committee was intentionally brought to the notice of the electorate is clear, seeing that his name was placed at the head of the list and Dinajpur was printed after it. But after considering the leaflet most carefully we hold that the statements of fact contained in it with which we are concerned are that a certain committee had submitted a certain report and that

petitioner was a member of that committee. Both those statements are true and as the electoral law so far as we can see does not concern itself with opinions, suggestions, inferences or innuendoes but merely with statements of fact, we hold that petitioner has failed to bring the leaflet within clause 4. We therefore answer issue No. 1 in the negative and hold that issues 2, 3, 4 and 5 do not arise.

To sum up, we hold that of the corrupt practices alleged the first three have not been proved, that the fourth charge under clause 8 of Part II of Schedule V has been proved, but that the corrupt practice did not materially affect the result of the election. We accordingly report that the respondent No. 1, Maulvi Kader Bux, was duly elected by the Dinajpur Muhammadan Constituency. We further report that Maulvi Kader Bux was guilty of a corrupt practice under clause 8 of Part II of Schedule V in that he published the leaflet (exhibit 2) without the name and address of the publisher on the face thereof. In view of his frankness in the matter and of the fact that the cost of printing the leaflet is included in his return of expenses filed before the present petition, we accept his statement that the omission was purely accidental. In view of the unfamiliarity of the electoral law we accordingly recommend that Maulvi Kader Bux be entirely exempted from the disability imposed by rule 5 of the Electoral Rules.

We have considered the question of costs but see no reason to depart from the ordinary rule that a person who fails to establish anything but a very minor part of his case should be mulcted in costs. We accordingly recommend that the costs of respondent No. 1, which we assess at Rs. 600, should be paid by the petitioner to that respondent and that petitioner should bear his own costs.

Election Case No. 6 of 1924.

Sashi Kumar Sen Gupta
versus
Jatindra Nath Basu.

Report.

This is an election petition from the Calcutta North Non-Mahomedan Constituency. The election was for the Bengal Legislative Council. It took place on 14th November

1923. There were three candidates, Mr. Jatindra Nath Basu of the firm of B. N. Basu & Co., Babu Krista Lal Datta, a former Accountant-General of Bengal, and Dr. Sashi Kumar Sen Gupta. They polled 1,121, 996 and 808 votes, respectively. Babu Jatindra Nath Basu was declared as duly elected. The present petition was filed by Dr. Sashi Kumar Sen Gupta on the 21st December 1923. The petitioner charged Babu Jatindra Nath Basu with being guilty of practically every sort of corrupt practice enumerated in Schedule V of the Bengal Electoral Rules and Regulations. No particulars were given except in respect of the corrupt practice mentioned in Part II, section 5 of the schedule, viz., "the hiring, employment, borrowing or using for the purposes of the election of any boat, vehicle or animal usually kept for letting on hire or for the conveyance of passengers by hire". Paragraph 7 of the petition states that Jatindra Nath Basu *was by himself and other persons on his behalf* guilty of this corrupt practice. Among others nine taxi-cabs were specifically mentioned as having been used by him. There were two numbers given against each taxi-cab, CU series being the numbers of the cabs and 1880 series being numbers said to have been put on them by Babu Jatindra Nath Basu. The petitioner further alleged that on the 18th November 1923 at the counting of votes when the ballot boxes were opened by the Returning Officer, his seals were not found on some of the boxes and their covering bags and some of the seals were found broken and it was further found that the number of the ballot papers in some of the ballot boxes did not agree with the number of the ballot papers as given by the presiding officers in their ballot paper account.

The trial of the petition was fixed for the 8th February 1924. The respondent appeared before that date and submitted that no particulars had been given of the various alleged corrupt practices and that the petition ought to be summarily dismissed so far as it was founded on corrupt practices, of which no particulars were given as required by law. It was pleaded that in respect of paragraph 7 of the petition the particulars were insufficient and meagre. The respondent did not admit the allegation that the seals were found wanting or broken and put the petitioner to strict proof thereof. A copy of this petition was given to the doctor. On the date fixed (i.e., 8th February) the learned Counsel appearing for the petitioner informed us that he would limit his case to paragraph 7 and paragraphs 11-13 and first part of paragraph 14 of the petition, i.e., to the hiring, etc. of the taxi-cabs and the absence of seals on the boxes and bags. The petitioner was directed to give as far as possible particulars "of the other persons on his behalf" mentioned in paragraph 7 and to indicate some voters by name or number who were alleged to have been conveyed in the taxis mentioned in the paragraph. The issues fixed were :—

No. 1. "Was there any hiring, employing, borrowing and using of vehicles as alleged in paragraph 7? If so, did it materially affect the result of the election?" In respect of the matters mentioned in paragraphs 11-14 we were not satisfied that any rule or regulation was infringed or that the Returning Officer had done anything which he should not have done or that he had not done anything which he should have done. The petitioner was asked by us to make out a *prima facie* case and the issue framed was

No. 2. Was there any non-compliance with any rule or regulation framed under the Act? If so, has the result of the election been materially affected thereby?

The petitioner supplies for particulars on the 18th February 1924 to the effect that Jatindra Nath Basu either by himself or in his name or through agents in the name of Jatindranath Pal or Bisseswar Sen or Gobardhan De engaged the cabs mentioned in paragraph 7 of the election petition besides other cabs. It was stated that among others one Bhupal Chandra Chakraverty and one Khite Bhusan Das, one Jadunath Pal and one Ahindra Nath Pal, four canvassers and workers on behalf of the respondent accompanied at least 50 voters in the said taxi-cabs and other cabs let out for hire "from the latter's destinations to the polling stations". The names of 11 voters were given. The petitioner had numerous witnesses summoned. He examined 39 including himself. The respondent examined 14 witnesses including himself.

We take up issue No. 2 first. Complaint is made in the petition that the doctor brought to the notice of the Returning Officer the fact of the absence of his seals and requested him to put it on record, but the Returning Officer refused to do so. The Returning Officer, Mr. Roxburgh, was examined and he deposes that as soon as the first bag from Nandalal Bose's house (one of the three polling stations) was produced in its gunny covering, the doctor said he could not find his seal on it. He was asked if his seal was affixed on it. He could not say, but he said that he had been told by his election agent that this had been done. Other boxes were opened. The seals on all four boxes were intact they were locked, Mr. Roxburgh deposed that no tampering was possible, regard being had to the arrangements, though in transit it was possible that a seal or two on the outer gunny bags got broken or fell off. Mr. K. L. Datta, who got a larger number of votes than the doctor was examined by the petitioner and his evidence is that he did not take any action as he thought it was impossible to tamper with the seals. The objection was apparently not serious and was given up as the other boxes were opened. Mr. Roxburgh has deposed that there was no complaint in respect of the ballot boxes themselves. He was able to produce 8 out of 11 bags and he showed that the doctor's seal (which the latter could not find himself) was still intact on one of the bags. One gentleman deposed that he had put the seal on the sewing of the gunny bag; but when shown the gunny bag with the sewing without a trace of any sealing wax, he could not say where he had put the seal. The learned Counsel for the petitioner contended that the petitioner had reason to suspect that the ballot papers had been tampered with. It appears that a discussion was

started in a paper called "Forward" on the subject and it is started without objection that the petitioner's party came to the conclusion that seals on all the bags and boxes in all centres had been tampered with. The doctor has deposed frankly that he did not venture to file this petition until he had the support of his party. It is suggested on the side of the respondent that it is not the doctor's own view which is being put forward but that of the party. All we need say is that the suspicion is entirely imaginary. The doctor has said nothing in his deposition contrary to what Mr Roxburgh told us. The doctor's position is that he wished to draw attention to the subject for future guidance. He desires that gunny bags should not be used, that better bags like postal bags should be used and that there should be a record as to who was in charge of the boxes up to the day of the counting. We can leave the matter there.

The suggestion that there may have been a tampering because of the discrepancy between the figures of the presiding officers and the figures actually found in the ballot boxes appears to be even more groundless. There were nearly 2,000 ballot papers used. The discrepancy is only 5. According to the return under regulation XLIX every ballot paper issued to a voter may not have gone into the ballot box. It appears again that voting for the Indian Legislative Assembly was going on at the same time. In this constituency three ballot papers were rejected, because they were meant for the Indian Legislative Assembly. It is possible that these five electors of this constituency put their papers in boxes meant for the Indian Legislative Assembly or did not eventually exercise their right to vote. We were repeatedly asked to send for the ballot papers and hold an enquiry. We are surprised that it should be thought necessary to institute any enquiry on such slender materials. It is not shown that there was any non-compliance with any rule or regulation. Issue No. 2 is decided therefore against the petitioner.

We come to the first issue. Under the English Law it is now an illegal hiring to let or hire or employ or use for the purpose of conveying electors to or from the polls any public stage or hackney-carriage. The offence of illegal hiring becomes an illegal practice when committed by the candidate, election agent or sub-agent and when so committed, the election may be set aside. (Parker, page 294-295). The illegal practice must be brought home to the candidate or his agent. Where several hired motor-cars were lent to a candidate by a friend, but it was proved that, although the candidate had asked the friend for some cars, he did not know and had no reason to suppose the cars sent had been hired, it was held that the friend not being an agent no illegal practice, for which the candidate was responsible, had been committed (East Dorset 6 O'm and H., pages 37 and 48). With us (the section has been quoted above) it is apparently not necessary to show that the candidate or his agent hired the taxis; but on the other hand the election can only be set aside if it is proved that the result of the election has been *materially affected* by the hiring or use of such taxi-cabs.

There is a great conflict of evidence on the point whether taxi-cabs were used at all. On the one hand we have the petitioner and his witnesses asserting that from 1 to 100 taxi-cabs plied all day long displaying Mr. Basu's placards. On the other hand we have the respondent and his witnesses from the different centres denying that there was any taxi-cab at all on their side. Canvassers and workers alleged to have been working for Mr. Basu are produced by the petitioner to show that they used taxi-cabs to bring voters; but Mr. Basu and his men repudiate these allegations. The petitioner's witnesses declare that taxi-cabs were noticed and the matter discussed and the numbers of taxi-cabs taken. Mr. Basu and his men say that the matter was never discussed to their knowledge or at any rate never brought to their notice on the polling day. It again appears that the matter was discussed in the papers and the contention of the defence is that the petitioner's party imagined certain numbers of taxi-cabs which they put in in the original petition and having failed to substantiate their case as regards these they have procured other evidence on which no reliance can be placed. It is urged that no witness will take the responsibility of having furnished the original numbers of taxi-cabs given in the petition. It is pointed out that none of the agents mentioned in the particulars supplied by the petitioner on 18th February 1924 was examined by him and that of the 11 voters mentioned therein only 1 was examined (who did not support the petitioner) and that they produced various other witnesses to prove that about 47 others were taken to the poll in taxi-cabs (8 or 9 have deposed for the defence showing that the evidence of these witnesses is not reliable). It is pointed out that taxi-cab drivers, partisans of Mr. K. L. Datta and the doctor and so-called independent men are produced at the last moment to prove that numerous taxi-cabs were used. Complaint is made that the petitioner was in possession of a volume of evidence which he did not disclose and that he was allowed to examine witnesses in violation and in breach of the directions given and contrary to the law on the subject. Particulars, said Lord Justice Lindley, are in the nature of an indictment (1895, 2 Queen's Bench, p. 152). It is urged that the particulars have been given a go-bye and evidence produced at the last moment with the evident object that the sitting member would not be able to meet it. It is contended, however, on behalf of Mr. Basu that when they have been able to test the evidence produced, it has been found wanting and that the whole evidence produced does not stand the test of examination. It is acknowledged by the learned Counsel for the petitioner that he may not know of the particulars, but that when he has them he should supply them to enable the sitting member to defend his case. His argument was that he did not know them. It appears that Revati Babu, a member of the Congress Party, took charge of the case and he procured the evidence. He may be an estimable man, but although he was present in

Court throughout, he did not come into the witness-box and inform us when and how he was able to get all this evidence. This case is the first of its kind in India and we considered it desirable to take all the evidence offered in order to have as full an enquiry as is possible. The examination of the witnesses is open to the interpretation that most of them had been approached by Revati Babu before the further particulars were furnished and the nature of the evidence in the petitioner's possession was kept back in order to take the respondent by surprise. The question now is whether this evidence should be believed or not.

The charge that Mr. J. N. Basu was by himself or other persons on his behalf guilty of employing taxi-cabs has failed. The petitioner did not examine the three agents mentioned in the particulars. The respondent examined Bisheswar Sen. No question was put to him about Mr. Basu or his agents hiring the taxi-cabs. The four canvassers mentioned in the particulars were examined by the petitioner. Bhupal Chandra Chakraverty's evidence is of no assistance. He said that he thought the motor in his charge was a taxi, because the driver was a Sikh. Jadunath Pal, Ahindralal Pal and Khitibhusan Das Gupta have given positive evidence that they worked for Jatin Babu and each says that he brought voters in a taxi-cab. They said that they worked at the instance of Babu Promatha Nath Choudhury. Ahindralal Pal alleged that he went to Jatin Babu's and got a taxi from Jatin Babu and took it to Promatha Babu. Jatin Babu and Promatha Babu (a young zamindar and banker) deny knowing them at all. It is not insignificant that these young men came from 16-1, Abhoy Charan Mitter's Street, where one of the principal canvassers of the doctor, a cousin of Khitibhusan, lived and worked for the doctor. Ahindra deposed that he took among others Sarat Kumar Mitter (the son of a High Court Judge) in his taxi. Sarat Kumar Mitter deposed for the respondent and stated that he did not know Ahindra and that he went to the poll in a private motor-car. The petitioner examined Suresh Chandra Basak who says he noticed about ten taxis working for Jatin Babu and carrying about 25 to 30 voters. He had worked for Jatin Babu before the election day, but had left his work either because he was not getting enough money or because he was not being paid in advance. Obviously this witness has a grievance against Jatin Babu or his agent Durga Charan Babu. Binoy Krishna Roy was examined also as a canvasser of Jatin Babu and he deposed that Hem Chandra Ghosh had given him a taxi. Binoy Krishna's brother Jiban Krishna was examined and he deposed that he was taken to the poll in a taxi by Hem Chandra Ghosh. Hem Chandra Ghosh, who is a relative of Mr. J. N. Basu and who worked for him, deposes that these two men were working for the Swaraj Party and not for Jatin Babu. Jiban Krishna's evidence is that he saw Jatindra Mohan Bose a voter coming in a taxi. The latter (the Senior Assistant of the Director of Industries) has deposed that he was fetched from his office by his son in a car belonging to Jatin Babu's side and he was not cross-examined as to whether it was a taxi. Babu Jatindra Nath Basu is emphatic in his denial that any taxi-cabs were used. He has examined his men from the different centres who are equally emphatic. They are men of responsibility and position. Our impression is that this evidence produced by the petitioner is not reliable.

We do not propose to examine the rest of the evidence at great length. The doctor, his brother a professor, Mr. K. L. Datta and others have deposed that they saw taxi-cabs bearing Mr. Basu's placards. It is not likely that they are telling an untruth. Some taxi-cabs must have been there. It is difficult to say how they came in. It appears that Mr. Basu asked many friends (Marwaris included) to supply their private cars. It is not impossible that some of these friends sent taxis among the private cars. We feel extremely doubtful however that taxis in any large numbers were used.

We learn that the use of taxi-cabs was a feature in the election in Calcutta and the neighbourhood. It appears that Messrs. Cook & Co. have a fleet of about 100 taxi-cabs. About 30 generally are on the road. They bear the number C. C. series. Quite a large number was sent out on election days with the metre removed and the C. C. number covered over by the numbers in 1880 series (1880 being their garage number). The suggestion was that Messrs. Cook & Co. supplied a large number of these cars to Babu Jatindra Nath Basu. It was suggested that Gobardhan De, one of the Directors of the Company, was a relative of Mr. Basu. This was denied by Mr. Basu and Mr. Basu deposed that he had read the rules and had impressed on his agents and workers not to use any taxi-cabs. The petitioner examined Tin Cowri Bose of the firm of Messrs. Cook & Co., but he did not support the petitioner. His evidence was that the taxis were being got ready for Sitanath Pal (a candidate from another constituency) for his use on the 15th November and that on this particular date, viz., 14th, he sent out only 12 taxis to Sitanath Pal in response to a telephone message from Madan & Co., who ordered the cars for Sitanath Pal. He was positive that no cars were sent out for Babu Jatindra Nath Basu on this date. It appears, however, that Messrs. Cook & Co. are ready to hire out taxis as private cars (after taking the metre out) on advance payment and it seems to us not impossible that some of Mr. Basu's friends might have hired some taxis and sent them out mixed up with their own cars for Mr. Basu's use. The petitioner examined three taxi-drivers who were at the time in the employment of Messrs. Cook & Co., Bimala Kanta, Thakur Pada and Rajendra Pal, and they deposed that they drove out taxis which were used for Mr. Basu's election. According to two of them at least, Revati Babu must have been aware of their evidence before the date on which further particulars were furnished; but they are not mentioned therein. Tin Cowri Bose deposes that at this time Rajendra was working elsewhere. Bimala Kanta and Thakur Pada may have driven

taxi-cabs and worked in the election for Mr. Basu ; but their evidence that they went out 8 or 9 in number has to be accepted with caution. They are not men who are above influence. It is to be noted that Thkurpada was not even summoned.

The original list given in the petition was obtained by Revati Babu according to the doctor. Now there is some discrepancy in the evidence as to when Revati Babu obtained it. The learned Counsel for the respondent urges that the list must have been obtained after the petition was filed. The list is admitted to have been made by Jiban Krishna Saha, a canvasser of Mr. K. L. Datta. Jiban Krishna deposed that he had given the numbers to Mr. K. L. Datta ; but Mr. K. L. Datta denied that he ever consulted Jiban Krishna. Revati Babu is said to have gone to Babu Hari Sankar Pal and the latter sent for Jiban this list and gave it to Revati Babu. Jiban, however tells somewhat different story. We think that the petitioner got the list prepared by Jiban ; but there is no guarantee that the list was correctly prepared by Jiban. He was in service at one time in Spence's Hotel for two or three years and was dismissed. He professes even now not to know the reason for his dismissal.

Mr. K. L. Datta made a list himself. He wrote a letter to Mr. Roxburgh at once giving the numbers. It was marked "Private" and "Confidential". Mr. Roxburgh has deposed that 20 or 30 numbers were probably mentioned. Mr. Roxburgh did not preserve the letter. It would be unsafe to act upon the supposition that there were 20 or 30 taxis used. Passions at election time run high. Obviously Mr. Datta wrote to Mr. Roxburgh merely to score a point against Mr. Basu. It may be doubted whether he was serious since he did not keep a copy of the letter and did not intend to follow up his complaint. Another list comes from Pulin Behari Mitter, an election agent of Mr. K. L. Datta. He says he did not show the list to Mr. K. L. Datta. He produced a note-book from which he gave the numbers of 11 cars in 1880 series. Two of these numbers agree with 2 in the list made by Jiban Krishna Saha and mentioned in the original petition. We are not disposed to accept a list flung at us at the last moment. Mr. Basu has deposed that the feeling between him and Mr. K. L. Datta was embittered and it is noticeable that the lists or the effective evidence about taxi-cabs come from his side. The doctor's brother said he had made a list, but he lost it. The evidence is that taxi-cabs were noticed and the matter discussed, but there is a wide divergence between the observation of different people. Mr. K. L. Datta thinks 60 or 70 or even 100 taxis were used. Basanta Kumar Bose, an onlooker, was examined and he deposed that there was a discussion among canvassers, but he could see only one. The evidence of people that they saw 20 or 25 taxis is open to the objection that they may have seen 1 or 2 taxis coming backward and forward and jumped to the conclusion that 20 or 25 taxis were used. If taxis were used in such large quantities, there was nothing to prevent the workers of the rival parties in taking the number and comparing notes and ascertaining the exact number used. Our impression is, therefore, that some taxis were noticed, but not any large number of them and that the matter has been discussed since and the imagination of witnesses fed by such discussion until they have come to the conclusion that a very large number of taxis was used.

It appears that Mr. K. L. Datta had 120 private cars besides horse carriages and he polled only 996 votes. Mr. Jatindra Nath Basu had 110 motor-cars and about 30 carriages. There is no reason to believe that he could not command as many private vehicles as Mr. K. L. Datta. With 140 at his disposal he could have brought his entire body of supporters—1,121 in number—to the poll by putting about 8 voters in each vehicle and by using it only once. Estimates therefore by petitioner's witnesses to the effect that some vehicles carried no less than 15 or 20 voters in the course of the day seem to us to be entirely fanciful. Mr. J. N. Basu's majority over the next candidate—we may note—was 125. If we could believe from the evidence that 50 or 60 taxis were used, we might have held that this was sufficient to show that the result of the election was materially affected thereby, but even then the question would arise whether the voters carried in those taxis would not have voted as they did or would have refrained from voting—if the taxis had not been there. Assuming that 125 voters were so carried and that they voted for Mr. J. N. Basu, if they would have voted for him in any case how could it be said that the result of the election was materially affected by their carriage ? We note in this connection that the alleged voters who were examined by petitioner were not questioned by him on this point. They were not asked for instance : "Would you have voted as you did if you had had to walk ?" If again the vote has to be rejected as tainted it is not impertinent to ask whether the voter knew or had reason to believe that he was being taken to the poll in a forbidden conveyance. It may be a very hard matter to upset an election under section 5, Part II of Schedule 5 read with rule 44 ; but we are not concerned with that. Holding as we do on the evidence that only a very few taxi-cabs could have been used, our conclusion is that it is not established that the result of the election has been materially affected by such use or employment.

We hold therefore that this election petition should be dismissed. It is a case where some costs ought to be granted to the respondent. We recommend that the petitioner should pay the respondent's costs, Counsel's fees being estimated at 5 gold mohurs for each day of the hearing.

NOTIFICATIONS.

No. 5705A.—The 26th April 1924.—Rules for recruitment to the Bengal Civil Service (Executive) and the Subordinate Civil Service were published in notification No. 1650A.D., dated the 31st July 1913. The decision to substitute competitive examination for the previously existing system of nomination for the recruitment of these services, and the orders issued regarding the introduction of the time scales of pay, have rendered most of these rules inapplicable, and the following revised rules are published for general information :—

Rule 1.—Appointments to the Bengal Civil Service (Executive) and the Subordinate Civil Service will be made (1) by the promotion of selected officers who are already in Government service and (2) on the results of an annual examination.

Rule 2.—The Governor in Council will determine each year the number of appointments to be made during the year to each of these services.

Rule 3.—Of the number of appointments to be made in any one year, ordinarily 35 per cent. in the case of the Bengal Civil Service (Executive) and 20 per cent. in the case of the Subordinate Civil Service will be filled by the promotion of officers who are already in Government service. Nominations for these appointments will be made by the Revenue and the Agriculture and Industries Departments and by the Board of Revenue. The age of an officer nominated under this rule should not save in exceptional circumstances exceed 40 years.

Rule 4.—Rules for the recruitment of these services by competitive examination will be published from time to time in the *Calcutta Gazette*.

Rule 5.—All officers appointed to the Bengal Civil Service (Executive) or the Subordinate Civil Service will be on probation for two years. An officer who has been promoted from the Subordinate Civil Service to the Bengal Civil Service (Executive) will be confirmed at the end of that period, provided that he has shown himself to be fit for the appointment. Officers promoted to the Subordinate Civil Service and all officers appointed on the results of the annual examinations are required to undergo a course of training and to pass the departmental examinations, during this period of probation. Such an officer will become eligible for the increment of pay at the end of the first year's service on passing the departmental examination by the lower standard, provided that he has submitted the records of cases required under the departmental examination rules to

the satisfaction of the Legal Remembrancer. His confirmation in the service and his further increment of pay will depend on—

- (i) his passing the departmental examination by the higher standard ;
- (ii) the submission of a certificate that he has undergone the necessary training in treasury work as enjoined by the departmental examination rules ;
- (iii) the production of a certificate of his ability to ride a horse signed by the District Officer of the district to which he is for the time being attached ; and
- (iv) his general fitness for confirmation.

Delay in the fulfilment of any of these conditions beyond the normal period of two years will render a probationer liable to removal from the service.

Rule 6.—No member of the Bengal Civil Service (Executive) or the Subordinate Civil Service shall be dismissed otherwise than on the result of a judicial or formal departmental enquiry.

Rule 7.—No member of the Bengal Civil Service (Executive) or the Subordinate Civil Service, once he has been confirmed, shall be entitled to resign his appointment without the previous sanction of Government.

MEDICAL COLLEGE OF BENGAL.

Rules for the guidance of students seeking admission.

1. Two classes of students are admitted for study in the College—

(a) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the provinces of Bihar and Orissa, Assam and Central Provinces, and those who come out of the Dacca or the Rangoon University as provided for in rule 5.

(b) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (See separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (a) "Regular Class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry or any Examination equivalent to it.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe. Students who come out of the Dacca and the Rangoon Universities and the candidates from the Central Provinces should apply to the Director of Public Instruction of the respective provinces.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list:—

					Rs. A.
Admission fee	20 0
Fees for Summer term	62 8
Athletic Club fee	2 0
				Total	84 8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa, one by the Government of Central Provinces and six candidates by the Inspector-General of Civil Hospitals of Assam, six candidates of the Dacca University by the Director of Public Instruction, Bengal, and two of the Rangoon University by the Director of Public Instruction, Burma. These candidates must possess the qualifications mentioned in rule 2(a). In addition, the Bihar and Orissa Government will nominate six scholars, who must have passed the I. Sc. Examination with Physics and Chemistry. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (a) Female students will be admitted to the College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(b) Female students belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay fee within a week from the date of the publication of their results, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the winter term. They must also pay the annual Athletic Club fee of Rs. 2 along with their fees for Summer term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment within the time prescribed above.

12. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

14. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

15. In calculating the sum to be paid under rule 14 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as Regular students.

20. The following are the curricula of the College :—

Draft Notification.

In exercise of the power conferred by sub-section (2) of section 25 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules for the preparation and publication of the Electoral Roll for the purposes of the election of Councillors to be held under the said Act:—

RULES FOR THE PREPARATION AND PUBLICATION OF THE ELECTORAL ROLL.

Definitions.

1. In these rules, unless there is anything repugnant in the subject or context,—

(1) "the Act" means the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), as amended by the Calcutta Municipal (No. II) Act, 1923 (Bengal Act XI of 1923); and

(2) the "constituency" means the constituency specified in Schedule III or Schedule IV to the Act, as the case may be.

2. The Electoral Roll of every constituency shall be prepared and published by the Executive Officer or such other officer or person as he may from time to time specially appoint in writing in this behalf.

The Executive Officer or such other officer or person shall be called the "Registering Authority" for this purpose, and he may employ such agency as he may think fit for the preparation and publication of the Electoral Roll.

3. The Electoral Roll of every constituency shall be in English, but in order to give it wide publicity, the Executive Officer may, if he thinks fit, also order the publication of a copy in Bengali.

4. On or before the 30th day of November immediately preceding each general election, the Registering Authority shall prepare or cause to be prepared a complete Electoral Roll (hereinafter referred to as the Preliminary Roll) for each constituency containing the names of all persons who appear to the Registering Authority to be entitled to be registered as electors for that constituency.

5. In the case of a constituency other than a special constituency, the Preliminary Roll shall be prepared ward by ward, but the Registering Authority may, if he thinks fit, prepare a consolidated Preliminary Roll for several wards comprising a constituency or part of a constituency. The Registering Authority may also sub-divide the roll in such other manner or into such other parts as he may deem expedient for the purpose of facilitating the preparation of the roll.

6. The names of electors registered in the Preliminary Roll or any part of the Preliminary Roll of any such constituency as aforesaid shall be arranged in accordance with the alphabetical order of the names (in English) of the streets and the numbering of the premises in such streets contained in the said roll or part of the roll as the case may be. Where a person is registered as the representative of any company, body corporate, firm, joint family or other association of individuals, or as the manager of a lunatic or the guardian of a minor, a distinctive sign or mark shall be placed against his name in the Preliminary Roll to indicate the fact. Persons qualified as electors under clause (b) or clause (c) of sub-section (1) of section 20 of the Act shall also have a distinctive sign or mark placed against their names in the Preliminary Roll, unless it is decided to publish their names in a separate part or parts of the Preliminary Roll.

7. In the case of a special constituency, the Preliminary Roll shall be in such form as the Registering Authority may direct. It shall contain the names of the persons registered as electors arranged alphabetically with their addresses.

8. The Preliminary Roll prepared as above for every constituency shall be published by the Registering Authority not later than the 30th day of November referred to in rule 4

- (ii) one or more of the police-station or stations situated within the constituency or within the jurisdiction of which the constituency or any part of it may be situated, and
- (iii) one or more of the Post Offices, as the Registering Authority may think fit, situated within the constituency.

(b) In the case of a special constituency, by affixing for public inspection a complete copy of the roll at the Central Municipal Office and at the office or offices of the Chamber, Association or the Commissioners of the Port of Calcutta, constituting the constituency as the case may be.

9. Printed copies of the Preliminary Roll shall be sold to the public at such prices as may from time to time be fixed by the Executive Officer.

10. For the purpose of the revision of the Electoral Roll, the Executive Officer may appoint in writing such person or persons as he may deem proper to perform all or any of the duties of the Revising Authority in respect of any constituency or part of a constituency:

Provided that no Councillor or Alderman shall be a Revising Authority.

11. Along with the Preliminary Roll of every constituency, published as above, a notice shall be simultaneously published in the constituency, and a notice of the publication of the Preliminary Roll shall also be given by advertisement in local papers specifying for such constituency or any part of it the Revising Authority to whom, the place at which, the period within which, and the manner in which, claims for being included in the Electoral Roll or objections to the inclusion of any name in the Electoral roll shall have to be preferred.

12. Claims and objections shall be preferred in respect of the Preliminary Roll of any constituency not later than the 20th December next following the month of November referred to in rule 4. The Revising Authority shall not entertain any claim or objection received by him after 5 P.M. on that date.

13. All claims and objections shall be in writing and signed by the person making them and shall state the grounds on which they are based, and where they relate to an entry in the Preliminary Roll shall give the reference to or the particulars of that entry.

14. Every person whose claim or objection is received in time shall be served with a notice by the Revising Authority specifying the place where and the time when his claim or objection will be heard, and he may produce or cause to be produced such evidence as he may wish to adduce, but in the absence of such evidence the Revising Authority shall decide the matter on the entries appearing in the records of the Corporation.

15. When objection is made by any person whose name is on the Preliminary Roll to the inclusion of the name of any other person recorded therein, the Revising Authority shall serve on such other person a notice stating the grounds of such objection and specifying the place and the time fixed for the hearing of such objection, where and when such other person may attend with such evidence as he may wish to adduce.

16. Every notice issued by the Revising Authority shall be in writing and shall be served at the address as entered in the Preliminary Roll or at such other address as may be specified by the claimant or objector in his notice of claim or objection, the person objected to being served only at the address given in the roll, provided that a notice may be served by the Revising Authority by sending it to the person concerned by post.

17. The Executive Officer shall cause to be published from time to time on the notice-board at the Central Municipal Office a notice showing generally the dates on which and the places at which the Revising Authority will sit for hearing claims and objections.

18. The Revising Authority shall dispose of all claims and objections by a date to be fixed by the Executive Officer.

It shall be the duty of the Executive Officer to produce all relevant or necessary documents or papers in his power or possession and otherwise render necessary assistance to the Revising Authority in the discharge of his duties.

19. On the date fixed for the hearing or on such other date to which the hearing may be adjourned, the Revising Authority shall hold a summary enquiry into the claims or objections preferred, and shall record his orders either allowing or disallowing the claims or objections. He shall also decide on any application or reference made by the Registering Authority for making corrections in the Preliminary Roll. For the purposes of the enquiry the Preliminary Roll as published shall be presumed to be correct and complete until the contrary has been proved.

20. The orders of the Revising Authority shall be communicated by him to the Registering Authority, who shall cause the roll to be amended in accordance therewith and shall endorse the same in token that this has been done.

Draft Notification.

In exercise of the power conferred by sub-sections (1) and (2) of section 30 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules for the conduct of elections of Councillors to be held under the said Act :—

Rules for the conduct of elections.

Definition.

1. In these rules, unless there is anything repugnant in the subject or context, "the Act" means the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), as amended by the Calcutta Municipal (No. II) Act, 1923 (Bengal Act XI of 1923).

Appointment of Returning Officers.

2. (1) The Executive Officer may appoint as many Returning Officers as he thinks fit, provided that there shall not be more than one Returning Officer for the same constituency, and provided also that no person shall be appointed as the Returning Officer of any constituency of which he is an elector.

(2) The Executive Officer may at any time, for reasons to be recorded in writing remove any Returning Officer appointed by him and appoint another in his place, and may also appoint a substitute to act as Returning Officer during any temporary disability of the Returning Officer.

Nominations.

3. The Local Government shall appoint—

- (a) a date, not later than the fourteenth day after the date of the notification issued under section 45, sub-section (4) of the Act, calling upon the constituencies to elect the requisite number of members for the nomination of candidates ;
- (b) a further date, not later than the seventh day after the first-mentioned date, for the scrutiny of nominations ; and
- (c) a further date, not less than 10 days from the date of scrutiny of nominations, on which a poll shall, if necessary, be taken ;

and the dates so appointed shall be notified in the constituencies in such manner as the Executive Officer thinks fit.

4. Nominations shall be made by means of a nomination paper in Form I annexed to these rules copies of which will be obtainable at the Central Municipal Office. Each candidate shall be nominated by a separate nomination paper.

5. On or before the date so appointed for the nomination of candidates, each candidate shall, either in person or by his proposer or by his seconder or by his election agent, between the hours of 12 o'clock in the forenoon and 5 o'clock in the afternoon, deliver to the Returning Officer or to such other person as may be authorised in this behalf a nomination paper completed in Form I annexed to these rules and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder whose names are registered on the Electoral Roll of the constituency :

Provided that a nomination paper signed by a duly authorised attorney on behalf of the candidate shall, for the purpose of this rule, be held to be signed by the candidate himself as assenting to his nomination.

6. Any person whose name is registered on the Electoral Roll of the constituency, and who is not subject to any disability as set forth in section 22 of the Act may, subscribe as proposer or seconder as many nomination papers as there are vacancies to be filled but no more.

7. Every nomination paper delivered under rule 5 shall be accompanied by a declaration in writing subscribed by the candidate in the manner laid down in section 27, sub-section (2) of the Act.

8. Any nomination paper which is not received before 5 o'clock in the afternoon on the date appointed by the Local Government for the nomination of candidates shall be rejected.

9. The Returning Officer or other person authorised shall, on receiving a nomination paper under rule 5, inform the person or persons delivering the same of the date, hour and place appointed for the scrutiny of nominations, and shall enter in the nomination paper its serial number and shall sign thereon a certificate stating the date on which and the hour at which the nomination paper has been delivered to him; and shall, as soon as may be thereafter, cause to be affixed in some conspicuous place in his office a notice of the nomination containing descriptions, similar to those contained in the nomination paper, both of the candidate and of the persons who have subscribed the nomination paper as proposer and seconder.

10. A proposer or a seconder once having signed a nomination paper shall not be allowed to withdraw.

11. The Executive Officer shall, on receiving a notice of withdrawal under section 27, sub-section (3) of the Act, as soon as may be, cause a notice of the withdrawal to be affixed in some conspicuous place in his office and in the office of the Returning Officer of the constituency in regard to which the withdrawal has taken place.

Scrutiny of nominations.

12. On the date appointed by the Local Government under rule 3 for the scrutiny of nominations, the candidates, their election agents, every proposer and every seconder of each candidate, and one other person duly authorised in writing by each candidate, but no other person, may attend at such time and place as the Executive Officer may appoint, and the Returning Officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been delivered within the time.

13. (1) The Returning Officer shall then examine the nomination papers and shall decide all objections which may be made to any nomination, and may, either on such objection or on his own motion, after such summary inquiry, if any, as he thinks necessary, refuse any nomination on any of the following grounds:—

- (i) that the candidate is ineligible for election in accordance with the provisions of the Act, or
- (ii) that the proposer or seconder is disqualified from subscribing the nomination paper in accordance with the provisions of the Act, or
- (iii) that there has been any failure to comply with any of the provisions of the Act or of these rules relating to the nomination of candidates, or any failure to comply with the provisions of the Act relating to the deposit to be made by candidates under section 27, sub-section (3) of the Act.
- (iv) that the candidate or the proposer or seconder is not identical with the person whose electoral number is given in the nomination paper as the number of such candidate, proposer or seconder, as the case may be, or
- (v) that the signature of the candidate or the proposer or seconder is not genuine.

(2) For the purposes of this rule—

- (a) an entry in the Electoral Roll of any constituency shall be conclusive evidence of the right of any elector named in that entry to stand for election or to subscribe a nomination paper, as the case may be, subject to the disqualifications referred to in section 22 of the Act,
- (b) where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled, those of the papers so subscribed which have been first received, up to the number of vacancies to be filled, shall be deemed to be valid.

(3) Nothing contained in clause (ii), clause (iii), clause (iv), or clause (v) of sub-rule (1) shall be deemed to authorise the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

14. (1) The Returning Officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(2) The scrutiny shall be completed on the day appointed in this behalf, and no adjournment of the proceedings shall be allowed.

15. (1) On completion of the scrutiny of nominations the Returning Officer shall forthwith prepare a list of valid nominations and cause it to be affixed in some conspicuous place in his office.

(2) In the case of uncontested returns the Returning Officer shall report the name or names of the candidate or candidates whom he declares to be elected to the Executive Officer, who shall cause the name or names of the candidate or candidates elected to be published in the *Calcutta Gazette*.

16. If the number of duly nominated candidates is greater than the number of vacancies the Returning Officer shall forthwith publish in the local newspapers, and in such other manner as the Executive Officer may prescribe, and in such places in the constituency as he may consider necessary, the names of the candidates as given in the nomination papers in alphabetical order.

17. (1) If a candidate by whom or on whose behalf the deposit referred to in section 27 sub-section (3) of the Act, has been made withdraws his candidature more than seven days before the date fixed for the election, or if the nomination of any such candidate is refused, the deposit shall be returned to the person by whom it was made; and, if any candidate dies before the commencement of the poll, any such deposit, if made by him, shall be returned to his legal representatives or, if not made by the candidate, shall be returned to the persons by whom it was made.

(2) The deposit made in respect of a candidate shall, if it is not forfeited, be returned to the candidate or to the person who has made the deposit on his behalf as soon as may be after the publication of the result of the election.

18. If a candidate who has been duly nominated dies after the date appointed for the scrutiny of nominations and before the date appointed for the taking of a poll, the Returning Officer shall, upon being satisfied of the fact of the death of the candidate, countermand the poll and report the fact to the Executive Officer, and all proceedings with reference to the election shall be commenced anew in all respects as if for a new election:

Provided that no fresh nomination or deposit shall be necessary in the case of a candidate who stood nominated at the time of the countermanding of the poll.

Polling.

19. The Executive Officer shall appoint the hour at which the poll shall commence and the hour at which it shall close on the date appointed by the Local Government for the poll. The hours so fixed shall be published by notification in the local newspapers, and in such other manner as the Executive Officer may direct.

20. (1) The Executive Officer shall select for each constituency as many polling stations as he thinks necessary and shall publish in such manner as he may prescribe a list showing the polling stations so selected and the polling areas for which they have respectively been selected.

(2) The Executive Officer shall appoint a presiding officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the presiding officer as he thinks necessary.

(3) The Executive Officer may make separate arrangements for the recording of votes by female electors.

21. (1) The presiding officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except—

(a) the polling officers, the candidates, their election agents and one agent of each candidate (hereinafter referred to as the polling agent) appointed in writing by the candidate, and authorized in this behalf by the Executive Officer,

(b) the police or other public servants on duty, and

(c) such other persons as the presiding officer may from time to time admit for the purpose of identifying electors.

(2) The presiding officer shall close the polling station at the hour appointed in that behalf by the Executive Officer under these rules so as to prevent the admission thereto of any elector after that hour, provided that all electors present at the polling station before it is so closed shall be entitled to have their votes recorded.

22. Each polling station shall be provided with such number of compartments as the Executive Officer thinks necessary, in order to enable electors to mark ballot papers as quickly as possible and screened from observation.

23. (1) The Executive Officer shall provide at each polling station materials sufficient for the purpose of enabling electors to mark the ballot papers, instruments for stamping the official mark on such papers, as many ballot boxes as may be necessary, and copies of the electoral roll or of such part thereof as contains the names of the electors entitled to vote at such station.

(2) The official mark shall be kept secret.

24. Every ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, immediately before the commencement of the poll, shall show the ballot box empty to such persons as may be present in such station, so that they may see that it is empty, and shall then lock it up and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers and keep it so locked and sealed.

25. Before commencing the recording of votes, the presiding officer shall read to such persons as may be present the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, and shall explain the substance thereof in Bengali and in such other vernacular (if any) as to the presiding officer may appear to be necessary.

26. Immediately before a ballot paper is delivered to an elector, it shall be marked on the back with the official mark, and the number, name and address of the elector as stated in the electoral roll shall be called out, and the number of the elector shall be entered on the counterfoil, and a mark shall be placed in a copy of the electoral roll

against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received. The counterfoil shall bear the name of the constituency and the name or distinctive number of the polling station shall be entered thereon by either the presiding officer or the polling officer.

27. The elector, on receiving the ballot paper, shall forthwith proceed to one of the screened compartments in the polling station set apart for marking ballot papers by electors, and there make a mark on the ballot paper against the name of the candidate or candidates for whom he intends to vote in accordance with the orders set out on the counterfoil paper, and fold it up so as to conceal his vote, and shall put his ballot paper, so folded up, into the ballot box. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

28. If the elector, owing to illiteracy or physical or other disability, is unable to read a ballot paper or to make a mark thereon, the presiding officer or polling officer shall mark the vote in the ballot paper according to the direction of the elector. The elector shall then himself, or with the assistance of the presiding officer, put the ballot paper folded up into the ballot box.

29. At any time before a ballot paper is delivered to an elector, the presiding officer or polling officer may, of his own accord, if he has reason to doubt the identity of the elector or his right to vote at such station, and shall, if so required by a candidate or his election agent or polling agent, put to the elector the following questions:—

- (1) Are you the person enrolled as follows (reading the whole entry from the roll)? and,
- (2) Have you already voted at the present election in this constituency as such voter?

and the elector shall not be supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative and the second question in the negative.

30. The ballot paper shall be in Form II annexed to these rules and shall contain the names of the candidates arranged alphabetically in the order of their surnames in English. The names may be printed in such vernaculars as the Executive Officer thinks fit having regard to each constituency. The ballot papers shall be serially numbered, the serial number being printed on the face of the counterfoil and on the back of the ballot paper.

31. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the presiding officer may ask, be entitled to mark a ballot paper in the same manner as any other elector. Such ballot paper (hereinafter referred to as a "tendered ballot paper") shall be of a colour different from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the elector and his number on the electoral roll and the name of the electoral area to which the roll relates and shall be set aside in a separate packet and shall not be counted by the Returning Officer. The name of the elector and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered in a list in Form III annexed to these rules, which shall bear the heading "Tendered votes list." The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

32. If any polling agent declares in writing and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the presiding officer may require such person to enter in the list of challenged votes (which shall be in Form IV annexed to these rules) his name and address, or if he is unable to write, to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner provided in rule 29 answers the first question in the affirmative and the other question in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The presiding officer shall make a note of the circumstances, and of his decision on the list of challenged votes.

33. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the presiding officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall, together with its counterfoil, be marked as cancelled.

34. A presiding officer, polling officer, election agent or polling agent who is on duty at a polling station at which he is not entitled to vote shall, if he is certified by the Returning Officer of the constituency in which he is entitled to vote, to be entitled to vote at the election for the constituency in connection with which he is employed or for any other constituency, be allowed to record his vote at that polling station. For this purpose he may use one of the ballot papers at such polling station, and he shall enter in the counterfoil of the ballot paper the name of the polling station, etc.

35. Such ballot paper shall be placed in an envelope and sealed by the presiding officer and returned with the certificate referred to in rule 34 to the Returning Officer who has granted the same, and such Returning Officer shall cause such vote to be included among the other votes given for the candidate designated by the elector.

36. The presiding officer of each polling station, as soon as practicable after the close of the poll, shall, in the presence of any candidates or polling agents who may be present, make up into separate parcels and seal with his own seal and the seal of such candidates or agents as may desire to affix their seal,—

- (1) each ballot box in use at each station unopened but with the key attached ;
- (2) the unused ballot papers ;
- (3) the tendered ballot papers ;
- (4) the spoilt ballot papers ;
- (5) the marked copy of the electoral roll ;
- (6) the counterfoils of the ballot papers ;
- (7) the tendered votes list ; and
- (8) the list of challenged votes ;

and shall deliver such packets to the Returning Officer.

37. The packets shall be accompanied by a statement in Form V annexed to these rules made by the presiding officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers in the ballot box, unused, spoilt, and tendered ballot papers, and ballot papers dealt with under the rules.

Scrutiny of votes.

38. The Executive Officer shall appoint a date, time and place for the *counting of votes* and shall give notice in writing thereof to all candidates and election agents. Such date must not be later than a week after the polling day.

39. (1) No person shall be allowed to be present at the *counting of the votes* except the Returning Officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under section 29, sub-section (5) of the Act.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

40. On the day and at the time appointed under rule 38 the Returning Officer shall, before he commences to count the votes, read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present and shall then proceed as follows :—

- (a) The ballot box or boxes relating to each polling station shall be opened one after another, and the Returning Officer shall take out the papers therefrom, count them or cause them to be counted, and record the number thereof in a statement. Such statement shall not be shown to any candidate or agent.
- (b) The Returning Officer shall then mix together all the ballot papers so taken out from the ballot boxes and distribute them in convenient bundles to the persons appointed to assist in counting the votes.
- (c) When the ballot papers have been so distributed, but not before, the Returning Officer shall allow the candidates and their agents reasonable opportunity to inspect, without handling the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "Rejected." If any candidate or agent present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection. No candidate or agent shall be allowed to see the serial number on the back of any ballot paper.
- (d) The Returning Officer shall, as far as practicable, proceed continuously with the counting of the votes ; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates or agents as may desire to affix them and shall cause adequate precautions to be taken for their safe custody.

41. (1) A ballot paper shall be rejected if—

- (a) it has not on its back the official mark,
- (b) the number of votes recorded thereon exceeds the number of vacancies to be filled,
- (c) no vote is recorded thereon,
- (d) it is void for uncertainty,
- (e) it bears any mark by which the elector can be identified.

(2) The decision of the Returning Officer as to the validity of a ballot paper shall be final, subject only to reversal by the orders of a Court of competent jurisdiction.

42. The Returning Officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer under the instructions by comparing it with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then re-close and re-seal each packet which has been opened by him, and shall record on each packet a description of its contents and the date of the election to which it refers.

43. The Returning Officer shall then prepare and certify a return setting forth—

- (1) the result of the verification referred to in the rule,
- (2) the names of the candidates for whom valid votes have been given,
- (3) the number of valid votes given for each candidate,
- (4) the name of the candidate elected,
- (5) the number of votes declared invalid, and
- (6) the number of tendered votes given,

and shall permit any candidate or any representative duly authorised under the rules to take a copy of or an extract from such return.

44. The Returning Officer shall, after reporting the result of the election, forward the return and all the packets relating to the election in his possession to the Executive Officer.

45. While in the custody of the Executive Officer the packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof, shall not be opened and their contents shall not be inspected or produced except under the order of a Court of competent jurisdiction but all other documents relating to the election shall be open to public inspection subject to such conditions as the Executive Officer may impose.

46. The packets aforesaid shall be retained for a period of one year and shall thereafter be destroyed subject to any direction to the contrary made by the Executive Officer or by a Court of competent jurisdiction.
